Poles and Jews Jennifer Stark-Blumenthal,2024-10-15 Nationalism s global resurgence has upended societies With the rise of the Polish nationalist Law and Justice PiS party and American Jewry s swift reaction to its law punishing people who allege Polish complicity in Holocaust crimes both sides have revived old stereotypes Stark Blumenthal argues that American Jews disgust with Polish

nationalism ought to be checked by America's centuries old embrace of white supremacy Poles and Jews A Call for Myth Reconstruction confronts both the anti Polonism deeply embedded in the American Jewish community and Poland's enduring relationship with antisemitism Armed with two decades of research and in depth interviews with scholars community leaders and laity in Poland and the U S Stark Blumenthal dispels myths and considers new approaches to this relationship Lost Intimacies William J. Spurlin,2009 Lost Intimacies Rethinking Homosexuality under National Socialism uses queer theory as a hermeneutic tool with which to read against the grain of heterotextual narratives of the Holocaust and as a way of locating alternative pathways of meaning in dominant Holocaust research Specifically addressing the racialization of sexuality the book asks how the politics of sexuality can be more explicitly and systematically theorized along with state sanctioned homophobia under Nazism with a clear recognition that homophobia seldom operated alone but worked in conjunction with other axes of power including race gender eugenics and population politics In theorizing gender and sexuality as entangled axes of analysis the book allows the specificity of lesbian difference to emerge and challenges the received wisdom that lesbians were not as systematically persecuted under National Socialism William J Spurlin questions the wisdom of received scholarship that reduces Nazi fascism to latent homosexuality and examines the possible implications of Nazi homophobia and its imbrication with other deployments of power for the study of contemporary culture where the homophobic impulse continues to reverberate thereby challenging understandings of history steeped in notions of progressive modernity

Responses to 7 October: Antisemitic Discourse Rosa Freedman, David Hirsh, 2024-05-29 One of three volumes responding to the 7 October attack Antisemitic Discourse focuses on the ideology that motivated it and the antisemitism that shaped many responses to it It examines the provenance of the Jew hatred from English history to Palestinian Islamism from toxic 19th century Jewish

Question rhetoric to the perversion of the Trotskyist tradition that allowed parts of the left to embrace antisemitism It includes Howard Jacobson s lecture of 22 October on antisemitism and it focuses on what was significant about this attack There is discussion from Britain Germany Poland and Norway and a linguistic account of responses This work will appeal to scholars students and activists with an interest in antisemitism Jewish studies and the politics of Israel **Poland and the Holocaust in the Polish-American Press, 1926-1945** Magdalena Kubow,2020-07-10 Contrary to the common notion that news regarding the unfolding Holocaust was unavailable or unreliable news from Europe was often communicated to North American Poles through the Polish language press This work engages with the origins debate and demonstrates that the Polish language press covered seminal issues during the interwar years the war and the Holocaust extensively on their front and main story pages and were extremely responsive professional and vocal in their journalism From Polish Jewish relations to the cause of the Second World War and subsequently the development of genocide related policy North American Poles had a different perspective from mainstream society on the causes and effects of what was happening New research for this book examines attitudes toward Jews prior to and during the Holocaust and how information on such attitudes was disseminated It utilizes selected Polish newspapers of the period 1926 1945 predominantly the *Republika Gornik* as well as survivor testimony *Between Nazis and Soviets* Marek Jan Chodakiewicz,2004-01-01 Between 1939 and 1947 the county of Jan w Lubelski an agricultural area in central Poland experienced successive occupations by Nazi Germany 1939 1944 and the Soviet Union 1944 1947 During each period the population including the Polish majority and the Jewish Ukrainian and German minorities reacted with a combination of accommodation collaboration and resistance In this remarkably detailed and revealing study Marek Jan Chodakiewicz analyzes and describes the responses of the inhabitants of occupied Jan w to the policies of the ruling powers He provides a highly useful typology of response to occupation defining collaboration as an active relationship with the occupiers for reasons of self interest and to the detriment of one s neighbors resistance as passive and active opposition and accommodation as compliance falling between the two extremes He focuses on the ways in which these reactions influenced relations between individuals between social classes and between ethnic groups Casting new light on social dynamics within occupied Poland during and after World War II *Between Nazis and Soviets* yields valuable insight for scholars of conflict studies **Hitler, the War, and the Pope, Revised and Expanded** Ronald Rychlak,2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler s pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church

Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O Connor 1920 2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute *Compensation in Practice* Constantin Goschler,2017-09-01 Founded in 2000 the German Foundation Remembrance Responsibility and Future is one of the largest transitional justice initiatives in history in cooperation with its international partner organizations it has to date paid over 4 billion euros to nearly 1 7 million survivors of forced labour during the Nazi Era This volume provides an unparalleled look at the Foundation s creation operations and prospects after nearly two decades of existence with valuable insights not just for historians but for a range of scholars professionals and others involved in human rights and reconciliation efforts *Congressional Record* United States.
