Frey Albert Romer Frey,1966 Nicknames and Sobriquets of U.S. Cities, States, and Counties Joseph Nathan Kane, Gerard L. Alexander,1979 Lists geographic nicknames by city county state and nickname **Nicknames and Sobriquets of U.S. Cities and States** Joseph Nathan Kane, Gerard L. Alexander,1970 First published in 1965 under title Nicknames of cities and States of the U S **The Use of Sobriquets in the Qumran Dead Sea Scrolls** Matthew A. Collins,2009-04-13 This book constitutes an examination of key sobriquets found among the Qumran Dead Sea Scrolls Its primary focus is literary rather than historical and concentrates on the function of the sobriquets as labels utilised positively or negatively within the sectarian compositions Noting the presence of standard

and variant forms of these designations this study examines the differing form and function of the sobriquets across the range of texts in which they appear More specifically it attempts to demonstrate that over time they underwent a developmental process changing in form and perhaps denotation Adopting a chronological schema that posits a Formative Early and Late Sectarian Period and concentrating on the sobriquets the Teacher of Righteousness and the Spouter of the Lie this investigation observes a development from contextualised scriptural typologies towards titular forms constituting discrete elements of sectarian terminology A more general evolutionary trend towards a definite standard form is also highlighted with so called variants representing earlier stages in this process further demonstrated by means of a supplementary case study involving the sobriquet the Seekers of Smooth Things Comparison of these results with sociological insights drawing upon the sociology of deviance and labelling theory suggests that this phenomenon can be understood against a wider context of labelling practices Thus it is demonstrated that the sobriquets function as tools for labelling deviance and affirming positive counterparts Furthermore it is suggested that the move towards definite titular forms reflects a process of role engulfment increased prototypically and the ultimate acquisition of master status
