### **Stephen Leacock His Remarkable Life:**

**Stephen Leacock** Albert Moritz, Theresa Anne Moritz, 2004-05 The most comprehensive and thoroughly researched biography of this great humorist it alone will form the background for appreciating the source of Leacock's humor and its significance in his lifetime and ours      **Extraordinary Canadians: Stephen Leacock** Margaret MacMillan, 2009-03-31 Stephen Leacock's satiric masterpiece *Sunshine Sketches of a Little Town* captures the Empire forever mentality that marked Anglo Canadian life in the early decades of the twentieth century Historian Margaret Macmillan whose books *Women of the Raj* and *Paris 1919* cast fresh light on the colonial legacy has great affection for Leacock's gentle wit and sharp eyed insight The renowned historian examines Leacock's life as a poor but ambitious student who rose to become an economist celebrated academic and most importantly the beloved humorist who taught Canadians to laugh at themselves

**Encyclopedia of Post-Colonial Literatures in English** Eugene Benson, 2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide      Canadian Literatures in English, Volume One - Second Edition Cynthia Sugars, Laura Moss, 2025-07-28 The long awaited second edition of *Canadian Literatures in English* has been updated throughout to include recent scholarship and fresh literary works As with the previous edition the anthology reflects the editors commitment to historical contextualization cultural inclusion and a nuanced understanding of critical debates over the long literary history of what is now Canada New to the second edition are works by Catharine Parr Traill Edith Maude Eaton L M Montgomery Ethel Wilson and others      The Terrific Engine David Tough, 2018-05-15 What do we mean by left wing or right wing People started using the language of a political spectrum when early twentieth century political parties began to distinguish their platforms by offering different approaches to income distribution The *Terrific Engine* examines how the powerful tool of income taxation transformed the way people talk and think about politics in Canada Drawing on heated debates that demonstrated the imaginative power of income taxation David Tough traces the modernization of political language from the 1911 election through the Second World War Countering a strongly held myth that income taxation was imposed on a reluctant public Tough argues that its introduction is in fact a story of democracy People first demanded that this new form of taxation replace existing ones and then that it be used to address income inequality And in establishing a clear basis for party differences income taxation made elections significantly more democratic      Mental Hygiene Ray Robertson, 2009-10-19 One of today's best young novelists Ray Robertson is also one of its ablest critics *Mental Hygiene* is a collection of his most entertaining insightful controversial and funniest reviews and essays written over the last five years Believing that writers have a responsibility to help maintain the mental hygiene of their time Robertson following in the footsteps of Mordecai

Richler and other novelist critics such as Anthony Burgess Kingsley and Martin Amis and John Updike is at the front line of contemporary literary debate Whether castigating the bland cabal he refers to as McCanlit poking fun at the trendy ephemera of intellectual fashion or arguing for his own unique fictional aesthetic Robertson pulls no punches and suffers no fools

**The Mini-Cycle** Allan Weiss, 2021-05-06 While scholars have been studying the short story cycle for some time now this book discusses a form that has never before been identified and named let alone analyzed the mini cycle A mini cycle is a short story cycle made up in most cases of only two or three stories This study looks at mini cycles spanning the period from Anton Chekhov's little trilogy 1898 to the Alphinland stories in Margaret Atwood's

Stone Mattress 2014 including texts by such authors as Stephen Leacock Alice Munro Robert Olen Butler and Clark Blaise Consideration is also given to marginal examples like Sherwood Anderson's *Godliness A Tale in Four Parts* 1919 which can be seen as one story or four distinct texts unified under one title and to what is called the exploded mini cycle one whose component stories are published with intervening stories between them rather than consecutively For each mini cycle the analysis is based on close reading of both the linking elements character imagery symbolism and so forth and the rhetorical and aesthetic effects of the mini cycle's being made up of distinct stories rather than constructed as one long narrative
