Tobias Bleicker

The Hovering Giant Us Responses To Revolutionary Change In Latin America:

The Hovering Giant Cole Blasier, 1976 **The Hovering Giant (Revised Edition)** Cole Blasier, 1985-01-15 In the first edition of *The Hovering Giant* Cole Blasier analyzed U S response to revolutions in Latin America from Madero in Mexico to Allende in Chile He explained why U S leaders sponsored paramilitary units to overthrow revolutionary governments in Guatemala and Cuba and compromised their own differences with revolutionary governments in Mexico and Bolivia The protection of private U S interests was part of the explanation but Blasier gave greater emphasis to rivalry with Germany or the Soviet Union Now in this revised edition Blasier also examines the responses of the Carter and Reagan administrations to the Grenadian and Nicaraguan revolutions and the revolt in El Salvador He also brings up to date the interpretation of U S Cuban relations Blasier stresses U S defense of its preeminent position in the Caribbean Basin as well as rivalry with the Soviet Union to explain these later U S responses Seemingly unaware of historical experience Washington followed patterns in Central America and Grenada similar to earlier patterns in Guatemala Cuba and Chile even though the latter had adverse effects on U S security and economic interests *Response to Revolution* Richard E. Welch, 1985 *Response to Revolution* The United States and the Cuban Revolution 1959 1961 **The Bolivian Revolution and the United States, 1952 to the Present** James F. Siekmeier, 2011-01-01 A study of United States Bolivian in the post World War II era Explores attempts by Bolivian revolutionary leaders to both secure United States assistance and to obtain time and space to develop their policies and plans Provided by publisher **State Terrorism in Latin America** Thomas C. Wright, 2007 Set in the larger context of the evolution of international human rights this cogent book examines the tragic development and ultimate resolution of Latin America s human rights crisis of the 1970s and 1980s Thomas Wright focuses especially on state terrorism in Chile under General Augusto Pinochet 1973 1990 and in Argentina during the Dirty War 1976 1983 The author probes the background of these regimes the methodology of state terrorism and the human rights movements that emerged in urgent response to the brutality of institutionalized torture murder and disappearance He also discusses the legacies of state terrorism in the post dictatorial period particularly the bitter battle between demands for justice and the military s claim of impunity Central to this struggle was the politics of memory as two radically different versions of the countries recent history clashed had the militaries conducted legitimate wars against subversion or had they exercised terrorism based on a misguided concept of national security The book offers a nuanced exploration of the reciprocal relationship between state terrorism and its legacies on one hand and international human rights on the other When the Chilean and Argentine militaries seized power the international human rights lobby was too weak to prevent the massive toll of state terrorism But the powerful worldwide response to these regimes ultimately strengthened international human rights treaties institutions and jurisprudence paving the way for the Rwanda and Yugoslavia genocide tribunals and the International Criminal Court Indeed Chile and Argentina today routinely try and convict former repressors in their own courts This compelling history

demonstrates that the experiences of Chile and Argentina contributed to strengthening the international human rights movement which in turn gave it the influence to affect the outcome in these two South American countries Ironically the brutal regimes of Chile and Argentina played the major role in transforming a largely dormant international lobby into a powerful force that today is capable of bringing major repressors from anywhere in the world to justice These intertwined themes make this book important reading not only for Latin Americanists but for students of human rights and of international relations as well

Historical Dictionary of the Cold War Joseph Smith, Simon Davis, 2017-03-15 Cold war was a term coined in 1945 by left leaning British writer George Orwell to predict how powers made unconquerable by having nuclear weapons would conduct future relations It was popularized in 1947 by American journalist Walter Lippmann amid mounting tensions between the erstwhile World War II Allies the capitalist democracies the United States of America and Britain versus the Soviet Union a communist dictatorship As the grand alliance of the Big Three they had defeated Nazi Germany its satellites and Japan in World War II but became rivals who split the world into an American led Western bloc and Soviet led Eastern bloc Both were secured from direct attack by arraying ever greater nuclear and conventional forces against the other while seeking global supremacy by other means The 45 year Cold War lasted until the Soviet Union collapsed between 1989 and 1991 This second edition of Historical Dictionary of the Cold War contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on important personalities crucial countries and peripheral conflicts the increasingly lethal weapons systems and the various political and military strategies This book is an excellent resource for students researchers and anyone wanting to know more about this crucial period in history

