The Ornament of Histories: A History of the Eastern Islamic Lands AD 650-1041 C. Edmund Bosworth,2011-02-28 Abu Sa'id Abd al Hayy Gardizi was a Persian author and historian living in the mid eleventh century at the height of the Turkish Ghazvanid dynasty His only known work The Ornament of Histories Zayn al akhbar is a hugely ambitious history of the Eastern Islamic lands 650 1041 AD spanning what is now Eastern Iran Afghanistan and parts of the Central Asian Republics and Indo Pakistan subcontinent Gardizi's text is an extremely rare source of primary information about the rise of Islamic faith culture and military dominance in these regions and represents a significant contribution to our understanding of the early Islamic world Covering the four centuries from the first Arab conquests to his own time Gardizi's work is a prime source for some episodes the sole one for the history of these lands at this time Thus it is the sole source for events at the end of Sultan Mas'ud's reign when the Sultan was killed in an army coup having just lost the whole of the empire's Persian provinces to the incoming Seljuq Turks and it was the Seljuqs who were now to dominate the central and eastern Islamic lands for a century and a half almost till the invasion of the Mongols Writing on the far eastern fringes of what was then the Eastern Islamic world in what is now Afghanistan Gardizi also included important ethnological information on the Turkish tribes of Inner Eurasia and on the religions and philosophies of the Indians But his prime interest was clearly the Islamic history of his own lands the eastern Iranian world and its Central Asian and Indian fringes and here he provides a detailed narrative This book provides the first translation into a Western language of this history of the formative period of the Eastern Islamic world and gives an explanatory commentary detailing the historical geographical and cultural context and well as the events and colourful characters mentioned in it

The History of Al-Tabarī Muḥammad Ibn-Ġarīr at-Ṭabarī,1990

Islam in Historical Perspective Alexander Knysh,2024-09-30 Islam in Historical Perspective is a general introduction to Islam and the history of Muslim societies Richly illustrated by quotations and images from Muslim scripture historical chronicles artistic works and theological and juridical treatises it

invites the reader to examine this evidence and to form a comprehensive understanding of Islam's evolution from its inception in Arabia to the present day. Combining chronological and thematic principles, this book examines Muslims' political and intellectual struggles over the meaning and practical implications of their faith. Treating Islam as a language that various factions and generations of Muslims have used to express their grievances, aspirations, and personal experiences and preferences, the book shows the religion's remarkable potency as a social, political, and cultural force and source of identity. It also describes and analyses Muslim devotional practices, emotional responses to the revelation, artistic and intellectual creativity, and patterns of everyday existence. The goal of this book is to help the reader to develop personal empathy for the subject by showing the relevance of the dilemmas faced by Muslims in different epochs and geographical locations to the burning issues of today's world. A thorough analysis of pivotal events, trends, and personalities of Islamic history is accompanied by witness accounts showing how they were perceived by Muslims themselves. This new edition features a thoroughly revised text, updated bibliography, new illustrations, study questions, and chapter summaries, and is an outstanding resource for students of Islam and Muslim civilization.

Views from the Edge Neguin Yavari, Lawrence G. Potter, Jean-Marc Ran Oppenheim, 2004-11-24. These essays were written by colleagues and former students of Richard Bulliet, the preeminent Middle East scholar whose most important contribution remains his extraordinary imagination in the service of history. The hallmark of the book then is innovative scholarship in all periods of Islamic history. Its authors share a commitment to asking original historiographical questions with an overall orientation toward issues in social history.

Journal of South Asian and Middle Eastern Studies, 1995. The Decline of Iranshahr Peter Christensen, 2015-12-18. The history of the Middle East is traditionally structured around the rise and fall of dynasties and states. The widely perceived view is that after the glories of an earlier golden age, the region went into a steady and prolonged decline; populations decreased, ancient cities decayed, and nomadism spread at the expense of civilized culture. In this pioneering text, Peter Christensen challenges this story of decline. Long out of print but now reissued with a new introduction by the author, this important work is both a foundational text in the environmental history of the Middle East and a pioneering reassessment of traditional ideas about the historical processes of Iran and the Middle East region.

The Power of Art Caroline Campbell, 2024-01-02. An epic work of art history that will transform our understanding of the world by unlocking the human stories behind millennia of art. Taking readers from ancient Babylon to contemporary Pyongyang, the eminent curator Caroline Campbell explains art's power to illuminate our lives and inspires us to benefit from its transformative and regenerative power. Unlike the majority of contemporary art history, this book is about much more than the cult of artists' personalities. Instead, each chapter is structured around a city at a particularly vibrant moment in its history, describing what propelled its creativity and innovation. The emotions and societies she evokes are highly recognizable, revealing how great art resonates powerfully by transcending the boundaries of time.

