Stendhal Et L'argent:

Stendhal et l'argent, 1994 **Stendhal et l'argent** Mus Ee de La Monnaie, 1993 **Vom Mittelalter zur Moderne** Kurt Ringger, 1991 *Stendhal et l'argent*, *Stendhal's Parallel Lives* Francesco Manzini, 2004 This book deals with the important and hitherto neglected relationship between the works of Stendhal and Plutarch's Parallel Lives Stendhal's readings of Plutarch are shown to inform his literary representations of Revolution and Empire Restoration and Orleanism as well as his theorizations of Romanticism In particular the Plutarchan concept of Parallel Lives is used to analyse one of the major themes of Stendhal's writing the self construction of individual identity whether auto biographical or fictional by means of the emulation as distinct from the imitation of heroic exemplars As a consequence the balance between irony and idealism often identified by critics in Stendhal's work is shown rather to be an imbalance weighted in favour of an idealism derived from Plutarchan conceptions of heroism particularly as they are represented in the Lives of Julius Caesar and Marcus Brutus **Romantisme et politique, 1815-1851** Collectif, École normale supérieure de Saint-Cloud, 1969-01-01 T00:00:00+01:00 Cet ouvrage est une r dition num rique d un livre paru au XXe si cle d sormais indisponible dans son format d origine **La pensée du paradoxe** Didier Philippot, Fabienne Bercegol, 2006 **Bollettino del C.I.R.V.I.**, 1987 **Local Colour** Vladimir Kapor, 2009 Local colour is an undertheorized notion Although the expression itself is nowadays used in everyday speech in both French and English its domestication only further highlights the need for a clarifying study of this concept which has come to be crucial in aesthetic debates From the seventeenth century rift between Poussinistes and Rub nistes to the genesis of Romanticist aesthetic theories in early nineteenth century France to the North American regionalist prose of the Local colour movement from Roger de Piles to Benjamin Constant Victor Hugo Prosper M rim e and Hamlin Garland this book sets out to map for the first time couleur locale's three hundred year journey across centuries languages and genres In addition to proposing a genealogy of the concept and the paths of its semantic evolution it also initiates a reflection on the factors that could have prompted the mobility of the term across cultures art forms and their metalanguages **Nineteenth-century French Studies**, 1989 **Aragon, romancier de la Grande Guerre et penseur de l'Histoire** Marie-France Boireau, 2013-09-23 Aragon est un homme marqu par l Histoire n en 1897 il a connu les deux grands conflits mondiaux mobilis en 1918 et 1939 l entre deux guerres la R sistance la guerre froide Dans les romans du Monde r el un v nement domine tous les autres la guerre plus particuli rement la Grande Guerre Pendant longtemps il refusera de la nommer Mais quand il r pond l appel du roman il ne peut chapper au vertige apocalyptique de telle sorte que tous les romans du Monde r el ont pour perspective ou pour fin l apocalypse moderne la guerre *Le Correspondant*, 1919 *A History of French Literature* Charles Henry Conrad Wright, 1925 **La Nouvelle revue**, 1909 **French Romantic Travel Writing** Christopher W. An Outline of Romanticism in the West John Claiborne Isbell,2022-09-05 Navigating the landscape of Romantic literature and art across Europe and the Americas An Outline of Romanticism in the West invites readers to embark upon a literary journey Showcasing a breadth of theoretical and contextual approaches to the study of Romanticism John Isbell provides an insightful contemporary overview of the field paired with wide ranging comparative reflections on the art and literature that helped shape it Discussing seminal Romantic texts such as Mary Shelley s *Frankenstein* or Germaine de Sta l s *Corinne ou l Italie* Isbell provides a foundation through which to investigate core concepts such as the continuum of Romance the Romantic hero and Romantic literature s characteristic repudiation of its own Romanticism Unusually for a single author monograph the book includes both published and unpublished material covering Romantic creation across Europe and the two Americas Identifying Romanticism as an international movement Isbell seeks to emphasise a theme frequently ignored by many academics the roots of Romanticism and its variations as a national art His arguments are supported by extensive interrogations of the political and historical contexts that moulded the outlooks of the writers and artists central to the period An Outline of Romanticism in the West underlines the interplay between nationalism history and artistic inspiration and will therefore be of value to students and scholars of literature and history as well as to general readers with an interest in Romanticism in the West *Literature and Money* ,2023-12-18 At a time when the dull rationality of the money calculus seems to be making ground in every sphere it is perhaps opportune to reopen the question of literature and its relations with a rationality defined according to the logic of economic exchange what kinds of value flow from such a rationality and what possibilities of resistance are there if we happen not to like the model and its more rebarbative ideological implications Historically attempts to reduce the richness of human exchange to utilitarian or economic paradigms have met with counter cultural expressions of dissent and defiance And yet the search for an authentic community outside the reifications and repressions of economic exchange presents its own ambiguities and pitfalls since the attempt to ground value in other spheres can function ideologically to secure and legitimize the very values it seeks to oppose This is especially true in literature and other expressions of high culture where mobilizations of the aesthetic or the textual as a site of resistance to economic hegemony are frequently recuperated in advance by the dominant discourse The essays collected here tend then to explore in various ways not only the ideological implications of literary or more broadly cultural representations or constructions of economic exchange but also the often complex mediations that such constructions enter into with different kinds of oppositional discourse **Revue d'histoire littéraire de la France** Maurice Tourneux,1924
