The Homeless Stefan Żeromski,2024-03-26 Although he was nominated for the Nobel Prize in literature four times Stefan Żeromski's work is not as widely known outside Poland as it should be Thus this elegant translation is most welcome A beautiful prescient story Celia Jeffries author of Blue Desert The first contemporary English edition of a Polish masterpiece Beautifully translated by Stephanie Kraft this new edition includes an Introduction by Jennifer Croft and Boris Dralyuk Tomasz Judym was born in a slum in Warsaw Against all odds he has become a doctor and he finds that his driving motivation to treat disadvantaged people like those he grew up with is at odds with the expectations of his peers He sees the unhealthy working and living conditions of the working class in twentieth century Poland wearing on those around him even as he strives to help them As he battles alone to do the kind of work that boards of health and other agencies do today Dr Judym wrestles inwardly with feelings of inferiority and revulsion caused by his difficult childhood His mission takes him out of the city and into the countryside bringing him into conflict with his other desires and the love that he feels for a sympathetic woman whose background differs fundamentally from his own The Homeless combines concrete detail about social issues the urgent need for public hygiene and access to medical treatment the effects of industrialization on health and the landscape and the disinterest that people in power have in the disadvantaged with beautiful artistic passages of prose that sensitively probe the characters inner lives The title comes not from the obvious reference to the impoverished people Dr Judym concerns himself with but from the unmoored status of the protagonist the woman he loves a mysterious engineer friend of his his brother and many others who find themselves rootless emotionally and physically alienated by class divides and the social upheaval of industrialization The Homeless is a portrait of the time and place it was written Poland on the precipice of the twentieth century that speaks to our current time and place

Paradigms of Paranoia Samuel Chase Coale,2019-05-14 An examination of the American fascination with conspiracy and the distrust it sows The recent popularity of *The DaVinci Code* and *The Matrix* trilogy exemplifies the fascination Americans have with conspiracy driven subjects Though scholars have suggested that in modern times the JFK assassination initiated an industry of conspiracy i e Vietnam and the Pentagon Papers Area 51 Iran Contra Affair Samuel Chase Coale reminds us in this book that conspiracy is foundational in American culture from the apocalyptic Biblical narratives in early Calvinist households to the fear of Mormon Catholic Jewish and immigrant populations in the 19th century Coale argues that contemporary culture a landscape characterized by doubt ambiguity fragmentation information overload and mistrust has fostered a radical skepticism so pervasive that the tendency to envision or construct conspiracies often provides the best explanation for the chaos that surrounds us Conspiracy as embodied in narrative form provides a fertile field for explorations of the anxiety lying at the heart of the postmodern experience Thomas Pynchon s *The Crying of Lot 49* Don DeLillo s *Underworld* Toni Morrison s *Jazz* and *Paradise* Joan Didion s *Democracy* Tim O Brien s *In the Lake of the Woods* and Paul Auster s *New York City Trilogy* are some of the texts Coale examines for their representations of isolated individuals at the center of massive anonymous master plots that lay beyond their control These narratives remind us that our historical sense of national identity has often been based on the demonizing of others and that American fiction arose and still flourishes with apocalyptic visions
