

*Hidatsa Social and Ceremonial Organization*, a study of an important horticultural Plains Indian tribe, synthesizes the rich material Alfred W. Bowers recorded in the early 1930s from the last generation of Hidatsas who lived in the historic village of Like-a-Fishhook. This documentary record of their nineteenth-century lifeways is now a classic in American ethnography. The book is distinguished for its presentation of extensive personal and ritual narratives that allow Hidatsa elders to articulate directly their conceptions of traditional culture. It combines archeological and ethnographic approaches to reconstruct a Hidatsa culture history that is shaped by a concern for cultural detail stemming from the American ethnographic tradition of Franz Boas. At the same time, its concern for the understanding of social structure reflects the influence of the British structural-functional approach of A. R. Radcliffe-Brown. The most comprehensive account ever published on the Hidatsas, it is of enduring value and interest.

In his introduction Douglas R. Parks, associate director of the American Indian Studies Research Institute at Indiana University, discusses the place of Bowers's work in the history of the Plains Indians. He is the author of *Traditional Narratives of the Arikara Indians* (1991), also published by the University of Nebraska Press.

The Social and Ceremonial Organization of Cochiti Esther Schiff Goldfrank, 1993      The Social Organization of the Tewa of New Mexico Elsie Clews Parsons, Elsie Worthington Parsons, 1929      The Social and Ceremonial Organization of Cochiti, by Esther Schiff Goldfrank Esther Schiff Goldfrank, 1927      "The" Social and Ceremonial Organization of Cochiti Esther Schiff Goldfrank, 1915      **The Scalp Ceremonial of Zuni** Elsie Clews Parsons, 1924      *El Palacio*, 1918      Ceremonial Costumes of the Pueblo Indians Virginia More Roediger, 2023-12-22

When the University of California Press first published Roediger's *Ceremonial Costumes of the Pueblo Indians* in 1941 it was immediately hailed as both a beautiful book and the most comprehensive description ever of the making and meaning of the Pueblo costumes of New Mexico and Arizona. It has been widely acknowledged as a classic and eagerly sought after in antiquarian bookstores. Exactly fifty years after its original publication here is the book back in print with a new introduction by the renowned anthropologist Fred Eggan. Roediger's vivid paintings are reproduced once more in full color capturing the beauty and drama of the Pueblo ceremonies: the turquoise dance moccasins, the tableted headdress of the Zuni corn maidens, the bright blanketed Kachina maiden and the buffalo, brilliant eagle and horned deer costumes. It was Roediger who first viewed the ceremony and ritual of the Pueblo peoples as dramatic performance, a view that has gained great currency since. As a student of drama at Yale University she was fascinated by the intensely theatrical dimension to Pueblo worship and it is this original perspective that informs and illuminates her study. After a brief survey of the history, location and life of the Pueblo peoples, Roediger embarks on a thorough analysis of the materials used in the Pueblo costumes. She explains both their symbolic significance and their manufacture, from the weaving of cloth and the tanning of leather to the preparation of birds' feathers, evergreens, paints and dyes. She then provides a meticulous description of the costumed dancer: body paint, garments, ornaments, accessories and dance properties such as rattles, headdresses and masks. In her final section, Roediger explores the relation of the costumes to the prayer dramas, particularly to the reverential, solemn, ecstatic public dance with which these climax. Vivid details emerge here about such rituals as the animal dances from the Rio Grande region and the Rain Dance of the Zuni. Fifty years after its original publication, Virginia Roediger's book remains the most comprehensive study of the ceremonial costumes of the Pueblo peoples. A book of great visual appeal and unrivaled detail, it will be welcomed back by scholars and general readers alike. When the University of California Press first published Roediger's *Ceremonial Costumes of the Pueblo Indians* in 1941 it was immediately hailed as both a beautiful book and the most comprehensive description ever of the making and meaning of the Pueblo costumes.

**The Keresan Bridge** Robin Fox, 2021-01-07. This is an unusual excursion into American Indian culture history by a British social anthropologist. It examines theories of the development of different Pueblo social structures with particular attention to Eggan. From a detailed re-analysis of the evidence and a consideration of material from the Eastern Keresan Pueblo of Cochiti based on his own fieldwork, Dr Fox concludes that the theory that all Pueblos were derived from a

common base is no longer tenable and that a diversity of origins is more probable Apart from its contribution to Amerindian studies the book is of particular interest as an approach to modern culture history by a social anthropologist Memoirs of the American Anthropological Association ,1924 Archaeology of Communities Marcello-Andrea Canuto,Jason Yaeger both at,2012-11-12 Wide range of approaches and settings unlike other books on similar topics International appeal on America centered courses Appeal for courses such as landscape studies and settlement Some contributors with enormous reputations in this collection Joyce Isbell Marcus Preucel Crucible of Pueblos James R.
