Social Change and Politics in Turkey K.H. Karpat, 2021-11-15 **Social Change and Politics in Turkey** Kemal H. Karpat, 1973 Social Change and Politics in Turkey Kemal H. Karpat, İlhan Basöz, 1973 **Migration, Identity and Politics in Turkey from the Ottoman Empire to Today** Pinar Çaglayan, Gökçe Bayındır Goularas, Isil Zeynep Turkan Ipek, Edanur Önel, 2024-04-30 International migration the flow of people across international boundaries has been studied from several perspectives especially since the Syrian civil war in 2011 Migration Identity and Politics in Turkey from the Ottoman Empire to Today aims to explore the motivation of migration the social integration or disintegration the migration process to the host country and the development and creation of new migrant identities A lot of studies deal with the subject of international migration especially regarding the civil rights of migrants economic impacts of migration or international policies related to migration but a micro based analysis on migrants culture political social identities and attitudes generational transformation moral and mental stated historical approach is limited In this regard the book differs from other works in that it includes comprehensive and historical analyzes of internal and external migration since the Ottoman Empire rather than just focusing on current international migration to Turkey as well as an identity based and cultural perspective that goes beyond the social economic and political perspective *The Revolution of 1908 in Turkey* Aykut Kansu, 2021-10-11 This is a detailed account and an excellent narrative history of the often neglected period 1906 1908 in Turkey in which the prelude and aftermath of the revolution and elections of 1908 took place The year 1908 opened a new era of representative government and the social and political developments leading to the overthrow of the ancien régime are carefully and fascinatingly given Historians and general readers will find The Revolution of 1908 in Turkey a thought provoking book which will resound in the discussion of the validity of Kemalist or quasi Kemalist historiography and therefore provide a major contribution to the field **Authoritarian Party Structures and Democratic Political Setting in Turkey** P. Musil, 2011-12-22 Conducting a comparative case study among four parties in the Turkish political system this study shows how the variance in interest configurations and the power resources of local party activists constitute these changing patterns Turkish Accession to the EU Eric Faucompret, Jozef Konings, 2008-05-23 Turkey is without doubt the most controversial candidate for accession to an enlarged EU This book takes a cross disciplinary approach to assess the extent to which it is satisfying the Copenhagen criteria **Negotiating Political Power in Turkey** Elise Massicard, Nicole Watts, 2013 This book examines how individuals and groups within particular political parties in Turkey gain influence and control over party resources and decision making and relatedly to examine party relationships with non party actors particularly social groups and identities to study how parties and groups within parties interact with gain strength from and compete with non party players in their quest for control over local and national political landscapes Interest Groups and Political Development in Turkey Robert Bianchi, 2014-07-14 This book shows that governmental efforts to expand corporatism

in the major occupational associations intensified conflict in and between socioeconomic sectors encouraged militancy from disaffected group leaders and promoted polarization between pluralist and corporatist associations Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Turkey facing east Ayla Gol, 2015-11-01 Turkey facing east is about the importance of Turkey's relations with its Eastern neighbours Azerbaijan Armenia and the Soviet Union during the emergence of the modern Turkish nation state from the ruins of the Ottoman Empire The principal strength of this book is that it not only combines historical and theoretical arguments in order to provide a better understanding of the foreign relations of a predominantly Muslim country from a critical and interdisciplinary perspective but it also applies the new approach to the analysis of Turkish foreign policy towards the South Caucasus between 1918 and 1921 Hence it stands out with its original interdisciplinary approach to the Turkish transition and foreign policy making that offers perspectives on the extant possibilities for the particular transitional states resulting from the Arab spring uprisings

The Rise of Hybrid Political Islam in Turkey Sevinç Bermek, 2019-05-14 This book charts the economic social and political rise of the Justice and Development Party JDP as well as its political resilience over the last sixteen years Going beyond the standard dichotomy debate of political Islam versus secularism the author shows how the JDP a political party with substantial roots in political Islam came to power in 2002 as an outcome of the socioeconomic transformation process that started in the country in the 1980s The book further illustrates how the party consolidated its ruling power by catering to its core constituencies via a multifaceted set of policies that gave rise to the emergence of a powerful political machine A careful analysis of the JDP's policy agenda highlights the discrepancy between the party's discourse and its supply of policies Furthermore the author shows how the party has skilfully re framed its ideological stance by changing alliances and in analysing this hybrid ideological framing she presents key underpinnings of the party that paved the way to a fundamental restructuring of the Turkish party system and establishment of a new regime that replaced the old guard This book will be of interest to academics graduate students and researchers interested in comparative politics political science and sociology

The political economy of Turkey's integration into Europe Elif Uzgören, 2025-03-11 This book examines Turkey's integration with Europe within structural dynamics of globalisation from a critical political economy perspective Critical approaches have been sidelined within European Studies Turkish enlargement is not an exemption The analyses are based on original data generated by 109 interviews conducted in 2010 2017 and 2023 with five categories of actors representatives of capital and labour political parties state officials and struggles around

ecology patriarchy and migration It argues that the pro membership was hegemonic in the 2000s which was contested by two rival class strategies Ha vet and neo mercantilism In the 2010s pro membership is no longer hegemonic within rising critical tone of social forces supporting rival class strategies Unevenness of Turkey s trajectory of integration to Europe is likely to be consolidated through market integration and management of migration through transactional approach

