prejudices can be revealed and measured and how they in turn predict behaviours in a number of important social situations Our Racist Heart takes a fresh look at our racial attitudes using new technology and experimental approaches to show how unconscious biases influence our everyday actions and thinking These groundbreaking results are brought to life using the author's own experiences of class and religious prejudice in Northern Ireland and are also discussed in relation to the history of race racism and social psychological theory Creativity, Wisdom, and Trusteeship Anna Craft,
