The History Of The Early Turkish Carpet:

The History of the Early Turkish Carpet Kurt Erdmann, 1977 **A World Art History and Its Objects** David Carrier, 2008-11-28 Is writing a world art history possible Does the history of art as such even exist outside the Western tradition Is it possible to consider the history of art in a way that is not fundamentally Eurocentric In this highly readable and provocative book David Carrier a philosopher and art historian does not attempt to write a world art history himself Rather he asks the question of how an art history of all cultures could be written or whether it is even possible to do so He also engages the political and moral issues raised by the idea of a multicultural art history Focusing on a consideration of intersecting artistic traditions Carrier negotiates the way meaning and understanding shift or are altered when a visual object from one culture for example is inserted into the visual tradition of another culture **A World Art History and Its Objects** proposes the use of temporal narrative as a way to begin to understand a multicultural art history **Notable Acquisitions, 1983-1984** Metropolitan Museum of Art (New York, N.Y.), Philippe De Montebello, 1984 **The Grove Encyclopedia of Decorative Arts** Gordon Campbell, 2006-11-09 The Grove Encyclopedia of Decorative Arts covers thousands of years of decorative arts production throughout western and non western culture With over 1 000 entries as well as hundreds drawn from the 34 volume Dictionary of Art this topical collection is a valuable resource for those interested in the history practice and mechanics of the decorative arts Accompanied by almost 100 color and more than 500 black and white illustrations the 1 290 pages of this title include hundreds of entries on artists and craftsmen the qualities and historic uses of materials as well as concise definitions on art forms and style Explore the works of Alvar Aalto Charles and Ray Eames and the Wiener Werkstatte or delve into the history of Navajo blankets and wing chairs in thousands of entries on artists craftsmen designers workshops and decorative art forms **Problems of Style** Alois Riegl, 2018-12-04 Written at the height of the arts and crafts movement in fin de siecle Vienna Alois Riegl's Stilfragen represented a turning point in defining art and understanding the sources of its inspiration Demonstrating an uninterrupted continuity in the history of ornament from the ancient Egyptian through the Islamic period Riegl argued that the creative urge manifests itself in both great art and the most humble artifact and that change is an inherent part of style This new translation which renders Riegl's seminal work in contemporary readable prose allows for a fresh reexamination of his thought in light of current revisionist debate His discovery of infinite variation in the restatement of several decorative motifs the palmette rosette tendril led Riegl to believe that art is completely independent from exterior conditions and is beyond individual volition This thinking laid the groundwork for his famous concept of Kunstwollen or artistic intention Something that the translation will I hope convey is the passion invested in Riegl's enterprise We are made to feel that the issues he discussed mattered vitally to him it was the very nature of art and its relation to human life that were at stake art as an absolute necessity From the preface of Henri Zerner Alois Riegl 1858-1905 was Curator of Textiles at the Museum of Art and Industry in Vienna during most of his career and wrote many