Gaitán of Colombia Richard E. Sharpless, 2010-11-23 This book provides a detailed account of the political career of Jorge Eliecer Gaitan the populist leader of Colombia during the 1930s and 1940s

U.S. and Latin American Relations Gregory B. Weeks, 2015-05-26 Featuring numerous updates and revisions U S and Latin American Relations 2nd Edition offers in depth theoretical and historical analyses to explore the complex dynamic between the United States and the countries that comprise Latin America Presents a theoretical framework that allows readers to view U S Latin American relations from both a regional and global context Reviews the history of U S Latin American relations from the 19th century to the present including in depth coverage of the ways political events in Cuba have shaped policy Examines former issues of conflict that are now areas of cooperation such as debt and trade immigration human rights illegal drugs and terrorism Incorporates primary documents to place issues within historical context

Lords of the Mountain Louis A. Pérez Jr., 1989-03-15 Lords of the Mountain is a colorful narrative that views how Cuba s violent history in the late nineteenth and early twentieth century was also a history of economic violence From the 1870s the expanding sugar industry began to swallow up rural communities and destroy the traditional land tenure system as the great sugar estates the latifundia dominated the economy Perez chronicles the popular resistance to these powerful landholders and the violent uprisings and

banditry propagated against them *Mexico Through Russian Eyes, 1806-1940* William Harrison Richardson, 2010-11-23 In this unique book William Richardson analyzes the descriptions given of Mexico by an assortment of Russian visitors from the employees of the Russian American Company who made their first contacts in the early nineteenth century to the artists diplomats and exiles of the twentieth century He explores the biases they brought with them and the interpretations they relayed back to readers at home Richardson finds that Russians had a particular empathy for the Mexicans sharing a perceived similarity in their histories conquest by a foreign power a long period of centralized authoritarian rule an attempt at liberal reform followed by revolution *Oil and Mexican Foreign Policy* George Grayson, 1988-05-15 The discovery of enormous oil reserves in the early 1970s revolutionized Mexico's economy and political behavior bringing soaring revenues and industrial development The oil glut of 1981 and wild fluctuations in world prices pushed the country to the brink of bankruptcy George W Grayson describes how the roller coaster economic ride shrill nationalism political assertiveness and arrogant posturing of the 1970s have given way to greater professionalism fiscal responsibility and a cooperative attitude towards the United States in recent times *A Revolution Aborted* Jorge Heine, 2010-11-23 Twelve essays address the political and cultural features of the Grenada experience in light of the 1979 uprising that toppled Prime Minister Eric Gairy and the subsequent U S invasion of 1983 The contributors discuss theoretical issues that go to the heart of dilemmas faced by many small developing societies **Cuba under the Platt Amendment, 1902-1934** Louis A. Pérez Jr., 1986-10-15 Choice 1987 Outstanding Academic Book This book examines the early years of the Cuban Republic launched in 1902 after the war with Spain Although no longer a colony the country was still hobbled by continuing dependence on and exploitation from a foreign power Perez shows how U S armed intervention in Cuba in 1898 and subsequent military occupation revitalized elements of the colonial system that would serve imperialist interests during independence The concessions of the Platt Amendment in 1903 became the principal instrument for U S expansion in Cuba The U S then gained control over resources and markets **Military Review**, 2006 *The Overthrow of Allende and the Politics of Chile, 1964-1976* Paul E. Sigmund, 1977-06-15 Paul Sigmund who has studied Chile for more than a decade and lived and taught there offers an exhaustive balanced analysis of the overthrow of Salvador Allende and why it occurred Sigmund examines the Allende government the Frei government that preceded it the coup that ended it and the Pinochet government that succeeded it He also views the roles of various Chilean political and interest groups the CIA and U S corporations **Report On Guatemala** School of Advanced International Studies (SAIS) The Johns Hopkins Foreign Policy Institute, 2019-06-04 The findings of the Study Group on United States Guatemalan Relations organized under the auspices of the Central American and Caribbean Program CACP at the School of Advanced International Studies The Johns Hopkins University focus on the nature of Guatemalan politics possibilities for democratization and the options available to U S policymakers during the regime of General Rios Montt Also included in this book are two papers commissioned by the CACP that present starkly contrasting

