Religion and Western Culture Wouter J. Hanegraaff, 2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement

The Nature of Classical Chinese Medicine (Book 1 of 2) David Nassim, 2013-09 The Nature of Classical Chinese Medicine The foundational context to reunite myriad styles Book 1 of 2 Foundation and Constitution Energetic Anatomy and Physiology This book in two parts is an extensive research project into the original essence of Classical Han dynasty Chinese medicine It is an investigation to look at how medicine might have been understood and connected to from the origin of Taoist Non duality as expressed in the Tao Te Ching There are today myriad styles and approaches to energy medicine all over the world and even within Chinese medicine itself This book aims to connect to the unifying principle that is inclusive not exclusive and as such has the potential to unify all medicine This book attempts to clarify theoretical positions but with the key realization that Classical books were only pointers to instinctual health and the nature led healing that occurs when self and hierarchical egotism drop out
