Open University

Social Class In America And Britain:

Social Inequalities in Comparative Perspective Fiona Devine, Mary C. Waters, 2008-04-15 This unique collection of original essays brings a comparative perspective to issues of social inequality. First rate sociologists from around the world have contributed to this exciting and rigorous volume drawing upon their own research in the fields of race and ethnicity, class and inequality and gender and sexuality. Contains original essays by first rate scholars on issues of social inequalities around the world. Features research and examples from the USA, Canada, UK, Australia, France, Portugal, Finland and Japan. Reviews research on issues of social inequalities from the fields of race, class and gender. Reflects on methodological issues and the strengths of qualitative research. Provides students with an important overview of the development of social stratification studies.

Negroes in Britain K. L. Little, 2013-09-05 This is Volume XII in a series of twenty one on Class, Race and Social Structure. Originally published in 1948, this volume offers a study of racial relations in English society using language of the time.

Evangelical Christianity in the United States and Great Britain J. Soper, 1994-06-28 A significant scholarly work. Its continuous assessment of different theories of social movement formation, its unique contentions concerning the mechanisms by which groups become politically mobilized and its insightful comparative analysis make this an important study.

C. Smidt, Calvin College: a helpful contribution to the continuing debate on the nature of evangelicalism and its relationship to political action.

Richard Turnbull, Church of England Newspaper: This book examines the factors that have contributed to evangelical Christian politics in the United States and Great Britain in the past two centuries. Through a careful analysis of the temperance and abortion movements, the book shows how evangelical religious beliefs and cultural values led believers in America and Britain to form political protest groups. The book also assesses the outcome of evangelical politics by showing how political institutions unique to each nation shaped the social expression of religious values.

Britain and America Open University, 1997-01-01 Britain and the United States share a common language, a liberal and cultural heritage and a democratic political system. They also have pronounced differences. For their economic, political and social structures have developed in distinctive ways. This book compares and contrasts the historical course of the two countries and explores the significance of their similarities and differences over a period of two centuries. The book offers wide ranging and up to date analyses of such issues as industrialization and urbanization, democracy and politics, class and gender and citizenship and welfare. With contributions from leading scholars in both countries, it will be an invaluable resource for classrooms and seminar study, appealing to students of both history and social science. Some of the essays are classic expositions of debates that resonate on both sides of the Atlantic. Others are exemplary pieces that signal new agendas for research.

Contributors: Anthony Badger, Mark Clapson, J. C. D. Clark, Clive Emsley, Mary K. Geiter, H. J. Habakkuk, Jeffrey Haydu, Ira Katznelson, Leon S. Marshall, David Morgan, Ann Shola Orloff, Gretchen Ritter, S. B. Saul, Theda Skocpol, W. A. Speck and David Ward.

Social Class in America and Britain Fiona Devine, 1997 Social Class in America and Britain is

the first introductory textbook to combine a clear comparative study of social class with the latest research **Class and Other Identities** Lex Heerma van Voss, Marcel van der Linden, 2002 With the onset of a more conservative political climate in the 1980s social and especially labour history saw a decline in the popularity that they had enjoyed throughout the 1960s and 1970s This led to much debate on its future and function within the historical discipline as a whole Some critics declared it dead altogether Others have proposed a change of direction and a more or less exclusive focus on images and texts The most constructive proposals have suggested that labour history in the past concentrated too much on class and that other identities of working people should be taken into account to a larger extent than they had been previously such as gender religion and ethnicity Although class as a social category is still as valid as it has been before the questions now to be asked are to what extent non class identities shape working people s lives and mentalities and how these are linked with the class system In this volume some of the leading European historians of labour and the working classes address these questions Two non European scholars comment on their findings from an Indian resp American point of view The volume is rounded off by a most useful bibliography of recent studies in European labour history class gender religion and ethnicity *Handbook of Studies on Men and Masculinities* Michael S. Kimmel, Jeff Hearn, Raewyn Connell, 2005 In the past research in the field of gender has mainly addressed issues about women and has for the most part been developed by women Recently the study of gender has rapidly expanded and there has been a growing interest in men s and boys identities conduct and problems The Handbook of Studies on Men and Masculinities is an interdisciplinary and international culmination of the growth of men s studies that also offers insight about future directions for the field The Handbook provides a broad view of masculinities primarily across the social sciences with the inclusion of important debates in some areas of the humanities and natural sciences The various approaches presented in this Handbook range across different disciplines theoretical perspectives methodologies and conceptualizations in relation to the topic of men Editors Michael S Kimmel Jeff Hearn and Robert W Connell have assembled an esteemed group of contributors who are among the best known experts in their particular fields The Handbook of Studies on Men and Masculinities examines the construction of masculinities in four different frames the social organization of masculinities in their global and regional iterations the institutional reproduction and articulation of masculinities the ways in which masculinities are organized and practiced within a context of gender relations and the ways in which individual men express and understand their gendered identities The Handbook is organized in a way that moves from the larger global and institutional articulations of masculinities to the more intimate and personal expressions The Handbook of Studies on Men and Masculinities provides scholars researchers and students with the most current incisive scholarship available for the men s studies area of gender studies It is a vital resource for those interested in the practical or cultural issues about men boys and gender as well as an excellent addition to any academic library *Encyclopedia of Identity* Ronald L. Jackson, Michael A. Hogg, 2010-06-29 Alphabetically arranged entries offer a comprehensive overview of

