Snake Rolling In Hot:

Secret Soldiers of the Second Army Leslie A. Chapman, 2011-04-29 The book starts out picturing a young man who foolishly wants to go to war where he in visions himself receiving all these high class medals for heroism but never once taking into account what it is going to take physically and mentally to get those medals Hes constantly playing a head game within himself and those that surround him He like so many other young men of past eras are trying to be something that theyre not and that small initial lie grows into a tremendous reputation that he has to live with and soon regrets that hes known by such Come walk with the author and his brothers of the sword through the dark humid unforgiving jungles of Vietnam and experience the death destruction and mental sacrificial anguish they had to endure Come see why you fear being alone in the denseness of a jungle or a forest that you have never entered before Feel the heat of the Asian jungle floor intermixed with the leaches ants mosquitoes snakes and humans searching you out only to destroy you at any cost You see our author starts out innocently enough but soon finds out that war is not only a physical hardship demanding its pounds of flesh but also is a horrendous mental agonizing hazard from which there is only one means of escape and or retreat That means to an end is death Yes the author and his brothers of the sword will take their heroic missions and sacrificial allegiances to the grave with them But the real tragedy of it all is no one really cares about them in the first place For they were and still are the Secret Soldiers of the Second Army willing to go anywhere any time to do the impossible for the ungrateful
