*A Documented Narrative*

by

WILLIAM STARR MYERS

*Professor of Politics at Princeton University*

and

WALTER H. NEWTON

*Member of Congress 1919-29; Secretary to the President 1929-33*

The complete, fully documented, and authoritative story of Herbert Hoover's four years in Washington: the history of political and economic events in the United States from 1929 to 1933 as seen from the White House. In preparing the book the authors, with the full cooperation of Mr. Hoover, have had access to diaries, memoranda, state papers, and other original material not previously available to any writer. As economic and political history it is of immediate importance to every American, and as a chronicle of a critical time in our national existence it is absorbing reading.

*History The New Deal* Michael Hiltzik,2011 Franklin Roosevelt s New Deal began as a program of short term emergency relief measures and evolved into a truly transformative concept of the federal government s role in Americans lives More than an economic recovery plan it was a reordering of the political system that continues to define America to this day With this book writer Michael Hiltzik offers fresh insights into this inflection point in the American experience He shows how Roosevelt through force of personality commanded the loyalty of the fiscal conservatives and radical agrarians alike yet the same character traits that made him a great leader would sow the seeds of the New Deal s end Understanding the New Deal may be more important today than at any time in the last eight decades Conceived in response to a devastating financial crisis very similar to America s most recent downturn the New Deal remade the country s economic and political environment in six years of intensive experimentation and provided a model for subsequent presidents who faced challenging economic conditions right up to the present