The Meaning of Mecca M. E. McMillam, 2011-12-05. The hajj, the fifth pillar of Islam, is a religious

duty to be performed once in a lifetime by all Muslims who are able The Prophet Muhammad set out the rituals of hajj when he led what became known as the Farewell Hajj in 10 AH 632AD This set the seal on Muhammad s career as the founder of a religion and the leader of a political entity based on that religion The convergence of the Prophet with the politician infuses the hajj with political as well as religious significance For the caliphs who led the Islamic community after Muhammad s death leadership of the hajj became a position of enormous political relevance as it presented them with an unrivalled opportunity to proclaim their pious credentials and reinforce their political legitimacy Exhaustively researched The Meaning of Mecca is the first study to analyse the leadership of the hajj in the formative and medieval periods and to assess the political subtext of Islam s most high profile religious ritual

The Waning of the Umayyad Caliphate Aṭ-Ṭabarī,1989

The years 738 745 121 127 which this volume covers saw the outbreak in Syria of savage internecine struggles between prominent members of the Umayyad family which had ruled the Islamic world since 661 41 After the death of the caliph Hisham in 743 125 the process of decay at the center of the Umayyad power the ruling family itself was swift and devastating Three Umayyad caliphs al Walid II Yazid III and Ibrahim followed Hisham within little more than a year and the subsequent intervention of their distant cousin Marwan b Muhammad the future Marwan II could not arrest the forces of opposition that were shortly to culminate in the Abbasid Revolution of 750 132 In this volume al Tabari deals extensively with the end of Hisham s reign providing a rich store of anecdotes on this most able of Umayyad caliphs He also covers in depth the notorious lifestyle of al Walid II the libertine prince and poet whose career has attracted much scholarly attention in recent years

Iran Revisited Ali Pirzadeh,2016-04-20 This book examines Modern Iran through an interdisciplinary analysis of its cultural norms history and institutional environment The goal is to underline strengths and weaknesses of Iranian society as a whole and to illustrate less prescriptive explanations for the way Iran is seen through a lens of persistent collective conduct rather than erratic historical occurrences Throughout its history Iran has been subject to many studies all of which have diagnosed the country s problem and prescribed solutions based on certain theoretical grounds This book intends to look inward seeking cultural explanations for Iran s perpetual inability to improve its society The theme in this book is based on the eloquent words of Nasir Khusrau a great Iranian poet az mast ki bar mast The words are from a poem describing a self adoring eagle that sees its life abruptly ended by an arrow winged with its own feathers the bird is doomed by its own vanity The closest interpretation of this idiom in Western Christian culture is you reap what you sow which conveys a similar message that underlines one s responsibility in the sense that sooner or later we must face the choices we make This would enable us to confront and live up to what Iran s history and culture have taught us

Black Banners of ISIS David J. Wasserstein,2017-08-22 A medieval Islam historian s incisive portrait of ISIS revealing the group s deep ideological and intellectual roots in the earliest days of Islam With tremendous speed the Islamic State has moved from the margins to the center of life in the Middle East Despite recent

setbacks its ability to conquer and retain huge swaths of territory has demonstrated its skillful tactical maneuvering ambition and staying power Yet we still know too little about ISIS particularly about its deeper ideology In this eye opening book David J Wasserstein offers a penetrating analysis of the movement looking closely at the thousand year old form of Islamic apocalyptic messianism the group draws upon today He shows how ISIS is not only a military and political movement but also and primarily a religious one with a coherent worldview a patent strategy and a clear goal the re creation of a medieval caliphate Connecting the group s day to day activities and the writings and sayings of its leaders with the medieval Islamic past Wasserstein provides an insightful and unprecedented perspective on the origins and aspirations of the Islamic State

The ISIS Apocalypse William McCants, 2024-03-26 Based almost entirely on primary sources in Arabic including ancient religious texts and secret al Qaeda and Islamic State letters that few have seen William McCants s *The ISIS Apocalypse* explores how religious fervor strategic calculation and doomsday prophecy shaped the Islamic State s past and foreshadow its dark future The Islamic State is one of the most lethal and successful jihadist groups in modern history surpassing even al Qaeda Thousands of its followers have marched across Syria and Iraq subjugating millions enslaving women beheading captives and daring anyone to stop them Thousands more have spread terror beyond the Middle East under the Islamic State s black flag How did the Islamic State attract so many followers and conquer so much land By being more ruthless more apocalyptic and more devoted to state building than its competitors The shrewd leaders of the Islamic State combined two of the most powerful yet contradictory ideas in Islam the return of the Islamic Empire and the end of the world into a mission and a message that shapes its strategy and inspires its army of zealous fighters They have defied conventional thinking about how to wage wars and win recruits Even if the Islamic State is defeated jihadist terrorism will never be the same *Decline and Fall of the Sasanian Empire* Parvaneh Pourshariati, 2017-03-30 I B Tauris in association with the Iran Heritage Foundation *Decline and Fall of the Sasanian Empire* has been acclaimed as one of the most intellectually exciting books about late antique Persia to have been published for years It proposes a convincing contemporary answer to an age old mystery and conundrum why in the seventh century ce did the seemingly powerful and secure Sasanian empire of Persia succumb so quickly and disastrously to the all conquering armies of Islam In her bold solution to this enigma Parvaneh Pourshariati explains that the decentralized dynastic system of the Sasanian ruling hierarchy in fact contained the seeds of its own destruction This confederacy whose powerbase relied on patronage and preferment eventually became unstable and its degeneration sealed the fate of a doomed dynasty
