A GUIDE TO AUTHENTICATING U.S.PRESIDENTIAL AUTOGRAPHS Dr.jol,2019-02-05 A guide to authenticating autographs of the American Presidents paper ink forgeries and signature examples **The First Modern Campaign** Gary A. Donaldson,2007-06-15 The presidential campaign that pitted Richard M Nixon against John F Kennedy was the most significant political campaign since World War II With Eisenhower s tenure at an end American society broke with the culture of the war years This social shift was reflected in and provoked by new trends in American political life and political campaigning all of which made 1960 a landmark year in American politics In this engaging book Gary A Donaldson tells the story of Kennedy versus Nixon with a sharp eye for the salient political developments and a keen sense of the drama of an election that was unlike any other the nation had experienced The election of 1960 was also an orchestrated political drama organized as a sweeping campaign from coast to coast and staged for a national television audience This made it the first modern campaign in which the television media changed the dynamics of presidential politics and in which photographs charisma and direct appeals to voters counted as they had never done before It was also an election of intense personal rivalry made all the more spirited by the prejudice against Kennedy s Catholicism and his intention to widen the American political arena Ideological shifts within the parties as they combined with innovations in campaigning would mark a clear divide in politics as it was practiced and politics as it would have to be practiced in the future Yet not since Theodore White s journalistic account *The Making of the President* has attention been paid to the full 1960 campaign as it played out in the early primaries and then culminated in the November election Donaldson shows why the whole political season is critical to understanding American politics today *The First Modern Campaign* is essential and engaging reading for anyone interested in contemporary politics in the United States **Problems of Communism** ,1987 *Nixon's First Cover-up* H. Larry Ingle,2015-07-07 Have you ever thought you completely knew a story inside and out only to see some new information that shatters what you had come to accept as unquestioned fact Well Richard Nixon is that story and Nixon s First Cover up is that new information With few exceptions the religious ideologies and backgrounds of U S presidents is a topic sorely lacking in analysis H Larry Ingle seeks to remedy this situation regarding Nixon one of the most controversial and intriguing of the presidents Ingle delves more deeply into Nixon s Quaker background than any previous scholar to observe the role Nixon s religion played in his political career Nixon s unique and personally tailored brand of evangelical Quakerism stayed hidden when he wanted it to but was on display whenever he felt it might help him advance his career in some way Ingle s unparalleled knowledge of Quakerism enables him to deftly point out how Nixon bent the traditional rules of the religion to suit his needs or in some cases simply ignored them entirely This theme of the constant contradiction between Nixon s actions and his apparent religious beliefs makes Nixon s First Cover up truly a groundbreaking study both in the field of

Nixon research as well as the field of the influence of religion on the U S presidency Forty years after Nixon s resignation from office Ingle s work proves there remains much about the thirty seventh president that the American public does not yet know

In Search of Nixon Bruce Mazlish,2017-07-05 Who was the real Richard Nixon and why did he behave the way he did In this innovative work a distinguished historian trained in psychoanalysis unravels the riddle of Nixon s singularly opaque political personality Neither a political biography nor a clinical psychoanalysis at the time of its initial publication In Search of Nixon launched a new genre of scholarship the psycho historical inquiry Mazlish offers insight into the subtle interplay between Nixon the man and Nixon the public figure Why for example did Nixon have such personal difficulties in making decisions Knowing how the young Nixon learned to cope with the problems of his childhood what can we infer about his unpredictable decisions on Communist China inflation and the Supreme Court Bruce Mazlish applies psychoanalysis to history in order to understand Nixon s behaviour decisions and political stance He explains why Nixon characteristically projected personal crises onto the political arena as for example in the famous Checkers speech or in the Haynsworth Carswell affair And he examines why conversely political questions such as pacifism abortion and subversion had such a peculiarly personal meaning for him