views of Guatemala in order to provide a background for the study group's discussions. As anticipated by study group members, the Ríos Montt regime fell from power after the initial writing of this report, but their findings nevertheless provide an excellent overview of the debate on U.S. policy toward Guatemala. The European Union - A Global Actor? Sven Bernhard Gareis, Gunther Hauser, Franz Kernic, 2012-12-07. Is the European Union a unified actor in world politics? The world's leading economic power is still struggling to find its role in shaping and maintaining global peace, free trade, and commerce. How successful is the EU's Common Foreign and Security Policy, and its institutions really? Unsettling Statecraft Catherine M. Conaghan, James Malloy, 2010-11-23. Latin America in the 1980s was marked by the transition to democracy and a turn toward economic orthodoxy. *Unsettling Statecraft* analyzes this transition in Bolivia, Ecuador, and Peru, focusing on the political dynamics underlying change and the many disturbing tendencies at work as these countries shed military authoritarianism for civilian rule. Conaghan and Malloy draw on insights from the political economy literature, viewing policy making as a historically conditioned process, and they conclude that the disturbing tendencies their research reveals are not due to regional pathology but are part of the more general experience of postmodern democracy. **Juan Peron and the Reshaping of Argentina** Frederick Turner, José Enrique Miguens, 1983-05-15. Although Juan Perón changed the course of modern Argentine history, scholars have often interpreted him in terms of their own ideologies and interests rather than seeing the effect of this man and his movement had on the Argentine people. The essays in this volume seek to uncover the man behind the myth, to define the true nature of Peronism. Several chapters view Perón's rise to power, his deposition, and eighteen-year exile, and his dramatic return in 1973. Others examine opposing forces in modern Argentina, including the church and its role in politics, the conflict between landed *hacendados* and urban industrialists, terrorist activities, and their populist support base. Peronism and the labor movement, and Evita Perón's role in advancing the political rights of women.

The History of American Foreign Policy from 1895 Jerald A. Combs, Jessica Elkind, 2024-04-01. Now in its fifth edition, this volume offers a clear, concise, and nuanced history of U.S. foreign relations since the Spanish American War, and places that narrative within the context of the most influential historiographical trends and debates. *The History of American Foreign Policy from 1895* includes both revised and new sections that incorporate insights from recent scholarship on the United States in the world. These sections devote more attention to the international framework as well as the domestic constraints under which American foreign policymakers operated. This edition also emphasizes the role of non-state actors such as missionaries, aid workers, activists, and business leaders in shaping policies and contributing to international relations. As a result, the text considers a broader and more diverse range of people and voices than many other histories of U.S. foreign policy. Expanded final chapters bring the story of U.S. foreign relations to the present and explore some of the contemporary challenges facing American and global leaders, including terrorism, the effects of climate change, China's increasing influence, and globalization. Updated controversial issues sections and suggestions for further reading at the end of each chapter reflect

important contributions from new studies This engaging text is an invaluable resource for students interested in the history of American foreign policy and international relations

The Engaging World of Kindle Books: A Comprehensive Guide Revealing the Pros of E-book Books: A Realm of Convenience and Versatility E-book books, with their inherent mobility and ease of access, have freed readers from the limitations of hardcopy books.
