### **Developmental and Life-course Criminological Theories**

Tara Renae McGee, Paul Mazerolle, 2017-07-05. The developmental and life course perspective in criminology came to prominence during the late 1980s and throughout the 1990s a number of theories were developed to explain offending behavior over the life course. This volume brings together theoretical statements, empirical tests and debates of these major theories within the developmental and life course criminology perspective. In the first section of the book original theoretical statements are provided and this is followed by a section which includes empirical tests of each of these theories conducted by researchers other than the original theorists. The final section of the book provides a summary of the major debates both within the developmental and life course perspective and also between this perspective and others within criminology. This comprehensive volume provides an informative overview of the developmental and life course perspective in criminology.

Aggression and Antisocial Behavior in Children and Adolescents Daniel F. Connor, 2004-07-12. This comprehensive volume reviews and synthesizes a vast body of knowledge on maladaptive aggression and antisocial behavior in youth. Written from a clinical developmental perspective and integrating theory and research from diverse fields, the book examines the origins, development, outcomes and treatment of this serious problem in contemporary society. Major topics addressed include the types and prevalence of aggressive and antisocial behavior, the interplay among neuropsychiatric, psychosocial and neurobiological processes in etiology, known risk and protective factors, gender variables and why and how some children grow out of conduct disturbances. Chapters also discuss current approaches to clinical assessment and diagnosis and review the evidence for widely used psychosocial and pharmacological interventions.
