The Horn of Africa Paul B. Henze, 1991 **The Transition from War to Peace in Sub-Saharan Africa** Nat J. Colletta, Markus Kostner, Ingo Wiederhofer, 1996-01-01 Standard Bid Evaluation Form Contains forms and guides prepared by the World Bank for its borrowers to assist in the evaluation of bids procured through both international competitive bidding and limited international bidding Also available French ISBN 0 8213 3661 4 Stock No 13661 Spanish ISBN 0 8213 3662 2 Stock No 13662 *The Real Politics of the Horn of Africa* Alex de Waal, 2015-10-19 The Real Politics of the Horn of Africa delves into the business of politics in the turbulent war torn countries of north east Africa It is a contemporary history of how politicians generals and insurgents bargain over money and power and use of war to achieve their goals Drawing on a thirty year career in Sudan Ethiopia Eritrea and Somalia including experience as a participant in high level peace talks Alex de Waal provides a unique and compelling account of how these countries leaders run their governments conduct their business fight their wars and occasionally make peace De Waal shows how leaders operate on a business model securing funds for their political budgets which they use to rent the provisional allegiances of army officers militia commanders tribal chiefs and party officials at the going rate This political marketplace is eroding the institutions of government and reversing statebuilding and it is fuelled in large part by oil exports aid funds and western military assistance for counter terrorism and peacekeeping The Real Politics of the Horn of Africa is a sharp and disturbing book with profound implications for international relations development and peacemaking in the Horn of Africa and beyond The Horn of Africa since the 1960s Aleksí Ylönen, Jan Záhorský, 2017-02-17 The Horn of Africa has long been one of the most dynamic and politically turbulent sub regions on the African continent Host to great ancient civilizations diverse peoples and expansive states the region has experienced massive social economic and political transformations which have given rise to military coups revolutions and intractable ethnic socio economic and religious conflicts This comprehensive volume brings together a team of expert scholars who analyze international regional national and local affairs in the Horn of Africa The chapters demonstrate the intertwined nature of the actors and forces shaping political realities The case studies focusing on Ethiopia Eritrea Somalia Somaliland Sudan and South Sudan eloquently illustrate the complex dynamics connecting the spectrum of political issues in the region The Horn of Africa since the 1960s will be of interest to students and scholars of contemporary Africa and political science **The 1998-2000 Eritrea-Ethiopia War and Its Aftermath in International Legal Perspective** Andrea de Guttery, Harry H. G. Post, Gabriella Venturini, 2021-04-01 This book centres on the war that raged between Eritrea and Ethiopia from 1998 to 2000 a war that caused great loss of life and tremendous devastation It analyses the war in great detail from an international legal perspective the nature and the state of the boundary conflict preceding the actual armed conflict the military actions themselves the role of the UN peace keeping mission the responsibility for the multitude of explosive remnants of the war left behind Ample attention is paid to the decisions of the Eritrea Ethiopia Claims

Commission and the Eritrea Ethiopia Boundary Commission This study is not limited to the war and the period immediately following it it also examines its more extended aftermath prolonging the analysis as far as the more recent improvement in the relations between Eritrea and Ethiopia away from a situation of no war no peace that prevailed after the armed conflict ended The analysis of the war and its aftermath is not only in terms of international legal issues it has been placed in a wider than strictly legal perspective The book is a valuable work for academics and practitioners in international law human rights and humanitarian law in particular for political scientists diplomats civil servants historians and all those others seriously interested in the Horn of Africa Andrea de Guttry is Full Professor of Public International Law at the Scuola Superiore Sant Anna in Pisa Italy Harry H G Post is Adjunct Professor in the Facult Libre de Droit of the Universit Catholique de Lille in Lille France Gabriella Venturini is Professor Emerita in the Dipartimento di Studi internazionali giuridici e storico politici of the Universit degli Studi di Milano in Milan Italy

War and Peace in Africa's Great Lakes Region Gilbert M.

Khadiagala,2017-07-11 The book probes major security and governance trends in Africa s Great Lakes region since the 1990s It examines political dynamics in key states Burundi the DRC Rwanda and Uganda as well as the role of international actors such as the AU the EU and the UN thereby providing a unique perspective on efforts towards regional peace and prosperity The authors suggest that while the region has made tremendous progress it faces continuing challenges including reversals in governance that threaten future regional security

The Gulf States and the Horn of Africa Robert Mason,Simon Mabon,2022-01-25

The Gulf States and the Horn of Africa takes a deep dive into the complexities of power projection political rivalry and conflict across the Red Sea and beyond Focusing on the nature of interregional connections between the Gulf and the Horn it explores the multifaceted nature of relations between states and the two increasingly important subregions Bringing together scholars working on and in both regions the book considers strategic competition between Saudi Arabia and Iran and between the UAE and both Qatar and Turkey along with other international engagement such as joint anti piracy operations counterterrorism cooperation security assistance base agreements and economic development Drawing on a range of subject expertise and field research across case study countries the volume adds to the sparse literature on the regional and international politics of the Horn of Africa and Red Sea gleaning specific insights from contemporary reflections across the book This is essential reading for students and researchers interested in the Horn of Africa and the evolving regional geopolitics of the Gulf

Military Integration during War-to-Peace Transitions Lesley Anne

Warner,2023-06-07 In the 1960s only 10% of peace agreements included some element of political military accommodation namely military integration From Burundi to Bosnia to Zimbabwe that number had increased to over 50% by the 2000s However relatively little is understood about this dimension of power sharing often utilized during war to peace transitions

Through an examination of the case of South Sudan between 2006 and 2013 this book explores why countries undergoing transitions from war to peace decide to integrate armed groups into a statutory security framework This book details how integration contributed to short term stability in South Sudan allowing the government to overcome wartime factionalism and consolidate political military power prior to the referendum on self determination in 2011 It also examines how the integration process in South Sudan was flawed by its open ended nature and lack of coordination with efforts to right size the military and transform the broader defense sector and how this led the military to fragment during periods of heightened political competition Furthermore the book explains why integration ultimately failed in South Sudan and identifies the wider lessons that could be applied to current or future war to peace transitions This book will be of great interest to students of war and conflict studies peacebuilding post conflict reconstruction African security issues and International Relations in general as well as to practitioners

Historical Dictionary of Ethiopia David H. Shinn, Thomas P. Ofcansky, 2013-04-11 Ethiopia is clearly one of the most important countries in Africa First of all with about 75 million people it is the third most populous country in Africa Second it is very strategically located in the Horn of Africa and bordering Eritrea Sudan Kenya and Somalia with some of whom it has touchy and sometimes worse relations Yet its

capital Addis Ababa is the headquarters of the African Union the prime meeting place for Africa's leaders. So if things went poorly in Ethiopia this would not be good for Africa and for a long time this was the case with internal disruption rife until it was literally suppressed under the strong rule of the recently deceased Meles Zenawi. The Historical Dictionary of Ethiopia Second Edition covers the history of Ethiopia through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has several hundred cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Ethiopia.

Narrating War and Peace in Africa Solimar Otero, 2010. Narrating War and Peace in Africa interrogates conventional representations of Africa and African culture mainly in the twentieth and early twenty-first centuries with an emphasis on portrayals of conflict and peace. While Africa has experienced political and social turbulence throughout its history, more recent conflicts seem to reinforce the myth of barbarism across the continent. In Nigeria, Rwanda, Somalia, Sierra Leone, Uganda, Kenya, Mozambique, Chad, South Africa, Zimbabwe, and Sudan, the essays in this volume address reductive and stereotypical assumptions of postcolonial violence as tribal in nature and offer instead various perspectives across disciplinary boundaries that foster a less fetishized, more contextualized understanding of African war, peace, and memory. Through their geographical, historical, and cultural scope and diversity, the chapters in Narrating War and Peace in Africa aim to challenge negative stereotypes that abound in relation to Africa in general and to its wars and conflicts in particular, encouraging a shift to more balanced and nuanced representations of the continent and its political and social climates.

War and Peace In The Sudan Mansour Khalid, 2012-10-12. First Published in 2003. Nearly half a century ago the first flares of Sudan's civil war were enkindled. Today, as the world enters a new century and a new millennium, Sudan's civil war has degenerated into an inferno of carnage and destruction. Sudan's war, however, is no different from wars elsewhere: it is an entangled political, cultural, and social weave with equally intricate international ramifications. This volume charts Sudanese history of conflict.

Peace Not War: Traditions of Restorative Justice in Imperial Ethiopia, 1769 - 1960 Charles Schaefer, 2025-05-27. Examines one of the few documented early examples of restorative justice from Africa or Latin America. With a writing system, Ethiopian emperors as well as pretenders to the throne chronicled their exploits, including peace-building feats, and this book showcases and analyses historically verified instances from as early as 1769, where restorative justice modalities were used to resolve conflict and bring peace to the country. Peace Not War traces Ethiopia's evolving understanding of restorative justice from the forgive and forget approach which characterized the Zemene Mesafint.

Era of the Princes where perpetrators were exonerated allowing them to recoup and build their armies to fight another day to conditional forgiveness recorded by the imperial court and dependent on atonement Ethiopia's long history of experimentation with different forms of restorative justice demonstrates ingenuity flexibility and adaptability but as the twentieth century progressed workable indigenous forms of restorative justice were sidelined by Western codified law that emphasized retribution

Challenging the United Nations Peace and Security Agenda in Africa Dawn

Nagar, 2021-09-29 This book concerns the United Nations peacemaking peacekeeping peace building and post conflict reconstruction efforts in Africa from 1960 to 2021 Succinctly discussed are historic and contemporary peace security and economic engagements within 18 countries spanning eight African regions the Great Lakes the Economic Community of Central African States East Africa the Horn of Africa North Africa the Sahel Region West Africa and Southern Africa The book develops a neo realist and imperialist critique that discusses how resource rich conflict ridden states have become easy targets for capitalists terrorists and transnational crime aligned to geostrategic parochial interests Critically argued is that endogenous economic growth factors if applied effectively can achieve both peace and security and meet the Global Sustainable Development Goals Such efforts require constructive engagement with the five permanent members of the UN Security Council China France Russia the UK and the US However the book contends that the cornerstone of multilateral engagement involves Africa's 55 states and the African Union's three major pillars the Peace and Security Council the African Governance Architecture and the Post Conflict Reconstruction Development Centre which have the ability to move resource rich conflict ridden states out of transnational crime and poverty This book offers wide ranging analyses of contemporary African diplomacy and a compelling critique of UN peacekeeping efforts in Africa which resonates to scholars of international relations peace and conflict studies and African politics

Religion in War and Peace in Africa Margee

Ensign, Jean-Pierre Karegeye, 2020-06-09 Religion in War and Peace in Africa shows how Religious extremism transcends the realm of belief analysing current armed conflicts in Africa with perpetrators claiming to act in accord with their religion and moral values Many African countries today are beset by armed conflicts carried out by different radical groups In most such cases religion has been used to incite extremism and to justify violence and exclusion Perpetrators who seek to violently impose their order believe or claim that they are acting in accord with their religious and values Scholars peacemakers Religious leaders and Military officers explore peace initiatives and security managements These rich informative and path breaking contributions in this book span the spectrum from the prevention of violence through peace initiatives and the analyses of the many complex historical political economic demographic and ideological causes of violence to the role of traditional religions and military intervention Showing how religious leaders scholars peacekeepers policy makers and military officers and others need to join their efforts in better understanding the intersections between religion and conflict and to engage in shared missions focused on preventive actions and peace initiatives Religion in War and Peace in Africa will

be of great interest to scholars of military studies African studies peacekeeping religion and conflict The chapters were originally published as a special issue of Peace Review **War** DK Publishing,2009-10-01 War has been central to the rise and fall of civilizations since the dawn of time The history of warfare first emerges from legend in Mesopotamia the cradle of civilization around 3 000 years before the birth of Christ The first armies that we know about fought in Sumeria Ancient Egypt and Syria From these first battles fought with spears or axes on horseback or on foot War traces the campaigns and conflicts that have shaped world history and examines the evolution of military tactics and technology The story of the development from these primitive battles to the global conflicts of the 20th century and the modern War on Terror is the story of humanity itself reflecting the same political cultural and technological forces that have defined human history From longbows to laser guided missiles from chariots to jet aircraft and from Samurai warriors to SAS soldiers War provides the definitive visual chronicle of this intense brutal and often heroic tale War combines a coherent and compelling spread by spread historical narrative with a wealth of supporting features on weapons and technology strategy and tactics the experience of war and history s fighting elites to recount the epic 5 000 year story of warfare and combat through the ages

Destabilising Interventions in Somalia Debora Valentina Malito,2019-11-05 This book is a critical reading of contemporary interventionism exploring how interventions shape the course of conflicts and reconciliation processes in Somalia In a critical departure from the state capacity consensus that has dominated the debate on terrorism and state failure this book argues that conflict and sovereignty transformations in Somalia cannot be understood as the result of a gap in state capacity as multiple interventions have compromised the autonomy of the target state and society to act as sovereign Destabilising Interventions in Somalia focuses on the humanitarian intervention of the mid 1990s the Ethiopia Eritrean regional proxy war in the late 1990s and the Global War on Terror in the 2000s Examining the politics and mechanisms of multiple interventions this book shows how interveners complicate and amplify existing conflicts how they reiterate the international dimension of the conflict itself and how they orient the target state towards the outsourcing of sovereignty functions Key to this process has been the violent and exclusionary nature of interventions grounded in the aspiration of transforming existing political orders Destabilising Interventions in Somalia will be of interest to students of African peace and conflict studies international intervention and International Relations War and Peace in Southern Africa Robert I. Rotberg,Greg Mills,2010-12-01 The new South Africa as well as the surrounding southern region is finally free of apartheid and colonial rule Civil wars have ended democracy is everywhere Economically South Africa and the region are beginning to grow more rapidly than ever before But serious impediments to sustainable growth and effective participatory government remain President Nelson Mandela s African National Congress won a strong victory in South Africa s 1994 elections and has governed with skill and ambition ever since Nevertheless crime rates have soared as have the number of illegal and conventional small arms car hijackings trade in drugs illegal immigrants and all manner of attacks on the political and social

stability of the state This book puts these serious societal problems in perspective and provides fresh answers and recommendations The book includes chapters on crime rates and criminal syndicates the proliferation of conventional arms illegal populations movements drug trafficking the South African army and a concluding chapter on African armies and regional peacekeeping The contributors are Jacklyn Cock University of the Witwatersrand Robert Gelbard Assistant Secretary of State for Drug Enforcement and Legal Affairs Jeffrey Herbst Princeton University Mark Malan Mark Shaw and Hussein Solomon Institute for Security Studies Katherine Marshall the World Bank Steven Metz U S Army War College Greg Mills and Glenn Oosthuysen South African Institute of International Affairs C J D Venter South African Police Service and Joan Wardrop Curtin University Australia Copublished with the World Peace Foundation

War and Conflict in Africa

Paul D. Williams, 2013-04-26 After the Cold War Africa earned the dubious distinction of being the world's most bloody continent But how can we explain this proliferation of armed conflicts What caused them and what were their main characteristics And what did the world's governments do to stop them In this fully revised and updated second edition of his popular text Paul Williams offers an in depth and wide ranging assessment of more than six hundred armed conflicts which took place in Africa from 1990 to the present day from the continental catastrophe in the Great Lakes region to the sprawling conflicts across the Sahel and the web of wars in the Horn of Africa Taking a broad comparative approach to examine the political contexts in which these wars occurred he explores the major patterns of organized violence the key ingredients that provoked them and the major international responses undertaken to deliver lasting peace Part I Contexts provides an overview of the most important attempts to measure the number scale and location of Africa's armed conflicts and provides a conceptual and political sketch of the terrain of struggle upon which these wars were waged Part II Ingredients analyses the role of five widely debated features of Africa's wars the dynamics of neopatrimonial systems of governance the construction and manipulation of ethnic identities questions of sovereignty and self determination as well as the impact of natural resources and religion Part III Responses discusses four major international reactions to Africa's wars attempts to build a new institutional architecture to help promote peace and security on the continent this architecture's two main policy instruments peacemaking initiatives and peace operations and efforts to develop the continent War and Conflict in Africa will be essential reading for all students of international peace and security studies as well as Africa's international relations
