**Spiritual Franciscans** David Burr, 2010-11-01 When Saint Francis of Assisi died in 1226 he left behind an order already struggling to maintain its identity As the Church called upon Franciscans to be bishops professors and inquisitors their style of life began to change Some in the order lamented this change and insisted on observing the strict poverty practiced by Francis himself Others were more open to compromise Over time this division evolved into a genuine rift as those who argued for strict poverty were marginalized within the order In this book David Burr offers the first comprehensive history of the so called Spiritual Franciscans a protest movement within the Franciscan order Burr shows that the movement existed more or less as a loyal opposition in the late thirteenth century but by 1318 Pope John XXII and leaders of the order and combined to force it beyond the boundaries of legitimacy At that point the loyal opposition turned into a heretical movement and recalcitrant friars were sent to the stake

**Franciscan Books and their Readers** René Hernández, 2025-10-01 Franciscan Books and their Readers explores the manuscripts written read and studied by Franciscan friars from the thirteenth to the fifteenth centuries in northern Italy and specifically Padua assessing four key aspects ideal space form and readership The ideal is studied through the regulations that determined what manuscripts should aim for Space refers to the development and role of Franciscan libraries The form is revealed by the assessment of the physical configuration of a set of representative manuscripts read written and manufactured by the friars

Finally the study of the readership shows how Franciscans were skilled readers who employed certain forms of the manuscript as a portable personal library and as a tool for learning and pastoral care By comparing the book collections of Padua s reformed and unreformed medieval Franciscan libraries for the first time this study reveals new features of the ground breaking cultural agency of medieval friars

History of the Church, from Its First Establishment to Our Own Times Jodocus Adolph Birkhaeuser, 1888     The Holy Bureaucrat Adam Jeffrey Davis, 2006 In a book that offers a fresh perspective on the complex relationship between thirteenth century institutional power and evangelical devotion Adam J Davis explores the fascinating career of Eudes Rigaud the Franciscan theologian at the University of Paris and archbishop of Rouen Eudes s Register a daybook that he kept for twenty one years paints a vivid picture of ecclesiastical life in thirteenth century Normandy It records the archbishop s visits to monasteries convents hospitals and country parishes where he sought to correct a wide range of problems from clerics who were unchaste who gambled and who got drunk to monasteries that were financially mismanaged and priests who did not know how to conjugate simple Latin verbs Davis describes the collision between the world as it was and as Eudes Rigaud wished it to be as well as the mechanisms that the archbishop used in trying to transform the world he found The Holy Bureaucrat also reconstructs the multifaceted man behind the Register reuniting Eudes Rigaud the intellectual Franciscan preacher church reformer judge financial manager and trusted councillor to King Louis IX The book traces the growth of a complex bureaucracy in Normandy that insisted on discipline and accountability and relied on new kinds of written administrative records The result is an absorbing study of the interplay between religious values and practices institutions and individuals during the age of Saint Louis     *Luther as Heretic* M.
