The Hollow Grounds:

The Hollow Ground Natalie S. Harnett, 2014-05-13 We walk on fire or air so Daddy liked to say Basement floors too hot to touch Steaming green lawns in the dead of winter Sinkholes quick and sudden plunging open at your feet The underground mine fires ravaging Pennsylvania coal country have forced eleven year old Brigid Howley and her family to seek refuge with her estranged grandparents the formidable Gram and the black lung stricken Gramp Tragedy is no stranger to the Howleys a proud Irish American clan who takes strange pleasure in the curse laid upon them generations earlier by a priest who ran afoul of the Molly Maguires The weight of this legacy rests heavily on a new generation when Brigid already struggling to keep her family together makes a grisly discovery in a long abandoned bootleg mine shaft In the aftermath decades old secrets threaten to prove just as dangerous to the Howleys as the burning hollow ground beneath their feet Inspired by real life events in Centralia and Carbondale where devastating coal mine fires irrevocably changed the lives of residents *The Hollow Ground* is an extraordinary debut with an atmospheric voice driven narrative and an indelible sense of place Lovers of literary fiction will find in Harnett's young determined protagonist a character as heartbreakingly captivating as any in contemporary literature

The Hollow Grounds Luc Schuiten, 2001-01-01 Six short stories that each showcase a different style of Schuiten's amazing work Joined together by visitations from strange winged creatures each tale in this volume centers around the effects of desire on man

The Symphony of Roots Madeline Cortez, 2024-12-04 The Whisperwood is dying Its emerald leaves fall like withered tears the air thick with the stench of decay A dissonant melody the Symphony of Roots whispers on the poisoned wind a dirge for a world on the brink of collapse At the heart of this decay lies a chilling truth humanity's reckless pursuit of forgotten technology has poisoned the very source of life Lyra Vance a young bard whose music resonates with the soul of the Whisperwood feels the World Tree's agony as a shard in her own heart Tasked by the Elderwood Council with a perilous pilgrimage into the blighted Hollow Grounds she must uncover the source of the encroaching darkness Her reluctant companion is Jeffrey Chandler a seasoned ranger haunted by the death of his sister and skeptical of Lyra's mystical connection to the dying forest Their journey is further complicated by Elizabeth Thomas a brilliant botanist whose grief has warped into a desperate potentially destructive obsession As they venture deeper into the Hollow Grounds they face not only grotesque creatures twisted by the blight but also the unraveling of their own fragile alliances Jeffrey's pragmatism clashes with Lyra's faith while Elizabeth's scientific fervor threatens to alienate them both Whispers of a malevolent presence the Nightshade grow stronger feeding on the World Tree's anguish But the most immediate danger lies not in monstrous forms but in the secrets and betrayals that fester within their own ranks Lyra's connection to the roots unveils a forgotten history a time of symbiotic harmony between humans and nature shattered by a lust for power She discovers the Sunstone Amplifier is not the source of the corruption but a desperate attempt to contain a far deeper betrayal within the Council itself This revelation forces Lyra to question everything she believes forging an

unlikely alliance with the grieving ranger as they confront a truth far more sinister than they could have imagined With the fate of the Whisperwood hanging in the balance Lyra must find a way to heal the ancient pact and silence the Symphony of Roots before its final devastating note is played Can she restore balance to a dying world or will the whispers of the forest fade into an eternal silence
