*Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986*, 1998      *Makers and Romance of Alabama History* Benjamin Franklin Riley, 2020-09-28 The present volume is intended to be a substantial contribution to the history of Alabama by giving expansion to the recorded lives of its foremost citizens men who alike on the field and in the forum on the bench and in the sphere of commerce in the lecture room and in the pulpit on the farm and in the court in the field of development as well as in the ordinary walks of life have shared conspicuously in the erection of one of the proudest of the American commonwealths The distinction achieved by these eminent citizens in various orbits are worthy of perpetual record and their respective deeds and accomplishments deserve more than a bare reference in the current chronicles of the state Along the successive eras through which Alabama has passed first as a territory then as a state for a period exceeding a hundred years each of these worthies made a contribution to the construction of a mighty

commonwealth and sheer justice requires that the specific task so worthily wrought by each should be a matter of permanent record The effort is here made not to follow the beaten path of chronological biography so much as to seize on the salient points in the life of each eminent leader show who and what he was and that which he did By means of a method like this these distinguished men become reflectors of the period in which each lived and wrought In addition is a series of romantic sketches which lie outside the channel of ordinary history and yet they serve the function of imparting to its pages a zest and flavor that relieve it largely of commonplace These scenes derived from the transactions of nearly four hundred years have been carefully gleaned from every possible source and are here embodied for the first time in convenient form The conditions which have attended on the evolution of a great state from the rawest of savage wildernesses have yielded a store of material intensely romantic The original tribes with their rude settlements and forts dotting the uncleared surface of Alabama over skimming the waters of the streams and bordering bays in their tiny canoes and threading the forests along narrow paths the invasions of the Spanish and the French and their transactions and conflicts as they would encounter aboriginal resistance and the later and lasting occupation of the territory by the Anglo Saxon who came with dominant determination to possess the land and to transform it through the agencies of a conquering civilization into an exalted government these have yielded a harvest of romance exceptional in its rareness and fascinating in its nature While the record of scenes like these afford diversion at the same time they serve as no inferior contribution to our history Like the lives of prominent makers of history these rare scenes are indexes of the times in which they took place      Searching for Red Eagle , Portrays William Weatherford who rejected his Scots and French ancestry and embraced his Creek heritage describes his fight against white encroachment in Georgia and reflects on his spiritual influence      **God, Creation, and Revelation** Paul King Jewett, Marguerite Shuster, 1991 A theology that is real readable and relevant such is Paul Jewett s God Creation and Revelation Writing from a distinctively evangelical and Reformed viewpoint Jewett offers a general systematic introduction to these doctrines of the Christian church how we know God revelation and Scripture who God is the divine nature what God is like the divine attributes and what God has done creation While upholding the historic Christian faith Jewett s approach to Christian teaching is uniquely neo evangelical in that he seeks to expound and clarify orthodox Christianity for twentieth century Christians Jewett purposely sets forth his systematic theology in light of scientific and social issues that confront the church in the contemporary world Throughout the book Jewett also refers to literary masterpieces and to the church s hymns giving the reader a greater appreciation for the theological treasures in our literature and our hymnody The culmination of nearly forty years of study and teaching this book adeptly balances the philosophical efforts needed in systematic theology with the biblical material in which Christian doctrines are rooted and it covers well the range of theologies from the early fathers to the Scholastics from the Reformers to liberation and feminist theologians Interspersed throughout the text are useful addenda and excursuses which provide further detailed treatment of specific topics An unusual feature of God

Creation and Revelation is Jewett's inclusion of eight sermons by Dr Marguerite Shuster a former student of his Believing that theology and preaching must go together Jewett has strategically placed these sermons throughout the book as creative examples of how to preach Christian doctrines
