Music in Films on the Middle Ages John Haines, 2013-10-30 This book explores the role of music in the some five hundred feature length films on the Middle Ages produced between the late 1890s and the

present day Haines focuses on the tension in these films between the surviving evidence for medieval music and the idiomatic tradition of cinematic music The latter is taken broadly as any musical sound occurring in a film from the clang of a bell off screen to a minstrel singing his song Medieval film music must be considered in the broader historical context of pre cinematic medievalisms and of medievalist cinema s main development in the course of the twentieth century as an American appropriation of European culture The book treats six pervasive moments that define the genre of medieval film the church tower bell the trumpet fanfare or horn call the music of banquets and courts the singing minstrel performances of Gregorian chant and the music that accompanies horse riding knights with each chapter visiting representative films as case studies These six signal musical moments that create a fundamental visual aural core central to making a film feel medieval to modern audiences originate in medievalist works predating cinema by some three centuries **That's All Folks?** Robin L. Screen Epiphanies Geoffrey Macnab, 2019-07-25. What I remember was that it was the first time a piece of fiction had had such a devastating emotional effect on me. A lot of children remember seeing cartoons like *Pinocchio* or *Bambi* or something that breaks their heart. I remember seeing *The Blue Angel* and it breaking my heart. It was the first time I realised there was an adult world that adults could damage each other or destroy each other emotionally. It might have fed into a whole series of epiphanies about my own upbringing. I was living in a family where my grandparents had separated in quite complex circumstances. Perhaps it resonated with some elements of that to do with simply how love can be a rupturing and damaging emotion as well as a healing one. Also to see somebody who is in an authority position made so small, so diminished by the feeling of having no control. Anthony Minghella *The Blue Angel*. In a strange, lethal way, I was suddenly wildly attracted to the process of filmmaking, even though it is described as a nightmare, a matter of horror in that film. There is a trance-like atmosphere. Suddenly I was reminded that you can feel like it's a matter of life and death when you make a film. It changed from being a mediocre feeling of emptiness in your life to something that feels necessary. I realised that filmmaking can be many things and it can be narcotic in a way. You can become addicted to it. Thomas Vinterberg *Hearts of Darkness*. *Screen Epiphanies* brings together 32 leading film makers to discuss the films that inspired them to pursue a career in the movie business or which influenced their own film making practice or which stayed with them because of their depictions of familiar communities, intense human relationships or unknown worlds. Beautifully illustrated with images from the films discussed, *Screen Epiphanies* is a thought-provoking and often moving insight into the creative process and the way in which artists are inspired by each other's work but also into the centrality of cinema in all our lives and its power to change our ambitions and how we see the world around us.

How Movies Work Bruce Kawin, 1992-01-17. *How Movies Work* offers the filmgoer an engaging and informative guide to the appreciation and evaluation of films. It provides a comprehensive consideration of movies from idea to script, casting, financing, shooting and distribution. Bruce Kawin addresses the book not just to students of film but to any filmgoer curious to know more about the process of the conception and creation of our favorite entertainment and art form.
