Winning business strategies from CEOs of 50 successful small businesses, some of which are now large corporations, who share their experiences to help those starting or growing their own business. Small business is the engine that drives America's new economy. In *The Engine of America*, former administrator of the Small Business Administration (SBA) Hector Barreto and veteran journalist Bob Wagman reveal the winning business strategies of CEOs from 50 companies. For all those starting or growing their own small business, the wisdom, experience, and counsel of these successful leaders provides inspirational and thoughtful advice on making it as an entrepreneur. In this book, Barreto shares details of business success and the insights he gained while administering the nation's largest small business loan training and counseling organization. Some of those sharing their stories in *The Engine of America* have grown their businesses from the most humble of beginnings into corporate giants whose brands are household names and whose operations are integral parts of the national economy.
