Tenney, 1971 *Pressing the Police and Policing the Press* Scott Memmel, 2024-06-28 In the second half of 2020 and continuing into 2021 protests against racial injustice spread across the United States after the death of George Floyd while in the custody of Minneapolis Police Department officers Members of the press covered these demonstrations documenting what transpired and conveying the important messages involved In so doing the news media held law enforcement accountable through critical reporting on the actions of the police with police officers responding in part by intimidating journalists in the field using force and arrest this in the name of keeping the peace and protecting the public from further harm What transpired during this troubled time cast a bright light on the contemporary relationship between the press and police in the United States The relationship between these two fundamental institutions is however a long and complicated one dating back to colonial British North America In the mid 19th century 1830s 1850s both the press and the police began to take their modern forms and since then have continued to develop routinely interacting with each other as journalists and police officers often found themselves responding to the same crimes and events At times members of both institutions managed to co exist or even cooperate and made efforts to help one another while at other times they butted heads to the point of conflict the professional boundaries between journalists and police officers seemingly blurred As both the press and

the police have fallen under deep scrutiny in more modern times the present moment marks what is perhaps an opportune time to focus on the political economic social and technological problems they face In *Pressing the Police and Policing the Press* Scott Memmel offers the first book length study of the history and legal landscape of the press police relationship Each chapter focuses on interactions between the press and the police during a particular era introducing relevant societal context and how both institutions evolved and responded to that context Memmel concludes his study with recommendations on how going forward the press and the police might work together to tackle some of the similar issues they face and better serve the public
