Lesbians & Child Custody Dolores J. Maggiore, 2021-04-14 This work represents a collection of the most pertinent writing of the past fifteen years in the United States and Canada on the topic of lesbians and child custody Articles were selected on the basis of their relevance succinctness and representativeness of the various aspects of child custody involving lesbians Some of the original psychological studies comparing lesbian mothers to heterosexual mothers were sacrificed in favor of the piece by Patricia Falk a thorough review of the psychological literature For others the length of the manuscript was prohibitive as was the case with the thorough step by step Lesbian Mothers Litigation Manual by Donna Hitchens and

Roberta Achtenberg of the National Center for Lesbian Rights **Equality for Same-Sex Couples** Yuval Merin, 2010-02-15

During the past three decades nations all over the world have been debating whether to allow same sex couples to marry or at least grant these couples various rights associated with marriage In *Equality for Same Sex Couples* Yuval Merin presents the first comparative study of the legal regulation of same sex partnerships worldwide as well as a unique survey of the status of same sex couples in Europe Merin begins by providing a historical overview of the transformation of marriage from antiquity to the present He then identifies and critically compares four principal models for the legal regulation and recognition of same sex partnerships civil marriage registered partnership domestic partnership and cohabitation Merin concludes that all of the models except civil marriage discriminate against gays and lesbians just as the separate but equal doctrine discriminated against African Americans thus so called alternatives to marriage even if they provide the same rights and benefits as marriage are inherently unequal and therefore unconstitutional **Homosexuality and the Constitution: Homosexual conduct and state regulation** Arthur S. Leonard, 1997 **Gay Families and the Courts** Susan Gluck Mezey, 2009 Susan Gluck Mezey's newest book *Gay Families and the Courts* is a compelling examination of the role of the state and federal courts in furthering the goals of the gay and lesbian community Unlike Mezey's earlier book *Queers in Court* this book evaluates the extent to which litigation is effective in advancing equal rights for gay families_families in which at least one member is gay_as they seek to expand their opportunities and battle discrimination Mezey shows how the courts address gay and lesbian rights and sexual orientation in schools and social organizations such as the Boy Scouts along with family oriented problems such as marriage and parenthood In doing so Mezey emphasizes the complexity of the issues involved in the cases and assesses the degree to which the outcome of the litigation is explained by the type of case the type of court and the judge's perception of his or her role as a policymaker It is a valuable reference for scholars interested in judicial legislative and executive policymaking at the federal and state level as well as anyone interested in LGBT politics
