A Concise History of Canadian Painting Dennis R. Reid,1988 First published in 1973 this book quickly became an indispensable short history of Canadian painting and was reprinted many times For this Second Edition the text has been revised to incorporate new information and in some places new interpretations and expanded The First Edition studied Canadian painting to 1965 masterfully combining visual description anecdotes and aesthetic evaluation with full accounts of the careers of most of the leading painters beginning in the French colonial period This Second Edition covers painting to 1980 A long final chapter treats a crucial fifteen years when there developed in Canada a tremendous interest in other art forms and apparent falling off of interest in painting In fact the cry was heard throughout the western world that painting was dead It turned out however that this was far from true Dennis Reid discusses the work of established artists who produced steadily in this period including Jack Bush Jack Chambers Greg Curnoe Gershon Iskowitz John Meredith Guido Molinari Jack Shadbolt and Claude Tousignant as well as new arrivals on the scene who have since joined the ranks of leading Canadian artists Among the more recent painters discussed are David Bolduc John Boyle David Craven Paterson Ewen Ivan Eyre Yves Gaucher John Hall Ron Martin Michale Morris Norval Morrisseau Christopher Pratt Shirley Wiitasalo and Tim Zuck Enriched by this overview and by many additions to the original text A Concise History of Canadian Painting in its Second Edition is the widest ranging and most authoritative handbook available Lucid interesting and informative it is still a pleasure to read from first to last Back cover [A History of Photography in Canada, Volume 1](#) Martha

Langford,2025-09-22 From early reports of the invention to its wide application during World War I the idea of photography created anticipation and participation in the modern world The first volume of A History of Photography in Canada captures this phenomenon by looking at hundreds of photographs generated in and about Canada in the making and by listening to the chords they struck in the collective imagination Emphasizing technological readiness and cultural eagerness for the medium Martha Langford shows how photography served ideals of progress and improvement as Canada s settler society looked to master the world by seizing its visible traces The imposition of these programs on Indigenous Peoples and indentured labourers is confronted throughout this volume which offers both narratives and counternarratives of subjectification Reproducing images of people places events and objects from the unceded territories of the First Nations Inuit and M tis from British North America and from the Dominion of Canada and the Dominion of Newfoundland Langford asks where and

when photographs were taken why and by whom How did the making and preservation of a photograph alter the circumstances in which it was produced and how did this affect individual and collective consciousness Alongside accomplished portraits landscapes still lifes and their vernacular counterparts the book draws glimmers of photographic experience from treatises and doggerel official reports and personal diaries newspapers magazines letters and travelogues Anticipation to Participation chronicles eight decades of reinvention and repurposing from a wondrous discovery to the wide adoption of a basic tool for knowledge gathering artmaking and journaling Langford s sweeping narrative rewrites the history of photography from the bottom up vividly expanding the definition of photographic experience **Canadian**

Abstract Painting in Canada Roald Nasgaard, Art Gallery of Nova Scotia, 2008 In the tradition of the distinguished Douglas McIntyre art program this lavishly illustrated and superbly printed book is a rich readable history of abstract painting in Canada The story begins in the 1920s with the sometimes eccentric but remarkable work rooted in symbolism and theosophy of pioneers such as Kathleen Munn Bertram Brooker and Lawren Harris Two decades later the Automatistes Canada's first truly independent avant garde art movement burst onto the scene in Montreal After the Second World War the urge to abstraction spread across Canada manifesting itself in significant regional movements Vancouver painters retained a British flavour while in Toronto the Painters Eleven looked south to New York Montreal's Plasticiens launched their own razor edged interpretation of the European tradition of geometric abstraction In the sixties and seventies the Prairies were influenced by Clement Greenberg's post painterly abstraction while Halifax became a hub of conceptual art and concrete painting The book continues through the eighties and nineties during which critics largely denounced painting and concludes in the twenty first century with abstract painting alive and well again in the studios of Canada's young artists A monumental tome containing 200 color reproductions it mines a rich vein of art history ripe for international discovery *The History of the Black Watch (Royal Highland Regiment) of Canada: Volume 1, 1759-1939* Roman Johann Jarymowycz, 2023-05-15 In three volumes spanning centuries Lieutenant Colonel Roman Jarymowycz recounts the story of the Black Watch Royal Highland Regiment of Canada the oldest Highland regiment in the country He traces its history from the roots when soldiers settlers and militia volunteers rallied to defend the southern borders of their adopted country against invasion from the United States Drawing on diaries letters classified documents and the regimental archive Jarymowycz weaves the strands of a complex story into an epic narrative of a resolute collective of officers and men Since its birth in 1862 as the 5th Battalion Volunteer Militia Rifles of Canada thousands of citizens have served in the unit In addition to securing Canada's borders Black Watch soldiers have fought in the South African War both world wars and the Korean War They have bolstered NATO operations and United Nations peacekeeping missions and they provided aid to the civil power during the 1997 Quebec and Eastern Ontario ice storm disaster and the COVID 19 pandemic The Montreal based battalion continues to serve Canada in its traditional role as a reserve infantry unit and to this day Black Watch soldiers frequently deploy on dangerous missions abroad In volume 1 readers will learn of the Black Watch's origins its first foreign enterprise the South African War and a detailed account of the Great War where the regiment evolved from the 5th Royal Highlanders to become the Canadian Black Watch as they were known throughout the empire The Montreal regiment trained four battalions for overseas duty three of which participated in the greatest battles of the First World War an unprecedented accomplishment This volume not only offers a critical analysis of campaigns key actions and tactical evolution but also includes an intimate and compelling account of the sacrifices that

forged this extraordinary regiment This monumental history of Canada's oldest Highland regiment is at once a record of Scottish heritage a portrait of Montreal rising as an industrial giant and an examination of the emergence of a military culture from the Western Front
