The Lord is the Spirit Andrew K Gabriel, 2012-05-31 The Lord is the Spirit 2 Cor 3 17 and yet one might be excused for thinking otherwise when reading studies on God's attributes omnipotence omniscience omnipresence immutability impassibility and the like Although Christians throughout the ages have defended the deity of the Holy Spirit theologians have not adequately taken the doctrine of the Holy Spirit into account when formulating a theology of the divine attributes The resulting understandings of God fall short of being fully Trinitarian Gabriel builds on contemporary Trinitarian theology by advocating for the integration of insights from pneumatology into the doctrine of God's attributes Three case studies are presented impassibility immutability and omnipotence Gabriel writes from an evangelical and Pentecostal vantage point as he engages in ecumenical dialogue with a wide spectrum of historical and contemporary theological voices

The Freedom of God James Daryn Henry, 2018-05-30 The Freedom of God wrangles with the unfolding legacy of Christian theologian Robert Jenson and presents the first in depth study of his teaching on the Holy Spirit It is a specialist monograph that will entice those with interest in academic theology systematics and twentieth and twenty first century Christian thought especially the post Barthian historicist electionism and the post Rahnerian immanent and economic trinitarian project conversations Devoted readers of the works of Robert Jenson scholars of pneumatology third article theology or pentecostal renewal movements practitioners of liberation theology and supporters of ecumenical theology will all be particularly gripped by the analysis developed in this work As a text the Freedom of God could find a home in graduate seminars seminary classrooms and in classes for advanced undergraduates for those studying Jenson as a way into systematic theology and contemporary Christian thought or in any thematic doctrinal courses on the Holy Spirit or the Trinity

The Lord Is the Spirit John A. Studebaker Jr., 2008-01-01 Although the doctrine and work of the Holy Spirit is no longer being ignored in theology as was often the case in centuries past the authority of the Spirit remains essentially undefined The need for such a definition however is urgent Some dangerous trends in the contemporary understanding of the Spirit have developed trends that can only be exposed through careful exegesis of Scripture and theological clarification Indeed some contemporary models often leave us with a nonauthoritative Spirit predisposed toward universalism experientialism or panentheism This work will attempt to show that the nature of the Holy Spirit s authority can be clearly defined through biblical and systematic theology When we investigate the Spirit s place within the pattern of divine authority as specified in Scripture we discover that the Holy Spirit indeed possesses a unique authority as divine Person Christ s Executor Teacher and Governor of the Church Such a work will be helpful for both the theologian and the pastor First definitions of the Spirit s authority will be developed through historical exegetical and theological analysis Then these definitions will be applied to specific church practices including hermeneutics church structure and guidance and Christian spirituality A response will also be given to those practical theologies that are subtly diminishing the Spirit s authority in relation to the contemporary church

World Christianity Graham Joseph Hill, 2024-10-08 World Christianity An Introduction provides an accessible introduction to the discipline methodology and field of world Christianity In this book Graham Joseph Hill engages with more than one hundred high profile Majority World and First Nations Christian leaders to learn what they can teach the West about mission leadership hospitality creation

care education worship and more Hill challenges the Western church to move away from a Eurocentric and Americentric view of church and mission and he calls for the church to engage with crucial paradigm shifts in world Christianity The future of the global church including the churches in the West exists in these global exchanges World Christianity is an indispensable guide for the church as it navigates the unique global experiences of the twenty first century *The Spirit and the Salvation of the Urban Poor* Brandon Kertson,2019-11-15 Poverty What is it good for Absolutely nothing Still poverty is an ever present reality even in so called first world nations like the United States If the Holy Spirit is the member of the Trinity that is ever present in our world perhaps the Spirit can be a resource to address poverty In this pneumatological theology of poverty Brandon Kertson explores the current state of poverty in the United States arguing its complexities also require complex answers demanding a pneumatological approach that has yet to be offered Using Renewal theology and pneumatology Kertson develops a pneumatological four fold gospel based on Jesus pneumatic declaration of Luke 4 He explores how the Spirit addresses poverty through Jesus and the historic and global church and how we can begin to address poverty through the Spirit today The Spirit as savior baptizer healer and entelechy of the kingdom lays the foundation for a holistic response to the complex problem of poverty in our country **Pentecostal Perspectives on Social Justice** Thomas U. Kurt,2025-06-10 The beginnings of the Pentecostal movement were characterized by charismatic gifts and an extraordinary missionary dynamic At the same time early Pentecostals stood out from their social environment for their liberal practices on race and women s issues and for their pacifism In a world characterized by violence oppression and exploitation the question of justice is crucial for the future of this world At the same time for Pentecostals the question of the future of this world is closely linked to the kingdom of God This book explores whether there is a common denominator in Pentecostal social ethics what that denominator consists of and what its theological categories are To answer these questions it examines four representatives of the global Pentecostal church who have made prominent contributions in the field of social ethics The results are then discussed in a dialogue with J rgen Moltmann one of the most prominent voices in systematic theology for social justice and the liberation of the oppressed **Baptist Theology** James Leo Garrett,2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the

liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal *Wesleyan Pneumatology, Pentecostal Mission, and the Missio Dei* Jody B. Fleming, 2021-05-18 In *Wesleyan Pneumatology Pentecostal Mission and the Missio Dei* Jody B Fleming argues that missiology in a Wesleyan context has been heavily influenced by the Western worldview and needs renewal Spirituality is central to living in many non western cultures integrated with the physical world of everyday life Wesleyan traditions may need to renew and strengthen the pneumatology found in their mission theory and praxis As the center of Christianity is shifting to the global south Pentecostal and charismatic expressions of the faith are becoming more prominent Without forfeiting their solid foundations what might the Wesleyan traditions learn from their theological cousins about engagement with the Holy Spirit How might pneumatology be renewed in order to address spiritual beliefs found in other cultures in both global and local settings Renewal also includes the indigenous voice as essential for understanding cultural dynamics and spirituality Contextualization is not new to missiology and so mission theory is explored from Latin American scholars as another point for renewal Partnerships in mission and the role of the Holy Spirit are highlighted in the of field work conducted in Venezuela In *Renewing the Spark* the author suggests that a fresh look at pneumatology will more effectively articulate the gospel in holistic and spirit centered non western cultures **Ethnicity, Nationality and Religious Experience** Peter C. American Providence Stephen H. Webb, 2004-10-22 The relationship between America and Christianity has never been so hotly contested as it is today September 11 2001 and the war on terror have had an almost schismatic impact on the Church American Christians have been forced to ask the really hard questions about faith and politics While some Christians would rather not ask these questions at all they are unavoidable for a religion that seeks to speak to the whole world with the expectation of nothing less than global transformation Like it or not Christians have to take a stand on the issue of America's alleged imperialism not only because America is largely a product of the Christian imagination but also because the converse is true the growth of Christianity worldwide is largely shaped by American values and ideals American Providence makes the case that American Christianity is not an oxymoron It also makes the case for a robust doctrine of providence a doctrine that has been frequently neglected by American theologians due to their reluctance to claim any special status for the United States Webb goes right to the heart of this reluctance by defending the idea that American foreign policy should be seen as a vehicle of God's design for history