Conventional Versus Non-conventional Political Participation in Turkey Cristiano Bee,Ayhan Kaya,2018-12-07 This book focuses on the emergence of different forms of civic and political activism in Turkey It has taken into account different components of active citizenship specifically looking at the development of civic and political forms of activism that bridge the realms of conventional and non conventional participation Focusing on the effects of the 2013 Gezi Park protests which originated in Istanbul but spread throughout the country this book reflects on how this experience might re orient current on civic and political participation in Turkey Specifically focusing on the main dynamics of non conventional forms of civic and political activism this volume attempts to understand the impact of non conventional forms of political participation on voting behaviour The internal domestic conditions of the country as well as its role in the international arena have dramatically changed since 2013 and are constantly evolving due to the domestic societal and political cleavages and the regional problems in the Middle East Yet the papers in the book reflect upon the significance of occupygezi nowadays demonstrating not only its importance in questioning the link between the patrimonial state and its citizens but also for stimulating participatory behaviours The chapters originally published as a special issue in Turkish Studies Religion and Political

International Labour Office. Central Library and Documentation Bureau,1995 *Religion, Politics, and Turkey's EU*

Accession D. Jung,2008-09-29 This book brings together historians political scientists social anthropologists and legal scholars from Turkey and the EU The authors address questions such as the role of religion in EU membership debates religious parties in Turkey and Europe religion and European security freedom of religion and minority rights in Turkey and the EU *Democracy and Capitalism in Turkey* Devrim Adam Yavuz,2023-02-23 While a positive correlation between

capitalism and democracy has existed in Western Europe and North America the example of late industrializing nations such as Turkey has demonstrated that the two need not always go hand in hand and sometimes the interests of business coincide more firmly with anti democratic forces This book explores the factors that compelled capitalists in Turkey to adopt a more pro democratic ideology by examining a leading Turkish business lobby T SIAD which has been pushing for democratic reform since the 1990s despite representing some of the largest corporation owners in Turkey and having supported the state s authoritarian tendencies in the past such as the military coup of 1980 Drawing on roughly 70 interviews with influential members of T SIAD and individuals close to them the book reveals that business leaders were willing to break away from the state due to the conflict between their evolving economic needs and power with a political elite and state that

were unwilling to cater to their demands In so doing the book provides a rich account of business state relations in Turkey as well as providing a case study for the wider study of democracy and capitalism in developing nations **Islamic Political**

Identity in Turkey M. Hakan Yavuz, 2003-08-28 In November of 2002 the Justice and Development Party swept to victory in the Turkish parliamentary elections Because of the party's Islamic roots its electoral triumph has sparked a host of questions both in Turkey and in the West Does the party harbor a secret Islamist agenda Will the new government seek to overturn nearly a century of secularization stemming from Kemal Atatürk's early twentieth century reforms Most fundamentally is Islam compatible with democracy In this penetrating work M Hakan Yavuz seeks to answer these questions and to provide a comprehensive analysis of Islamic political identity in Turkey He begins in the early twentieth century when Kemal Atatürk led Turkey through a process of rapid secularization and crushed Islamic opposition to his authoritarian rule Yavuz argues that since Atatürk's death in 1938 however Turkey has been gradually moving away from his militant secularism and experiencing a quiet Muslim reformation Islamic political identity is not homogeneous says Yavuz but can be modern and progressive as well as conservative and potentially authoritarian While the West has traditionally seen Kemalism as an engine for reform against reactionary political Islam in fact the Kemalist establishment has traditionally used the Islamic threat as an excuse to avoid democratization and thus hold on to power Yavuz offers an account of the soft coup of 1997 in which the Kemalist military bureaucratic establishment overthrew the democratically elected coalition government which was led by the pro Islamic Refah party He argues that the soft coup plunged Turkey into a renewed legitimacy crisis which can only be resolved by the liberalization of the political system The book ends with a discussion of the most recent election and its implications for Turkey and the Muslim world Yavuz argues that Islamic social movements can be important agents for promoting a democratic and pluralistic society and that the Turkish example holds long term promise for the rest of the Muslim world Based on extensive fieldwork and interviews this work offers a sophisticated new understanding of the role of political Islam in one of the world's most strategically important countries Between Military Rule and Democracy Yaprak

Gursoy, 2017-07-06 Why do the armed forces sometimes intervene in politics via short lived coups d'état at other times establish or support authoritarian regimes or in some cases come under the democratic control of civilians To find answers Yaprak Gursoy examines four episodes of authoritarianism six periods of democracy and ten short lived coups in Greece and Turkey and then applies her resultant theory to four more recent military interventions in Thailand and Egypt Based on more than 150 interviews with Greek and Turkish elites Gursoy offers a detailed analysis of both countries from the interwar period to recent regime crises She argues that officers politicians and businesspeople prefer democracy authoritarianism or short lived coups depending on the degree of threat they perceive to their interests from each other and the lower classes The power of elites relative to the opposition determined in part by the coalitions they establish with each other affects the success of military interventions and the consolidation of regimes With historical and theoretical depth Between Military Rule

and Democracy will interest students of regime change and civil military relations in Greece Turkey Thailand and Egypt as well as in countries facing similar challenges to democratization
