Stepping Razor Red Xpeter Tosh Story:

Steppin' Razor: The Life of Peter Tosh John Masouri, 2013-05-13 The very first biography of Peter Tosh rude boy founder member of The Wailers and a compelling recording artist in his own right Tosh was Jamaica's most controversial reggae star A fiery advocate of Rastafari and African nationalism as well as the legalisation of marijuana his uncompromising political stance won him a reputation as Jamaica's Malcolm X Now revered second only to Bob Marley among reggae audiences worldwide Tosh was awarded the Order of Merit Jamaica's third highest honour as the nation celebrated 50 years of Independence Based on hundreds of interviews with those who knew Peter Tosh best including Bunny Wailer and close associates here are the stories behind hits like Legalise It Equal Rights Get Up Stand Up and Johnny B Goode Tosh's infamous appearance at the 1978 One Love Peace Concert and his now legendary adventures with Mick Jagger and Keith Richards One of reggae's most extraordinary stories the life of Peter Tosh came to an end when he was brutally murdered in 1987 amidst rumours involving the supernatural and Kingston's criminal underworld This is his story **Reggae, Rastafari, and the Rhetoric of Social Control** Stephen A. King, Barry T. Bays, 2002 How Jamaica fashioned a tourist beacon from reggae music and the Rastafarian revolution *Concepts of Cabralism* Reiland Rabaka, 2014-07-16 By examining Amílcar Cabral's theories and praxes as well as several of the antecedents and major influences on the evolution of his radical politics and critical social theory *Concepts of Cabralism* Amílcar Cabral and *Africana Critical Theory* simultaneously reintroduces chronicles and analyzes several of the core characteristics of the *Africana* tradition of critical theory Reiland Rabaka's primary preoccupation is with Cabral's theoretical and political legacies that is to say with the ways in which he constructed deconstructed and reconstructed theory and the aims objectives and concrete outcomes of his theoretical applications and discursive practices The book begins with the Negritude Movement and specifically the work of Léopold Senghor Aimé Césaire and Jean Paul Sartre Next it shifts the focus to Frantz Fanon's discourse on radical disalienation and revolutionary decolonization Finally it offers an extended engagement of Cabral's critical theory and contributions to the *Africana* tradition of critical theory Ultimately *Concepts of Cabralism* chronicles and critiques revisits and revises the black radical tradition with an eye toward the ways in which classical black radicalism informs or should inform not only contemporary black radicalism African nationalism and Pan Africanism but also contemporary efforts to create a new anti racist anti sexist anti capitalist anti colonialist and anti imperialist critical theory of contemporary society what has come to be called *Africana critical theory* **Encyclopedia of the African Diaspora** Carole Boyce Davies, 2008-07-29 The authoritative source for information on the people places and events of the African Diaspora spanning five continents and five centuries The field of African Diaspora studies is rapidly growing Until now there was no single authoritative source for information on this broad complex discipline Drawing on the work of over 300 scholars this encyclopedia fills that void Now the researcher from high school level up can go to a single reference for information on the historical political economic and

