Steve Nelson American Radical

James R. Barrett

Steve Nelson American Radical:

Steve Nelson, American Radical Steve Nelson, James R. Barrett, Rob Ruck, 2015-06-15 As the immigrant teenage son of a Croatian miller Steve Nelson arrived in the United States after World War I and entered a world of chronic unemployment low wages dangerous work and discrimination Following the path taken by many fellow immigrant workers he joined the Communist Party He became a full time organizer and ultimately a major leader only to resign in 1957 after unsuccessful attempts to democratize the American party This remarkable oral biography recounted in collaboration with two historians describes day to day life in the party and traces Nelson's career from his beginnings in the Pennsylvania coalfields to his secret work as party courier in the Far East from the battlefields of Civil War Spain to the jails of Cold War Pittsburgh and from a small group of Communist autoworkers in Detroit to the upper reaches of a party leadership in New York It is the frank and analytical account of a leading American working class activist

Doing History from the Bottom Up

Staughton Lynd, 2014-12-01 Reflections on the crucial importance of including the perspectives of the marginalized and the non elite in our historical accounts In the 1960s historians on both sides of the Atlantic began to challenge the assumptions of their colleagues and push for an understanding of history from below In this collection of writings Staughton Lynd one of the pioneers of this approach laments the passing of fellow luminaries David Montgomery E P Thompson Alfred Young and Howard Zinn offers an account of the decline of trade unionism based on the narratives of workers and his efforts as a lawyer to assist them and makes the case that contemporary academics and activists alike should take more seriously the stories and perspectives of Native Americans slaves rank and file workers and other still too frequently marginalized voices

The Cold War at Home Philip Jenkins, 2014-06-30 One of the most significant industrial states in the country with a powerful radical tradition Pennsylvania was by the early 1950s the scene of some of the fiercest anti Communist activism in the United States Philip Jenkins examines the political and social impact of the Cold War across the state tracing the Red Scare's reverberations in party politics the labor movement ethnic organizations schools and universities and religious organizations Among Jenkins's most provocative findings is the revelation that although their absolute numbers were not large Communists were very well positioned in crucial Pennsylvania regions and constituencies particularly in labor unions the educational system and major ethnic organizations Instead of focusing on Pennsylvania's right wing politicians the sort represented nationally by Senator Joseph McCarthy Jenkins emphasizes the anti Communist activities of liberal politicians labor leaders and ethnic community figures who were terrified of Communist encroachments on their respective power bases He also stresses the deep roots of the state's militant anti Communism which can be traced back at least into the 1930s

War and Democracy: A Comparative Study of the Korean War and the Peloponnesian War David R. McCann, Barry S.

Strauss, 2015-03-04 A comparison of the cultural and political institutional dimensions of war's impact on Greece during the Peloponnesian War and the United States and the two Koreas North and South during the Korean War It demonstrates the

many underlying similarities between the two wars The Face of Decline Thomas L. Dublin, Walter Licht, 2016-11-15 The anthracite coal region of Pennsylvania once prospered Today very little mining or industry remains although residents have made valiant efforts to restore the fabric of their communities In The Face of Decline the noted historians Thomas Dublin and Walter Licht offer a sweeping history of this area over the course of the twentieth century Combining business labor social political and environmental history Dublin and Licht delve into coal communities to explore grassroots ethnic life and labor activism economic revitalization and the varied impact of economic decline across generations of mining families The Face of Decline also features the responses to economic crisis of organized capital and labor local business elites redevelopment agencies and state and federal governments Dublin and Licht draw on a remarkable range of sources oral histories and survey questionnaires documentary photographs the records of coal companies local governments and industrial development corporations federal censuses and community newspapers The authors examine the impact of enduring economic decline across a wide region but focus especially on a small group of mining communities in the region s Panther Valley from Jim Thorpe through Lansford to Tamaqua The authors also place the anthracite region within a broader conceptual framework comparing anthracite s decline to parallel developments in European coal basins and Appalachia and to deindustrialization in the United States more generally Forgotten Radicals Walter T. Howard, 2005 This detailed investigation of Communists and their Party in the hard coal fields of northeastern Pennsylvania known as the Anthracite draws on sources such as the central archives of the Communist Party of the United States to examine the origins growth and decline of the relatively small but active Marxist Leninist organization that operated there during the first half of the 20th century Anthracite Just mentioning the name of the hard coal region of Pennsylvania conjures up classic images of labor violence and class conflict Molly Maguires Lattimer and the 1902 national coal strike Yet this legendary tradition of labor and class discord has prompted no historian to chronicle the complete story of the region s largest and most active radical group in the 20th century American Communists They are forgotten radicals Chronicling the story of these forgotten radicals allows us to examine American Communism in an important area of the highly industrialized state of Pennsylvania where a major capitalist enterprise the hard coal industry employed a large contingent of immigrant workers for about half of the 20th century To be sure studying these radicals permits us to explore the overall historical pattern of American Communism_ the founding of the Party in 1919 the challenges of the 1920s the heyday of the thirties the turns of World War II and the decline during the McCarthy period_ in a regional context Thus Forgotten Radicals fills a niche in local studies of rank and file Communist activity **Blood On Steel** Michael Dennis, 2021-04-27 This historical analysis of the 1937 Chicago Steel Strike demonstrates how it revealed systemic oppression and inspired the larger progressive movement On Memorial Day 1937 thousands of steelworkers and labor rights supporters gathered on the Southeast Side of Chicago to protest Republic Steel By the end of the day ten marchers had been mortally wounded and more than one hundred badly injured victims of a

