Sterling Dollar Franc Tangle

Derek Howard Aldcroft, Richard Rodger

Sterling Dollar Franc Tangle:

The Sterling-Dollar-Franc Tangle (Routledge Revivals) Paul Einzig, 2013-11-05 First published in 1933 the original purpose of this book was to draw attention to the international aspects of monetary policy and to put forward the case for international co operation in the monetary sphere Paul Einzig highlights the negative impact that a lack of international spirit in monetary policy can have and promotes an increased understanding amongst nations He discusses the failure of the Monetary and Economic Conference of June July 1933 and expresses his belief that the monetary crisis of the time could have been solved if not through an agreement then through the inevitable inflationary effect of the increasing economic difficulties

Recueil Des Cours, Collected Courses, 1934 Academie De Droit International De La Ha, Hague Academy of International Law, 1970-12-01 Bibliography of European Economic and Social History Derek Howard Aldcroft, Richard Rodger, 1993 This bibliographical guide contains 10 000 references to the economic and social history of 30 European countries during the period 1700 1939 More than 3000 periodicals have been consulted to obtain references as well as books edited collections and conference proceedings The information is listed in categories such as industry agriculture finance migration labour conditions urban communities and organizations Full publication details are included so that references may be located easily *Catalogue of Copyright Entries* Library of Congress. Copyright Office, 1933 *An Outline of International Price Theories* Chi-Yuen Wu, 2007 Chi Yuen Wu from China was an Austrian price theorist writing during Mises s own time His great contribution was this 1939 treatise written while studying at the London School of Economics under the guidance of Lionel Robbins Though the author deals primarily with the history of thought Murray Rothbard considered it to be a seminal contribution to the theory of price and international trade **History of the Foundation of the Actuarial Society of America** Actuarial Society of America, 1934 Catalog of Copyright Entries. New Series Library of Congress. Copyright Office, 1934 The Open Shelf, 1929 **Golden Fetters** Barry J. Eichengreen, 1992 This is a reassessment of the international monetary crises of the post World War I period that led to the Great Depression of the 1930s It analyzes the responses of the world s economic powers and explains how new monetary policies set the stage for th **The Economics of Rearmament (Rev)** Paul Einzig, 2013-11-05 First published in 1934 this book explores prominent economic questions on the subject of rearmament and disarmament Both rearmament and disarmament have a number of economic advantages and disadvantages and in each chapter Paul Einzig considers these in order to decide on which side the advantages outweigh the disadvantages Part I of the book examines the economics of armament in the light of real experience of recent history whilst Part II looks to the probable economic effort of future rearmament Labour in Crisis J. Swift, 2001-05-04 This is a study of the development of Clement Attlee and the Labour Party from the collapse of the second Labour Government in August 1931 to their entry into Churchill s coalition in May 1940 It is an examination of how Labour from being driven from office as unfit to govern recovered to be seen as essential to the effective prosecution of the war and how Attlee emerged from relative

obscurity to become a central figure in the War Cabinet

The Midas Paradox Scott Sumner, 2015-12-01 Economic historians have made great progress in unraveling the causes of the Great Depression but not until Scott Sumner came along has anyone explained the multitude of twists and turns the economy took In *The Midas Paradox* Financial Markets Government Policy Shocks and the Great Depression Sumner offers his magnum opus the first book to comprehensively explain both monetary and non monetary causes of that cataclysm Drawing on financial market data and contemporaneous news stories Sumner shows that the Great Depression is ultimately a story of incredibly bad policymaking by central bankers legislators and two presidents especially mistakes related to monetary policy and wage rates He also shows that macroeconomic thought has long been captive to a false narrative which continues to misguide policymakers in their quixotic quest to promote robust and sustainable economic growth *The Midas Paradox* is a landmark treatise that solves mysteries that have long perplexed economic historians and corrects misconceptions about the true causes consequences and cures of macroeconomic instability Like Milton Friedman and Anna J Schwartz's *A Monetary History of the United States 1867-1960* it is one of those rare books destined to shape future research and debate on the subject

False Dawn George Selgin, 2025-04-15 A definitive history of the United States recovery from the Great Depression and the New Deal's true part in it FDR's New Deal has long enjoyed a special place in American history and policy both because it redefined the government's fundamental responsibilities and because Roosevelt's bold experimentation represented a type of policymaking many would like to see repeated But the thing about bold experiments economist George Selgin reminds us is that they often fail In *False Dawn* Selgin draws on both contemporary sources and numerous studies by economic historians to show that although steps taken during the Roosevelt administration's first days raised hopes of a speedy recovery from the Great Depression instead of fulfilling those hopes subsequent New Deal policies proved so counterproductive that over seventeen percent of American workers more than the peak unemployment rate during the COVID-19 crisis were still either unemployed or on work relief six years later By distinguishing the New Deal's successes from its failures and explaining how the U.S. finally managed to lay the specter of mass unemployment to rest Selgin draws salient lessons for dealing with future recessions

The Sterling-Dollar-Franc Tangle (Routledge Revivals) Paul Einzig, 2013-11-05 First published in 1933 the original purpose of this book was to draw attention to the international aspects of monetary policy and to put forward the case for international co-operation in the monetary sphere Paul Einzig highlights the negative impact that a lack of international spirit in monetary policy can have and promotes an increased understanding amongst nations He discusses the failure of the Monetary and Economic Conference of June-July 1933 and expresses his belief that the monetary crisis of the time could have been solved if not through an agreement then through the inevitable inflationary effect of the increasing economic difficulties
