The Historical Nights' Entertainment First Series Rafael Sabatini, 2018-08-14

The Historical Nights Entertainment First Series by Rafael Sabatini In approaching The Historical Nights Entertainment I set myself the task of reconstructing in the fullest possible detail and with all the colour available from surviving records a group of more or less famous events I would select for my purpose those which were in themselves bizarre and resulting from the interplay of human passions and whilst relating each of these events in the form of a story I would compel that story scrupulously to follow the actual recorded facts without owing anything to fiction and I would draw upon my imagination if at all merely as one might employ colour to fill in the outlines which history leaves grey taking care that my colour should be as true to nature as possible For dialogue I would depend upon such scraps of actual speech as were chronicled in each case amplifying it by translating into terms of speech the paraphrases of contemporary chroniclers Such was the task I set myself I am aware that it has been attempted once or twice already beginning perhaps with the Crimes Celebres of Alexandre Dumas I am not aware that the attempt has ever succeeded This is not to say that I claim success in the essays that follow How nearly I may have approached success judged by the standard I had set myself how far I may have fallen short my readers will discern I am conscious however of having in the main dutifully resisted the temptation to take the easier road to break away from restricting fact for the sake of achieving a more intriguing narrative In one instance however I have quite deliberately failed and in some others I have permitted myself certain speculations to resolve mysteries of which no explanation has been discovered Of these it is necessary that I should make a full confession My deliberate failure is The Night of Nuptials I discovered an allusion to the case of Charles the Bold and Sapphira Danvelt in Macaulay's History of England quoted from an old number of the Spectator whilst I was working upon the case of Lady Alice Lisle There a similar episode is mentioned as being related of Colonel Kirke but discredited because known for a story that has a trick of springing up to attach itself to unscrupulous captains I set out to

track it to its source and having found its first appearance to be in connection with Charles the Bold's German captain Rhynsault I attempted to reconstruct the event as it might have happened setting it at least in surroundings of solid fact We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience
