The House Of Hanover England In The 18th Century The Mirror Of Britain Series:

Flesh in the Age of Reason Roy Porter, 2004 Starting with the grim Britain of the Civil War era with its punishing sense of the body as a corrupt vessel for the soul Roy Porter charts how through figures as diverse as Locke Swift Johnson and Gibbon ideas about medicine politics and religion fundamentally changed notions of self He shows how the Enlightenment with its explosion of rational thinking and scientific invention of the eighteenth and nineteenth centuries provided a lens through which we can best see the profound shift from the theocentric otherworldly Dark Ages to the modern earthly body centered world we live in today As man made in God's image gave way to the Enlightenment's notion of the Self made man the body moved center stage Porter writes brilliantly on the ways in which men and women flaunted decorated tanned and dieted themselves activities that we find familiar but that a Puritan divine would have considered satanic And he explores how at the end of the century the human soul took on a new significance in the works of Godwin Blake and Byron

and its size richness and quality There was an extraordinary amount of musical activity of all sorts in provincial theatres and halls in the amateur orchestras and choirs that developed in most towns of any size in taverns and convivial clubs in parish churches and dissenting chapels and of course in the home This is the first book to concentrate specifically on musical life in the provinces bringing together new archival research and offering a fresh perspective on British music of the period The essays brought together here testify to the vital role played by music in provincial culture not only in socializing and networking but in regional economies and rivalries demographics and class dynamics religion and identity education and recreation and community and the formation of tradition Most important perhaps as our focus shifts from London to the regions new light is shed on neglected figures and forgotten repertoires all of them worthy of reconsideration