terrifying police riot that came to be known as the Memorial Day Massacre In Blood on Steel historian Michael Dennis identifies this tragic landmark in the fight for labor rights as a focal point in the larger movement for American equality during the New Deal Dennis shows how the riot captured on film by Paramount newsreels validated the claims of labor activists and catalyzed public opinion in their favor Senate hearings about the massacre revealed patterns of anti union aggression among management ranging from blacklists to harassment and vigilante violence The following year Congress would pass the Fair Labor Standards Act Dennis s wide angle perspective reveals the Memorial Day Massacre as more than another bloody incident in the long story of American labor management tensions It was an all too graphic illustration of the need for a broad based social democracy movement **The Communist Party of the United States** Fraser M.

Ottanelli,1991 Fraser M Ottanelli examines the history of the Communist Party of the United States CPUSA from the stock market crash to the reconstitution of the Party in 1945 He explains the appeal of the CPUSA and its emergence as the foremost vehicle of left wing radicalism during these years Ottanelli looks at the Party s domestic policies and activities concerning labor race youth the unemployed as well as the Party s changing attitude toward FDR and the New Deal its policies in foreign affairs and war time activities **American Exceptionalism?** Rick Halpern,Jonathan Morris,1997-08-12

The idea that American historical development is different from that of other nations is an old one yet it shows no sign of losing its emotive power Exceptionalism continues to excite beguile and frustrate students of the American past The essays in this volume explore the ways in which the process of class formation in the United States can be said to be distinctive Focusing upon the impact of liberal political thought race and immigration and the role of the war time state they challenge particularist and nation centred modes of explanation Comparing American historical development with Italian South African and Australian examples the essays reinvigorate a tired debate **Forging American Communism** Edward P.

Johanningsmeier,2014-07-14 A major figure in the history of twentieth century American radicalism William Z Foster 1881 1961 fought his way out of the slums of turn of the century Philadelphia to become a professional revolutionary as well as a notorious and feared labor agitator Drawing on private family papers FBI files and recently opened Russian archives this first full scale biography traces Foster s early life as a world traveler railroad worker seaman hobo union activist and radical journalist and also probes the origins and implications of his ill fated career as a top echelon Communist official and three time presidential candidate Even though Foster s long and eventful life ended in Moscow where he was given a state funeral in Red Square he was as portrayed here a thoroughly American radical The book not only reveals the circumstances of Foster s poverty stricken childhood in Philadelphia but also vividly describes his work and travels in the American West Also included are fascinating accounts of his early political career as a Socialist Wobbly and anarcho syndicalist and of his activities as the architect of giant organizing campaigns by the American Federation of Labor involving hundreds of thousands of workers in the meatpacking and steel industries The author views Foster s influence in the American

Communist movement from the perspective of the history of American labor and unionism but he also offers a realistic assessment of Foster's career in light of factional intrigues at the highest levels of the Communist International Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

James P. Cannon and the Origins of the American Revolutionary Left, 1890-1928 Bryan D. Palmer, 2010-10-01 Bryan D. Palmer's award winning study of James P. Cannon's early years 1890-1928 details how the life of a Wobbly hobo agitator gave way to leadership in the emerging communist underground of the 1919 era This historical drama unfolds alongside the life experiences of a native son of United States radicalism the narrative moving from Rosedale Kansas to Chicago New York and Moscow Written with panache Palmer's richly detailed book situates American communism's formative decade of the 1920s in the dynamics of a specific political and economic context Our understanding of the indigenous currents of the American revolutionary left is widened just as appreciation of the complex nature of its interaction with international forces is deepened

American Crucible Gary Gerstle, 2017-02-28 This sweeping history of twentieth century America follows the changing and often conflicting ideas about the fundamental nature of American society Is the United States a social melting pot as our civic creed warrants or is full citizenship somehow reserved for those who are white and of the right ancestry Gary Gerstle traces the forces of civic and racial nationalism arguing that both profoundly shaped our society After Theodore Roosevelt led his Rough Riders to victory during the Spanish American War he boasted of the diversity of his men's origins from the Kentucky backwoods to the Irish Italian and Jewish neighborhoods of northeastern cities Roosevelt's vision of a hybrid and superior American race strengthened by war would inspire the social diplomatic and economic policies of American liberals for decades And yet for all of its appeal to the civic principles of inclusion this liberal legacy was grounded in Anglo Saxon culture making it difficult in particular for Jews and Italians and especially for Asians and African Americans to gain acceptance Gerstle weaves a compelling story of events institutions and ideas that played on perceptions of ethnic racial difference from the world wars and the labor movement to the New Deal and Hollywood to the Cold War and the civil rights movement We witness the remnants of racial thinking among such liberals as FDR and LBJ we see how Italians and Jews from Frank Capra to the creators of Superman perpetuated the New Deal philosophy while suppressing their own ethnicity we feel the frustrations of African American servicemen denied the opportunity to fight for their country and the moral outrage of more recent black activists including Martin Luther King Jr Fannie Lou Hamer and Malcolm X Gerstle argues that the civil rights movement and Vietnam broke the liberal nation apart and his analysis of this upheaval leads him to assess Reagan's and Clinton's attempts