the definitions politics manifestations concepts and ideas related to identity *Social Mobility in Nineteenth- and Early Twentieth-Century England* A. Miles,1999-04-12 This pioneering book provides the first systematic historical analysis of occupational and social mobility in England Using a collection of over 10 000 marriage certificates to examine inter generational change and almost 500 autobiographical texts and abstracts to explore the dynamics of career mobility it shows how the development of the nineteenth century economy was accompanied by rising rates of mobility which made English society more open while at the same encouraging a distinct process of working class formation *Western Europe, Great Britain and Canada* ,1967 **Building the New World** Erik Olssen,2013-10-01 These essays are the result of a study of the Dunedin working class suburb of Caversham Olssen discusses a number of important theoretical issues the writing of history the question of class the role of gender the nature of work and the growth of the labor movement are all explored *Class Matters* Simon Middleton,Billy G. Smith,2011-06-03 As a category of historical analysis class is dead or so it has been reported over the past two decades The contributors to Class Matters contest this demise Although differing in their approaches they all agree that socioeconomic inequality remains indispensable to a true understanding of the transition from the early modern to modern era in North America and the rest of the Atlantic world As a whole they chart the emergence of class as a concept and its subsequent loss of analytic purchase in Anglo American historiography The opening section considers the dynamics of class relations in the Atlantic world across the seventeenth and eighteenth centuries from Iroquoian and Algonquian communities in North America to tobacco lords in Glasgow Subsequent chapters examine the cultural development of a new and aspirational middle class and its relationship to changing economic conditions and the articulation of corporate and industrial ideologies in the era of the American Revolution and beyond A final section shifts the focus to the poor and vulnerable tenant farmers infant paupers and the victims of capital punishment In each case the authors describe how elite Americans exercised their political and social power to structure the lives and deaths of weaker members of their communities An impassioned afterword urges class historians to take up the legacies of historical materialism Engaging the difficulties and range of meanings of class the essays in Class Matters seek to energize the study of social relations in the Atlantic world **America in the British Imagination** J. Lyons,2013-12-18 How was American culture disseminated into Britain Why did many British citizens embrace American customs And what picture did they form of American society and politics This engaging and wide ranging history explores these and other questions about the U S s cultural and political influence on British society in the post World War II period **Parties, Polarization and Democracy in the United States** Donald C. Baumer,Howard J. Gold,2015-11-17 As evidenced in the 2008 elections and the transition to a new era of Democratic governance one of the most important developments in American politics in recent years has been the resurgence of political parties Democrats and Republicans represent different world views and policies citizens recognise these differences and many of them use party labels to make sense of the political world Parties Polarisation and Democracy