cultural relations between people of African descent and the rest of the world community Five hundred years of relocation and dislocation of assimilation and separation have produced a rich tapestry of history and culture into which are woven people places and events This authoritative accessible work picks out the strands of the tapestry telling the story of diverse peoples separated by time and distance but retaining a commonality of origin and experience Organized in A Z sections covering global topics country of origin and destination country the work is designed for easy use by all Forms of Fanonism Reiland Rabaka,2010-03-08 When Frantz Fanon s critiques of racism sexism colonialism capitalism and humanism are brought into the ever widening orbit of Africana critical theory something unprecedented in the annals of Africana intellectual history happens five distinct forms of Fanonism emerge Forms of Fanonism Frantz Fanon s Critical Theory and the Dialectics of Decolonization is discursively distinguished from other engagements of Fanon s thought and texts insofar as it is the first study to consciously examine his contributions to Africana Studies and critical theory or rather the Africana tradition of critical theory Forms of Fanonism identifies and intensely analyzes Fanon s contributions to the deconstruction and reconstruction of Africana Studies radical politics and critical social theory In highlighting his unique solutions to the problems of racism sexism colonialism capitalism and humanism five distinct forms of Fanonism materialize These five forms of Fanonism allow contemporary critical theorists to innovatively explore the ways in which his thought and texts can be dialectically put to use in relieving the wretched experience of this generation s wretched of the earth Critics can also apply these forms to deconstruct and reconstruct Africana Studies radical politics and critical social theory using their anti imperialist interests Throughout Forms of Fanonism Reiland Rabaka critically dialogues with Fanon incessantly asking his corpus critical questions and seeking from it crucial answers This book in short solemnly keeps with Fanon s own predilection for connecting critical theory to revolutionary praxis by utilizing his thought and texts as paradigms and points of departure to deepen and develop the Africana tradition of critical theory Rasta is Cuss Thomas H. Magical Musical Tour Kevin J. Donnelly,2015-10-22 Winner of the Southwest Popular and American Culture Association s 2016 Peter C Rollins Book Award in the category of Film Television The popular music industry has become completely interlinked with the film industry The majority of mainstream films come with ready attached songs that may or may not appear in the film but nevertheless will be used for publicity purposes and appear on a soundtrack album In many cases popular music in films has made for some of the most striking moments in films and the most dramatic aesthetic action in cinema like Ben relaxing in the pool to Simon and Garfunkel s The Sound of Silence in The Graduate 1967 and the potter s wheel sequence with the Righteous Brothers Unchained Melody in Ghost 1990 Yet to date there have only been patchy attempts to deal with popular music s relationship with film Indeed it is startling that there is so little written on subject that is so popular as a consumer item and thus has a significant cultural profile Magical Musical Tour is the first sustained and focused survey to engage the intersection of the two on both an aesthetic and industrial level The chapters are historically

inspired reviews discussing many films and musicians while others will be more concentrated and detailed case studies of single films Including an accompanying website and a timeline giving a useful snapshot around which readers can orient the book Kevin Donnelly explores the history of the intimate bond between film and music from the upheaval that rock n roll caused in the mid 1950s to the more technical aspects regarding tracking and scoring **The Beat**, 2001 *Resistance and Decolonization* Amílcar Cabral, 2016-03-30 How can a people overthrow 500 years of colonial oppression What can be done to decolonize mentalities economic structures and political institutions In this book which includes the first translation of the text *Analysis of a Few Types of Resistance* as well as *The Role of Culture in the Struggle for Independence* the African revolutionary Amílcar Cabral explores these and other questions These texts demonstrate his frank and insightful directives to his comrades in Guinea Bissau and Cape Verde's party for independence as well as reflections on culture and combat written the year prior to his assassination by the Portuguese secret police As one of the most important and profound African revolutionary leaders in the 20th century and justly compared in importance to Frantz Fanon Cabral's thoughts and instructions as articulated here help us to rethink important issues concerning nationalism culture vanguardism revolution liberation colonialism race and history The volume also includes two introductory essays the first introduces Cabral's work within the context of African critical theory and the second situates these texts in the context their historical political context and analyzes their relevance for contemporary anti imperialism *Catch a Fire* Timothy White, 1998-09-15 The definitive edition revised and expanded with new material Cover **Indigenous African Popular Music, Volume 1** Abiodun Salawu, Israel A. Fadipe, 2022-05-31 This volume explores the nature philosophies and genres of indigenous African popular music focusing on how indigenous African popular music artistes are seen as prophets and philosophers and how indigenous African popular music depicts the world Indigenous African popular music has long been under appreciated in communication scholarship However understanding the nature and philosophies of indigenous African popular music reveals an untapped diversity which only be unraveled by knowledge of the myriad cultural backgrounds from which its genres originate Indigenous African popular musicians have become repositories of indigenous cultural traditions and cosmologies With a particular focus on scholarship from Nigeria Zimbabwe and South Africa this volume explores the work of these pioneering artists and their protégés who are resiliently sustaining recreating and popularising indigenous popular music in their respective African communities and at the same time propagating the communal views about African philosophies and the temporal and spiritual worlds in which they exist *Literary Black Power in the Caribbean* Rita Keresztesi, 2020-11-11 *Literary Black Power in the Caribbean* focuses on the Black Power movement in the anglophone Caribbean as represented and critically debated in literary texts music and film This volume is groundbreaking in its focus on the creative arts and artists in their evaluations of and insights on the relevance of the Black Power message across the region The author takes a cultural studies approach to bring together the political with the aesthetic enriching an already fertile debate on the era and

