Stevenson Speeches:

Notable Speeches in Contemporary Presidential Campaigns Robert V. Friedenberg, 2002-03-30 Though many studies of contemporary campaigns focus on brief political advertisements and the growing impact of technology on contemporary campaigns the definitive statements of most candidates are still made in public addresses Friedenberg examines the first public address made by an American presidential candidate on his own behalf The circumstances giving rise to William Henry Harrison's 1840 address and the themes that he developed in that address are strikingly contemporary serving as an appropriate prelude to the examinations of contemporary political speaking that follow Those examinations focus on notable campaign speeches by John F Kennedy Barry Goldwater Richard Nixon Ronald Reagan Bill and Hillary Clinton and George W Bush Each study examines a key event that foreshadowed the speech studied Each study presents a rhetorical biography of the speaker including a discussion of the speechwriting team and preparation techniques utilized by the speaker Each study presents a thorough study of the campaign context in which the speeches were presented Each also presents a close reading and rhetorical analysis of the speech itself and observations on the impact of the speech Cumulatively Friedenberg's studies help to illustrate how even in today's high tech political environment of 30 second ads and candidate Web sites public speeches continue to play a crucial role in political campaigning Of particular interest to scholars and students involved with political communication and political American campaigning *John Steinbeck* Harold Bloom, 2003 Examines the life and work of twentieth century American author John Steinbeck featuring a biographical profile critical analysis of the themes symbols and ideas in his writing a selection of critical essays a chronology and references

The Life and Speeches of Hon. Wm. Jennings Bryan William Jennings Bryan, 1900 Perspectives on Memory Research (PLE:Memory) Lars-Goran Nilsson, 2014-05-09 Originally published in 1979 this book contains papers presented at a conference held in 1977 to celebrate the 500th anniversary of the University of Uppsala Beyond the commemoration the main reason for this conference was to get students of memory together to discuss and evaluate the memory research that had already been carried out was presently underway and to speculate about the type of research in this area that would be carried out in the future The contributors were specifically asked to concentrate on overall theoretical and metatheoretical questions at the cost of empirical problems With chapters from many of the leading experts in the field this is an opportunity to enjoy some of their early insights **Stevensoniana** Sir John Alexander Hammerton, 1903 **Perspectives on Memory Research** Lars-Goran Nilsson, 2014-03-05 First published in 1985 This conference on Perspectives on Memory Research was held at the University of Uppsala June 20-24 1977 A main purpose of it was to commemorate the birth of the University of Uppsala in 1477 This was also the purpose of more than 40 other conferences and symposia held in Uppsala during the year of 1977 **I Like Ike** John Robert Greene, 2017-04-17 When the 1952 presidential election campaign began many assumed it would be a race between Harry Truman seeking his second full term and Robert A Taft son of a former president and to

many of his fellow partisans Mr Republican No one imagined the party standard bearers would be Illinois governor Adlai E Stevenson II and Supreme Allied Commander in World War II Dwight D Eisenhower I Like Ike tells the story of a critical election fought between two avowedly reluctant warriors including Truman's efforts to recruit Eisenhower as the candidate of the Democrat Party to a finish that for all the partisan wrangling had more to do with the extraordinary popularity of the former general who along with Stevenson was seen to be somehow above politics In the first book to analyze the 1952 election in its entirety political historian John Robert Greene looks in detail at how Stevenson and Eisenhower faced demands that they run for an office neither originally wanted He examines the campaigns of their opponents Harry Truman and Robert Taft but also Estes Kefauver Richard B Russell Averell Harriman and Earl Warren Richard Nixon's famous Checkers Speech Joseph McCarthy's anti Communist campaign and television as a new medium for news and political commercials each figured in the election in its own way and drawing in depth on the Eisenhower Stevenson Taft and Nixon papers Greene traces how I Like Ike is a compelling account of how an America fearful of a Communist threat elected a war hero and brought an end to twenty years of Democrat control of the White House In an era of political ferment it also makes a timely and persuasive case for the importance of the election of 1952 not only to the Eisenhower Administration but also to the development of presidential politics well into the future Postwar America James Ciment, 2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower the years following World War II were filled with momentous events and rapid change Diplomatically economically politically and culturally the United States became a major influence around the globe On the domestic front this period witnessed some of the most turbulent and prosperous years in American history Postwar America An Encyclopedia of Social Political Cultural and Economic History provides detailed coverage of all the remarkable developments within the United States during this period as well as their dramatic impact on the rest of the world A Z entries address specific persons groups concepts events geographical locations organizations and cultural and technological phenomena Sidebars highlight primary source materials items of special interest statistical data and other information and Cultural Landmark entries chronologically detail the music literature arts and cultural history of the era Bibliographies covering literature from the postwar era and about the era are also included as are illustrations and specialized indexes **Public Papers of the Presidents of the United States** United States. President, 1966 Containing the public messages speeches and statements of the President 1956 1992 *Profiles in Ignorance* Andy Borowitz, 2022-09-13 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER WASHINGTON POST BESTSELLER Andy Borowitz one of the funniest people in America CBS Sunday Morning brilliantly chronicles our embrace of anti intellectualism Walter Isaacson in American politics from Ronald Reagan to Dan Quayle from George W Bush to Sarah Palin to its apotheosis in Donald J Trump Andy Borowitz has been called a Swiftian satirist The Wall Street Journal and one of the country's finest satirists The New York Times Millions of fans and New Yorker readers enjoy his

