## **The Hireling:**

**The Hireling and Slave** William John Grayson, 1854      **The Hireling's Tale** Jo Bannister, 1999-12-13 When a young woman is found dead at the bottom of a boat in the Castlemere Canal completely naked and full of crack cocaine the inhabitants of the dockside town are shocked How could such a thing happen in Castlemere The town's trio of police detectives Frank Shapiro Liz Graham and Cal Donovan are concerned with answering a more basic set of questions Who is this woman How did she get on that boat Why The detectives quickly determine that she was thrown off the roof of a local hotel where an international business convention was being held complicating the list of suspects Suddenly the deaths of a sheep from a local farm and of a homeless man throw the case off course someone in Castlemere is using live objects for target practice Shapiro finds out firsthand that there is a professional killer on the loose leaving Graham and Donovan to try and piece this puzzling case together alone When a panicky phone call from a friend of the dead woman offers to shed light on these bizarre events Liz sends Donovan to fetch her It should take only a few hours but even that may be too long      A Free-gift to the Clergy, Or, The Hireling Priests of what Denomination Soever, Challeng'd to a Disputation on this Question Thomas Woolston, 1722      *A Free Gift to the Clergy: Or, the Hireling Priests of what Denomination Soever, Challeng'd to a Disputation on this Question: Whether the Hireling Preachers of this Age, who are All Ministers of the Letter, be Not Worshippers of the Apocalyptical Beast, and Ministers of Antichrist? Very Fit to be Debated in These Latter Times of the Apostacy ...* By Thomas Woolston .. Thomas Woolston, 1722      *My First Church* Michael L. Randle, 2022-12-07 Serving the local church as senior pastor is not a small undertaking Regardless of your education or the years of experience you may have the job is still tough to manage The senior pastor of the local church is one person no matter how large the staff he or she may supervise Rarely is there a person that can walk into their first time pastoral experience and hit a home run at first bat Often the opposite is true First time pastors make plenty of their own mistakes Often they haven't learned how to handle some of the emotional baggage that comes along with their newly assumed pastoral role Pastor Randle examines his own pastoral experience at his first church to demonstrate how a minister can learn from the principles presented in this book potentially avoiding the bumps and bruises of ministry Read this book whether you are serving as a pastor for the first time or not Your ministry will be blessed      The Hireling Leslie Poles Hartley, 1958      *The Layman's Legacy, Or Twenty-five Sermons on Important Subjects* Henry Fitz, 1839      **Critical White Studies** Richard Delgado, Jean Stefancic, 1997 No longer content with accepting whiteness as the norm critical scholars have turned their attention to whiteness itself In Critical White Studies Looking Behind the Mirror numerous thinkers including Toni Morrison Eric Foner Peggy McIntosh Andrew Hacker Ruth Frankenberg John Howard Griffin David Roediger Kathleen Heal Cleaver Noel Ignatiev Cherrie Moraga and Reginald Horsman attack such questions as How was whiteness invented and why How has the category whiteness changed over time Why did some immigrant groups such as the Irish and Jews start out as nonwhite and later became white Can some

individual people be both white and nonwhite at different times and what does it mean to pass for white At what point does pride in being white cross the line into white power or white supremacy What can whites concerned over racial inequity or white privilege do about it Science and pseudoscience are presented side by side to demonstrate how our views on whiteness often reflect preconception not fact For example most scientists hold that race is not a valid scientific category genetic differences between races are insignificant compared to those within them Yet the one drop rule whereby those with any nonwhite heritage are classified as nonwhite persists even today As the bell curve controversy shows race concepts die hard especially when power and prestige lie behind them A sweeping portrait of the emerging field of whiteness studies Critical White Studies presents for the first time the best work from sociology law history cultural studies and literature Delgado and Stefancic expressly offer critical white studies as the next step in critical race theory In focusing on whiteness not only do they ask nonwhites to investigate more closely for what it means for others to be white but also they invite whites to examine themselves more searchingly and to look behind the mirror

Korolenko in the unusual form of a spooky story      **Kierkegaard's Journals and Notebooks, Volume 11, Part 2** Søren Kierkegaard, 2020-05-05 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought, psychology and contemporary aesthetics especially literary theory. Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings. But Kierkegaard left behind nearly as much unpublished writing, most of which consists of what are called his journals and notebooks. Kierkegaard has long been recognized as one of history's great journal keepers, but only rather small portions of his journals and notebooks are what we usually understand by the term diaries. By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects: philosophical, religious, political, personal. Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought. We can witness the genesis of his published works to be sure, but we can also see whole galaxies of concepts, new insights and fragments, large and small, of partially or almost entirely completed but unpublished works. Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself. Kierkegaard wrote his journals in a two-column format: one for his initial entries and the second for the extensive marginal comments that he added later. This edition of the journals reproduces this format, includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced. Volume 11, Parts 1 and 2 present an exciting, enlightening and enormously varied treasure trove of papers that were found carefully sorted and stored by Kierkegaard himself in his apartment after his death. These papers, many of which have never before been published in English, provide a window into many different aspects of Kierkegaard's life and creativity. Volume 11, Part 2 includes writings from the period between 1843, the year in which he published his breakthrough *Either/Or*, and late September 1855, a few weeks before his death, when he recorded his final reflections on Christendom. Among the highlights are Kierkegaard's famous description of the Great Earthquake that shaped his life, his early reflections on becoming an author, his important though never delivered lectures on *The Dialectic of Ethical and Religious Communication*, and his final incandescent assault on the tendency, new in his time, to harness Christianity in support of a specific social and political order.