in the United States describes and analyses the place of political parties in American politics today both among elites and citizens at large Many scholars and pundits denounce political polarisation they view it as a symptom of a broken political system that provides unappealing choices for voters and that is frequently mired in deadlock Baumer and Gold make a different argument that party polarisation offers the kind of choice and accountability to voters that was not always present in earlier periods of American political history The British Business Elite John Fidler,2024-11-01 First published in 1981 The British Business Elite is a study of the attitudes to class status and power of top businessmen in Great Britain based upon first hand interviews with chairmen chief executives and other directors of Britain s largest industrial banking and insurance companies men of genuine wealth and power Dr Fidler produces important empirical data in a field of study which has been plagued with problems of access a field in which much of the theory has been based on assumptions The book includes a careful examination of the background and career of those interviewed a discussion of the way in which businessmen see the objectives of their companies particularly relevant to the long standing debate over the ownership and control of corporations their views of class and status and of the power of businessmen in Britain Finally Dr Fidler considers the implications of the research for future theory and investigation *Bodily Communication* Michael Argyle,2013-04-15 Non verbal communication the eye movements facial expressions tone of voice postures and gestures that we all use more or less consciously and more or less effectively can enhance or diminish every form of social interaction Michael Argyle s second edition of *Bodily Communication* is an invaluable up to date guide for students of the subject In the last ten years NVC has become recognized as an important part of social psychology and of professional training particularly in social work education and management Greatly expanded from the first edition and significantly revised this second edition has two completely new chapters on social skills and personality and a new chapter on research methods The author a pioneer in the study of non verbal communication presents the second edition in the same accessible style as the first bringing to the reader both his intense interest in the subject and his authoritative knowledge of it **Old People in Three Industrial Societies** Ethel Shanas,Peter Townsend,Dorothy Wedderburn,Henning Kristian Friis,Poul Milhoj,Jan Stehouwer,2017-07-12 Robert and Helen Lynd s *Middletown* set the format in sociological theory and practice for hundreds of studies in the decades following its publication in 1929 *Old People in Three Industrial Societies* may well set similar standards for studies in its field for many years to come In addition to achieving a significant breakthrough in the progress of sociological research techniques the book offers a monumental cross cultural exposition of the health family relationships and social and economic status of the aged in three countries the United States Britain and Denmark **Graduates** R.K. Kelsall,Anne Poole,Annette Kuhn,2024-12-06 *Graduates* 1972 examines the careers of UK graduates for six years following their successful completion of their degrees It takes a detailed look at the issues of social mobility formal education family influences achievement motivation differences between the sexes social origins and the role of educated women in society **Me, Me, Me** Jon

Lawrence,2019-09-01 Many commentators tell us that in today s world everyday life has become selfish and atomised that individuals live only to consume But are they wrong In Me Me Me Jon Lawrence re tells the story of England since the Second World War through the eyes of ordinary people including his own parents to argue that in fact friendship family and place all remain central to our daily lives and whilst community has changed it is far from dead He shows how in the years after the Second World War people came increasingly to question custom and tradition as the pressure to conform to societal standards became intolerable And as soon as they could millions escaped the closed face to face communities of Victorian Britain where everyone knew your business But this was not a rejection of community per se but an attempt to find another new way of living which was better suited to the modern world Community has become personal and voluntary based on genuine affection rather than proximity or need We have never been better connected or able to sustain the relationships that matter to us Me Me Me makes that case that it s time we valued and nurtured these new groups rather than lamenting the loss of more real forms of community it is all too easy to hold on to a nostalgic view of the past

Margaret Thatcher and Ronald Reagan J. Cooper,2012-10-10 A new exploration of the relationship between the Margaret Thatcher and Ronald Reagan administrations in domestic policy Using recently released documentary material and extensive research interviews James Cooper demonstrates how specific policy transfer between these political soul mates was more limited than is typically assumed

Social Class In America And Britain Introduction

In the digital age, access to information has become easier than ever before. The ability to download Social Class In America And Britain has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Social Class In America And Britain has opened up a world of possibilities. Downloading Social Class In America And Britain provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Social Class In America And Britain has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Social Class In America And Britain. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Social Class In America And Britain. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Social Class In America And Britain, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Social Class In America And Britain has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available

and embark on a journey of continuous learning and intellectual growth.

FAQs About Social Class In America And Britain Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Social Class In America And Britain is one of the best book in our library for free trial. We provide copy of Social Class In America And Britain in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Social Class In America And Britain. Where to download Social Class In America And Britain online for free? Are you looking for Social Class In America And Britain PDF? This is definitely going to save you time and cash in something you should think about.
