Cooper, 2010-02-10 For centuries it has been assumed that there are vast limits to human capacity Now although a host of scientific discoveries prove this wrong a mindset of limits persists blocking us from our greatest possibilities and leaving us feeling bombarded by stress change and uncertainty No matter how hard we work no matter how much we give we re still not getting what we hoped for There is another way Dr Robert Cooper a neuroscience pioneer and leadership advisor urges us to take a radically different view of human capacity

Get Off Your Donkey! Reggie McNeal, 2013-02-01 Jesus had little patience with institutional religion that cared for its own needs while neglecting the plight of ordinary people In one of his most famous parables he sets up as a model of Christian behavior a man who unlike some religious folks actually gets down off his donkey and helps a person in dire need With energy and enthusiasm Reggie McNeal calls believers to dismount get down and dirty and live a life that makes a difference He shows readers how to recalibrate their spiritual efforts to move from church centric service to greater community engagement in order to do their essential part in creating a world worth living in McNeal also shows readers that helping others actually helps the one doing the service just as much as the one being served In fact serving is the very best way to learn about yourself and grow spiritually Anyone who longs to have the impact on the world that Jesus did will love this provocative and inspirational message