the subject of Black Power in the Caribbean region The chapters discuss various aspects of Black Power in the Caribbean on the pages of journals and magazines at contemporary conferences that radicalized academia to join forces with communities in fiction and essays by writers and intellectuals in calypso and reggae music and in the first films produced in the Caribbean Produced at the 50th anniversary of the 1970 Black Power Revolution in Port of Spain Trinidad this timely book will be of interest to students and academics focusing on Black Power Caribbean literary and cultural studies African diaspora and Global South radical political and cultural theory **Rastafari Reasoning and the RastaWoman** Jeanne

Christensen,2014-02-14 *Rastafari Reasoning and the RastaWoman* Gender Constructions in the Shaping of Rastafari Livivity examines the complex ways that gender and race shaped a liberation movement propelled by the Caribbean evolution of an African spiritual ethos Jeanne Christensen proposes that Rastafari represents the most recent reworking of this spiritual ethos referred to as African religiosity The book contributes a new perspective to the literature on Rastafari and through a historical lens corrects the predominant static view of Rastafari women In certain Rastafari manifestations a growing livivity developed by RastaMen eventually excluded women from an important ritual called Reasoning a conscious search for existential and ontological truth through self understanding performed in a group setting Restoring agency to the RastaWoman Christensen argues that RastaWomen intimately in touch with this spiritual ethos challenged oppressive structures within the movement itself They skirted official restrictions speaking out in public and written forums whenever such avenues presented themselves and searched for their own truth through conscious intentional self examination characteristic of the Reasoning ritual With its powerful theoretically informed narrative *Rastafari Reasoning and the RastaWoman* Gender Constructions in the Shaping of Rastafari Livivity will appeal to students and scholars interested in religious transformation resistance movements gender issues critical race studies and the history and culture of the English speaking Caribbean *Narrative Wars with My Cousin* Rachel Lara Mordecai,2007 *Videos of African and African-related Performance* Carol Lems-Dworkin,1996 *Rastafari and the Arts* Darren J. N. Middleton,2015-02-11 Drawing on literary musical and visual representations of and by Rastafari Darren J N Middleton provides an introduction to Rasta through the arts broadly conceived The religious underpinnings of the Rasta movement are often overshadowed by Rasta s association with reggae music dub and performance poetry *Rastafari and the Arts* An Introduction takes a fresh view of Rasta considering the relationship between the artistic and religious dimensions of the movement in depth Middleton s analysis complements current introductions to Afro Caribbean religions and offers an engaging example of the role of popular culture in illuminating the beliefs and practices of emerging religions Recognizing that outsiders as well as insiders have shaped the Rasta movement since its modest beginnings in Jamaica Middleton includes interviews with members of both groups including Ejay Khan Barbara Makeda Blake Hannah Geoffrey Philp Asante Amen Reggae Rajahs Benjamin Zephaniah Monica Haim Blakk Rasta Rocky Dawuni and Marvin D Sterling *Can't Stop Won't Stop* Jeff Chang,2007-04-01 Can t Stop Won t

Stop is a powerful cultural and social history of the end of the American century and a provocative look into the new world that the hip hop generation created Forged in the fires of the Bronx and Kingston Jamaica hip hop became the Esperanto of youth rebellion and a generation defining movement In a post civil rights era defined by deindustrialization and globalization hip hop crystallized a multiracial polycultural generation s worldview and transformed American politics and culture But that epic story has never been told with this kind of breadth insight and style Based on original interviews with DJs b boys rappers graffiti writers activists and gang members with unforgettable portraits of many of hip hop s forebears founders and mavericks including DJ Kool Herc Afrika Bambaataa Chuck D and Ice Cube Can t Stop Won t Stop chronicles the events the ideas the music and the art that marked the hip hop generation s rise from the ashes of the 60 s into the new millennium