to resurrect nationalism Can the United States ever live up to its civic creed For anyone who views racism as an aberration from the liberal premises of the republic this book is must reading Containing a new chapter that reconstructs and dissects the major struggles over race and nation in an era defined by the War on Terror and by the presidency of Barack Obama American Crucible is a must read for anyone who views racism as an aberration from the liberal premises of the republic

History from the Bottom Up and the Inside Out James R. Barrett,2017-08-04 James R Barrett rethinks the boundaries of American working class history by investigating the ways in which working class people s personal lives intersected with their activism and religious racial ethnic and class identities

The Fall of the House of Labor David Montgomery,1987-08-28 This book studies the changing ways in which American industrial workers mobilised concerted action in their own interests between the abolition of slavery and the end of open immigration from Europe and Asia Sustained class conflict between 1916 and 1922 reshaped governmental and business policies but left labour largely unorganised and in retreat The House of Labor so arduously erected by working class activists during the preceeding generation did not collapse but ossified so that when labour activism was reinvigorated after 1933 the movement split in two These developments are analysed here in ways which stress the links between migration neighbourhood life racial subjugation business reform the state and the daily experience of work itself

Bolshevism, Stalinism and the Comintern N. LaPorte,K. Morgan,M. Worley,2008-07-24 Bringing together leading authorities and cutting edge scholars this collection re examines the defining concepts of Stalinism and the Stalinization odel The aim of the book is to explore how the common imperatives of a centralized movement were experienced across national boundaries

The Odyssey of the Abraham Lincoln Brigade Peter N. Carroll,1994 Looks at the role of the United States in the Spanish Civil War

Bohemian Los Angeles Daniel Hurewitz,2008-04-30 Historian Hurewitz brings to life a vibrant and all but forgotten milieu of artists leftists and gay men and women whose story played out over the first half of the twentieth century and continues to shape the entire American landscape In a hidden corner of Los Angeles the personal first became the political the nation s first enduring gay rights movement emerged and the broad spectrum of what we now think of as identity politics was born Portraying life over more than forty years in the hilly enclave of Edendale now part of Silver Lake Hurewitz considers the work of painters and printmakers looks inside the Communist Party s intimate cultural scene and examines the social world of gay men He discovers why and how these communities inspiring both one another and the city as a whole transformed American notions of political identity with their ideas about self expression political engagement and race relations From publisher description

The Many Worlds of American Communism Joshua Morris,2022-09-08 This book explores the multifaceted dimensions that make up the American communist movement from its early years in the 1920s to its peak in the years leading up to World War II The author argues that in order to effectively understand a social movement it is necessary to take an approach that differentiates between the political social and labor oriented motivations taken by the movement s participants By

exploring the political community and labor dimensions of American communism the author helps convey the complex nature of social movements and the various ways they attempted to create agency in their society *The Cultural Front* Michael Denning,1998 As garment workers longshoremen autoworkers sharecroppers and clerks took to the streets striking and organizing unions in the midst of the Depression artists writers and filmmakers joined the insurgent social movement by creating a cultural front Disney cartoonists walked picket lines and Billie Holiday sang *Strange Fruit* at the left wing cabaret Caf Society Duke Ellington produced a radical musical *Jump for Joy* New York garment workers staged the legendary Broadway revue *Pins and Needles* and Orson Welles and his Mercury players took their labor operas and anti fascist Shakespeare to Hollywood and made *Citizen Kane* A major reassessment of US cultural history The Cultural Front is a vivid mural of this extraordinary upheaval which reshaped American culture in the twentieth century *Many Are the Crimes* Ellen Schrecker,1998 Offers an analysis of the McCarthy phenomenon tracing the machinations of anticommunism in creating a culture of fear and suspicion

Steve Nelson American Radical Introduction

In today's digital age, the availability of Steve Nelson American Radical books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Steve Nelson American Radical books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Steve Nelson American Radical books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Steve Nelson American Radical versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Steve Nelson American Radical books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Steve Nelson American Radical books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Steve Nelson American Radical books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Steve Nelson American Radical books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Steve Nelson American Radical books and manuals for download and embark on your journey of knowledge?

FAQs About Steve Nelson American Radical Books

1. Where can I buy Steve Nelson American Radical books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Steve Nelson American Radical book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Steve Nelson American Radical books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

Book Swaps: Community book exchanges or online platforms where people exchange books.

6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Steve Nelson American Radical audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Steve Nelson American Radical books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
