

Stephens Frog

A. E. Clark-Kennedy

Stephens Frog:

The Book of Frogs Tim Halliday, 2016-01-29 A huge beautiful compendium of 600 frogs from around the world from the famed poison arrow variety on up to the intriguingly named plaintive rain frog Wired With over 7 000 known species frogs display a stunning array of forms and behaviors A single gram of the toxin produced by the skin of the Golden Poison Frog can kill 100 000 people Male Darwin s Frogs carry their tadpoles in their vocal sacs for sixty days before coughing them out into the world The Wood Frogs of North America freeze every winter reanimating in the spring from the glucose and urea that prevent cell collapse The Book of Frogs commemorates the diversity and magnificence of all of these creatures and many more Six hundred of nature s most fascinating frog species are displayed with each entry including a distribution map sketches of the frogs species identification natural history and conservation status Life size color photos show the frogs at their actual size including the colossal seven pound Goliath Frog Accessibly written by expert Tim Halliday and containing the most up to date information The Book of Frogs will captivate both veteran researchers and amateur herpetologists As frogs increasingly make headlines for their troubling worldwide decline the importance of these fascinating creatures to their ecosystems remains underappreciated The Book of Frogs brings readers face to face with six hundred astonishingly unique and irreplaceable species that display a diverse array of adaptations to habitats that are under threat of destruction throughout the world If you are a serious and I mean serious fan of the frog you are in for a real treat Boing Boing Frogs John L. Behler, Deborah A. Behler, 2005 A companion to the unique traveling exhibit one of the most popular ever at museums throughout the nation pays long overdue homage to the fascinating frog With richly colorful photos and compelling informative descriptions John and Deborah Behler have carefully crafted a wonderful tribute to the amazingly complex frog With decades of expertise in conservation the Behlers are unequaled in their ability to capture the wild and ever changing world of these amphibians all 5 000 species They reveal an unexpected diversity of form lifestyle and ecology and take readers on a magical journey that makes vibrantly clear why these creatures are so important Breathtaking and brilliant images show tadpoles in water and on leaves a many hued variety of frogs bright blue golden yellow and black red and turquoise in their environment African sand frogs and chirping frogs Oriental fire bellied frogs and tiny three toed toadlets among the smallest that exist It s a vision not to be missed The Eponym Dictionary of Amphibians Bo Beolens, Michael Watkins, Michael Grayson, 2013-04-22 New species of animal and plant are being discovered all the time When this happens the new species has to be given a scientific Latin name in addition to any common vernacular name In either case the species may be named after a person often the discoverer but sometimes an individual they wished to honour or perhaps were staying with at the time the discovery was made Species names related to a person are eponyms Many scientific names are allusive esoteric and even humorous so an eponym dictionary is a valuable resource for anyone amateur or professional who wants to decipher the meaning and glimpse the history of a species name Sometimes a name refers not to a person but to a

fictional character or mythological figure The Forest Stubfoot Toad *Atelopus farci* is named after the FARC a Colombian guerrilla army who found refuge in the toad's habitat and thereby it is claimed protected it Hoipollo's Bubble nest Frog *Pseudophilautus hoipolloi* was named after the Greek for the many but someone assumed the reference was to a Dr Hoipollo Meanwhile the man who has everything will never refuse an eponym Sting's Treefrog *Dendropsophus stingi* is named after the rock musician in honour of his commitment and efforts to save the rainforest Following the success of their Eponym Dictionary of Reptiles the authors have joined forces to give amphibians a similar treatment They have tracked down 1 609 honoured individuals and composed for each a brief pithy biography In some cases these are a reminder of the courage of scientists whose dedicated research in remote locations exposed them to disease and even violent death The eponym ensures that their memory will survive aided by reference works such as this highly readable dictionary Altogether 2 668 amphibians are listed

Holy Trinity Amberley Rectors, Burial Book & Parishioners Robert Sharpe, 2021-08-26 The church of The Holy Trinity in Amberley Gloucestershire was consecrated in 1841 Since that date over 1000 people have been interred in the churchyard and many memorials have been erected in their memory Investigation into many of these people has uncovered interesting facts about their lives where they lived and the work they undertook to earn a living Where possible these mini biographies have been supplemented by photographs taken by the Reverend Blackwell during his period as Rector

St. Stephen's Review, 1886

New Zealand Journal of Zoology, 1981

Stephen King's Contemporary Classics Philip L. Simpson, Patrick McAleer, 2014-11-13 Many readers know Stephen King for his early works of horror from his fiction debut *Carrie* to his blockbuster novels *The Shining* *The Stand* and *Misery* among others While he continues to be a best selling author King's more recent fiction has not received the kind of critical attention that his books from the 1970s and 1980s enjoyed Recent novels like *Duma Key* and *1 22 63* have been marginalized and arguably cast aside as anomalies within the author's extensive canon In *Stephen King's Contemporary Classics Reflections on the Modern Master of Horror* Philip L. Simpson and Patrick McAleer present a collection of essays that analyze assess and critique King's post 1995 compositions Purposefully side stepping studies of earlier work these essays are arranged into three main parts the first section examines five King novels published between 2009 and 2013 offering genuinely fresh scholarship on King the second part looks at the development of King's distinct brand of horror the third section departs from probing the content of King's writing and instead focuses on King's process By concentrating on King's most recent writings this collection offers provocative insights into the author's work featuring essays on *Dr Sleep* *Duma Key* *The Girl Who Loved Tom Gordon* *Joyland* *Under the Dome* and others As such *Stephen King's Contemporary Classics* will appeal to general fans of the author's work as well as scholars of Stephen King and modern literature

Delphi Complete Works of Stephen Leacock (Illustrated) Stephen Leacock, 2018-10-27 The internationally acclaimed Canadian humorist Stephen Leacock produced over thirty books of light hearted sketches and essays The beguiling fantasies and hilarious tales of *Literary Lapses* 1910 *Nonsense Novels* 1911 and

Sunshine Sketches of a Little Town 1912 helped launch Leacock's career as a master writer of humour. He also produced learned and well researched non-fiction books including important historical works on his beloved home of Canada and reviews of literary figures. For the first time in publishing history this eBook presents Leacock's complete works with numerous illustrations, rare texts, informative introductions and the usual Delphi bonus material. Version 1: Beautifully illustrated with images relating to Leacock's life and works. All 27 short story collections with individual contents tables. Features rare books appearing for the first time in digital publishing including *Hellelements of Hickonomics*. Special chronological and alphabetical contents tables for the short stories. Easily locate the short stories you want to read. Images of how the books were first published giving your eReader a taste of the original texts. Excellent formatting of the texts. Rare non-fiction works available in no other collection including *How to Write* and *Our British Empire*. Includes Leacock's play and autobiography. Features Peter McArthur's seminal biography. Discover Leacock's literary life. Scholarly ordering of texts into chronological order and literary genres. Please visit www.delphiclassics.com to browse through our range of exciting titles.

Stephen Hales A. E. Clark-Kennedy, 2015-02-12. Originally published in 1929, this book presents a comprehensive biography of the clergyman, scientific pioneer and philanthropist Stephen Hales (1677-1761). Aimed at the general reader together with botanists and physiologists, the text was produced upon instruction from the Masters and Fellows of Corpus Christi College, Cambridge, to mark the 250th anniversary of the birth of Hales. Illustrative figures and notes are incorporated throughout. This is a highly readable book that will be of value to anyone with an interest in the life

and works of Hales or the history of science Journals of Lieut. Col. Stephen Kemble, 1773-1789 Stephen Kemble,1972