Alger Hiss's Looking-Glass Wars G. Edward White,2004-03-11 For decades a great number of Americans saw Alger Hiss as an innocent victim of McCarthyism a distinguished diplomat railroaded by an ambitious Richard Nixon And even as the case against Hiss grew over time his dignified demeanor helped create an aura of innocence that outshone the facts in many minds Now G Edward White deftly draws together the countless details of Hiss s life from his upper middle class childhood in Baltimore and his brilliant success at Harvard to his later career as a self made martyr to McCarthyism to paint a fascinating portrait of a man whose life was devoted to perpetuating a lie White catalogs the evidence that proved Hiss s guilt from Whittaker Chambers s famous testimony to copies of State Department documents typed on Hiss s typewriter to Allen Weinstein s groundbreaking investigation in the 1970s The author then explores the central conundrums of Hiss s life Why did this talented lawyer become a Communist and a Soviet spy Why did he devote so much of his life to an extensive public campaign to deny his espionage And how without producing any new evidence did he convince many people that he was innocent White offers a compelling analysis of Hiss s behavior in the face of growing evidence of his guilt revealing how this behavior fit into an ongoing pattern of denial and duplicity in his life The story of Alger Hiss is in part a reflection of Cold War America a time of ideological passions partisan battles and secret lives It is also a story that transcends a particular historical era a story about individuals who choose to engage in espionage for foreign powers and the secret worlds they choose to conceal In White s skilled hands the life of Alger Hiss comes to illuminate both of those themes

The Arrogance of Power Anthony Summers,2001-08-01 The controversial New York Times bestselling biography of America s most infamous president written by a master of investigative political reporting Anthony Summers s towering biography of Richard Nixon reveals a tormented figure whose criminal behavior did not begin with Watergate

Drawing on more than a thousand interviews and five years of research Summers traces Nixon's entire career revealing a man driven by addiction to power and intrigue His subversion of democracy during Watergate was the culmination of years of cynical political manipulation Evidence suggests the former president had problems with alcohol and prescription drugs was mentally unstable and was abusive to his wife Pat Summers discloses previously unrevealed facts about Nixon's role in the plots against Fidel Castro and Salvador Allende his sabotage of the Vietnam peace talks in 1968 and his acceptance of funds from dubious sources The Arrogance of Power shows how the actions of one tormented man influenced 50 years of American history in ways still reverberating today Summers has done an enormous service The inescapable conclusion well body guarded by meticulous research and footnotes is that in the Nixon era the United States was in essence a rogue state It had a ruthless paranoid and unstable leader who did not hesitate to break the laws of his own country Christopher Hitchens The New York Times Book Review A superbly researched and documented account the last word on this dark and devious man Paul Theroux Politics and Popular Culture Leah A. Murray, 2010-06-09 In recent years we have seen a continuation and perhaps even acceleration in the trend of popular culture having a discernible effect on politics From The Daily Show to candidates use of Facebook and MySpace politics have opened up to new technologies as we come online for the next generation Our political world has become popularized or our popular world has become politicized in a new way facilitated by the entertainment media and new technologies This volume's authors attempt to make sense of the changing political popular world through a series of interdisciplinary essays that explore the ramifications of popular cultural depictions of politics drawing on literature in a variety of fields political science history literature fine arts and communications We explore three major phenomena in a politicized popular culture First we explore the role that the entertainment media play in understanding politics What is interesting about our fictional political worlds is we are allowed as a people to consider different political ideals without the baggage of our last vote or our ideology We can step outside ourselves and challenge the way we think on particular issues Second we explore the real world of politics as it has been shaped over the last century of new technology As powerful a medium television proved to be to politics the latest technological breakthroughs have proved to be a paradigmatic shift From Twitter to Facebook our politicians are able to keep in almost constant contact with their constituencies which has vast implications for the way political discourse will progress Third we explore what happens when the real world and media collide Entertainment media change their messages when major political events happen such as the case when spymaster tropes were forced to evolve when 9/11 changed the international dynamic Robert Ludlum's Jason Bourne series had to be conceptualized on film in a new way after this event The more connected our political world and our popular world become and given the trends we can only assume they will become increasingly intertwined the more important it is for us to understand how these connections affect the world This volume is a powerful pass at comprehending all that is happening across the politicized popular world

Six Crises Signed 1st Edition Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the ability of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change.
