The Higher Being Developed By Seership:

The Development of Seership Swami Bhakta Vishita, 2010-01-01 Like all of the Swami Bhakta Vishita titles by William Walker Atkinson The Development of Seership presents an occult subject and idea to the masses attempting to teach the reader to reach higher planes search the inner eye and attempt to become clairvoyant Atkinson as Vishita lays out Lessons that take the reader through the steps of developing a mystic sense reading and interpreting the future communing with the afterlife and using clairvoyant knowledge for good SWAMI BHAKTA VISHITA is one of three Hindu aliases and pen names of American writer WILLIAM WALKER ATKINSON 1862 1932 editor of the popular magazine New Thought from 1901 to 1905 and editor of the journal Advanced Thought from 1916 to 1919 He authored dozens of New Thought books under numerous pseudonyms including Yogi some of which are likely still unknown today *The Development of Seership* Swami Bhakta Vishita, 1993-02 *The Higher Being Developed by Seership* Swami Bhakta Vishita, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work **The Kalpaka**, 1926 Mammoth Catalog of Novelties Johnson Smith & Co, 1947 *The Way, the Truth and the Life* John Hamlin Dewey, 1888 *The Greater Mysteries* Richard Ingalese, Isabella Ingalese, 1923 **The Occult Movement in the Nineteenth Century and Its Relation to Modern Culture** Rudolf Steiner, 1973 Ways of thinking and the corresponding spiritual and social structures in any period of time are not accidental but are brought about by certain groups of human beings working systematically for good or evil Steiner gives an account of the activity of these groups working behind the scenes in the 19th century and points out their effects even in our time *The Book of the Secret Word and the Higher Way to Fortune*, 1924 **Meditation alone will not aid true spiritual development.** Helena Petrovna Blavatsky, William Q. Judge, Damodar K. Mavalankar, Godolphin Mitford, Clara M. Codd, Proclus Lycaeus, 2023-05-15 Nature strives to contain Spirit and detain it here on earth but Spirit ever strives to be freed from its earthly prison and return to its divine abode The correct apprehension of Philosophy can help devotees to Duty and Truth to distinguish between Spiritual and Psychic wisdom Only True philosophy i.e. the Wisdom of Love can help remove the weeds of dogma and correct the errors of human fancy She is Penelope Sophia the loyal wife waiting for Odysseus Christos return Meditation proper is Spiritual Seership It leads to conscious realisation of the Truths that underpin and sustain Cosmos and Man Ideas and Forms It bridges the known or phenomenon with the unknown or noumenon and instructs inwardly focused minds to identify with All work with Nature and live for All Meditation is silent and unuttered prayer the ardent turning of the soul towards the divine It uplifts lower minds to higher realms of pure consciousness by catalepsy of the physical body Then by suspending the brain's mechanical action the Adept can see as clearly as Truth Itself Such a deliberate withdrawal of consciousness is a magical

Thinking Rudolf Steiner,2023-05-15 As soon as you start thinking about the living sphere you have to make the thought itself mobile The thought must begin to gain inner mobility through your own power Rudolf Steiner Rudolf Steiner divides these absorbing previously untranslated lectures into three sections opening with The Value of Thinking Here he discusses the quality of thinking itself contrasting dead physical cognition living imaginative cognition inspired cognition and the latter s connection with previous periods of human and planetary development He clarifies how visionary clairvoyance can relate to individual intelligence and also speaks of the submergence of ideas the effects of sad or joyful experiences and feelings into the unconscious These can be life promoting or life inhibiting In the second section he speaks about The Relationship between Spiritual Science and Natural Science using a contemporary publication as a case study for how texts can be fruitfully analysed He characterizes the spiritual scientific method as allowing facts or personalities to speak for themselves rather than making personal judgements Finally he deliberates on Episodic Observations about Space Time Movement kinetic formula and concepts such as the speed of light introducing directly from his spiritual observations notions such as light ether The lectures are supplemented with an introduction comprehensive notes line drawings and an index Eleven lectures Dornach Aug Oct 1915 GA 164 The Mysteries of Initiation Rudolf Steiner,2021-10-14 In a concise study Rudolf Steiner presents an inspirational sketch of the evolution of the Mysteries from ancient Persia through Egypt and Greece to the Christian era and the present day He traces the line of initiates from Egyptian divinities Isis and Osiris to Moses King

Arthur's Round Table and the Holy Grail in the twelfth century Steiner focuses on the process of initiation as a historical topic how initiation worked in ancient Egypt and in the late Middle Ages But his presentation is also inspirational leading to the question How can we advance to initiation now He underscores the potential for achieving enlightenment today without a teacher in the flesh and explains the four stages of the process towards initiation He also highlights the need for strenuous efforts to overcome the subtle power of evil in the form of Lucifer and Ahriman through selfless work The four lectures collected here form an important landmark in Rudolf Steiner's biography the first being delivered on 3 February 1913 the very day that the Anthroposophical Society was founded First published in English under the title *The Mysteries of the East and of Christianity* and unavailable for many years this edition has been re edited by Professor Frederick Amrine and features appendices an index as well as an introduction by Robert McDermott

Mystery of the Christ Oskar Kürten, 2023-05-15 Who is the Christ What is the Sun spirit How should we understand the person of Jesus in relation to the Cosmic Christ or even to the Holy Trinity In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus originally dispersed throughout his many writings and lectures Oskar Kürten creates a mutually reconcilable and coherent text We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth The results of his work can sometimes be overwhelming but as Kürten points out humanity is always advancing in its intellectual and spiritual culture and each step poses higher demands on our capacity to understand In a volume comprising three previously untranslated booklets composed originally as study material for people conversant with the fundamentals of anthroposophy *Mystery of the Christ* gives numerous pointers to great mysteries inviting readers to penetrate ever more deeply into the inexhaustible subject matter As Kürten states this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth existence and the Mystery of Golgotha are placed