satirical news column The Borowitz Report Now in Profiles in Ignorance he delivers a wittily alarming polemic that tracks the evolution of American politics from grounds for gravitas to festival of idiocy The New York Times Borowitz argues that over the past fifty years American politicians have grown increasingly allergic to knowledge and mass media have encouraged the election of ignoramus by elevating candidates who are better at performing than thinking Starting with Ronald Reagan's first campaign for governor of California in 1966 and culminating with the election of Donald J Trump to the White House Borowitz shows how during the age of twenty four hour news and social media the US has elected politicians to positions of great power whose lack of the most basic information is terrifying In addition to Reagan Quayle Bush Palin and Trump Borowitz covers a host of congresspersons senators and governors who have helped lower the bar over the past five decades Profiles in Ignorance aims to make us both laugh and cry laugh at the idiotic antics of these public figures and cry at the cataclysms these icons of ignorance have caused But most importantly the book delivers a call to action and a cause for optimism History doesn't move in a straight line and we can change course if we act now

Speeches. 2nd ser., chiefly forensic Edward Clarke, sir Edward George Clarke, 1894

Grand Expectations James T. Patterson, 1996 Interweaving key cultural economic social and political events a history of the United States in the post World War II era ranges from 1945 through a turbulent period of economic growth and social upheaval to Watergate and Nixon's 1974 resignation

The Stevensons Jean H. Baker, 1997-06 Presents a portrait of four generations of the Stevenson family in America from the first Scotch Irish immigrants to the life and career of the noted liberal politician Adlai Stevenson

White House Ghosts Robert Schlesinger, 2008-04-15 Veteran Washington reporter Robert Schlesinger opens a fresh and revealing window on the modern presidency from FDR to George W Bush examining the crucial and often hidden role of the speechwriter the men and women who help presidents find the words that define their places in history Drawing on scores of interviews with White House scribes and on extensive archival research

Schlesinger weaves intimate amusing compelling stories that provide surprising insights into the personalities quirks egos ambitions and humor of these presidents as well as how well or not they understood the bully pulpit White House Ghosts traces the evolution of the presidential speechwriter s job from Raymond Moley under FDR through such luminaries as Ted Sorensen and Arthur Schlesinger Jr under JFK Jack Valenti and Richard Goodwin under LBJ William Safire and Pat Buchanan under Nixon Hendrik Hertzberg and James Fallows under Carter and Peggy Noonan under Reagan to the Troika of Michael Gerson John McConnell and Matthew Scully under George W Bush White House Ghosts tells the fascinating inside stories behind some of the most iconic presidential phrases the first inaugural of FDR the only thing we have to fear is fear itself and JFK ask not what your country can do for you ask what you can do for your country Richard Nixon s I am not a crook and Ronald Reagan s tear down this wall speeches Bill Clinton s ending the era of big government State of the Union and George W Bush s post 9 11 declaration that whether we bring our enemies to justice or bring justice to our enemies justice will be done and dozens of other noteworthy speeches The book also addresses crucial questions surrounding the complex relationship between speechwriter and speechgiver such as who actually crafted the most memorable phrases who deserves credit for them and who has claimed it Schlesinger tells the story of the modern American presidency through this unique prism how our chief executives developed their very different rhetorical styles and how well they grasped the rewards of reaching out to the country White House Ghosts is dramatic funny gripping surprising serious and always entertaining

Almost President Scott Farris,2013-05-07 Veteran political journalist Scott Farris tells the stories of legendary presidential also rans from Henry Clay to Stephen Douglas from William Jennings Bryan to Thomas Dewey and from Adlai Stevenson to Al Gore He also includes concise profiles of every major candidate nominated for president who never reached the White House but who helped promote the success of American democracy Farris explains how Barry Goldwater achieved the party realignment that had eluded FDR how George McGovern paved the way for Barack Obama and how Ross Perot changed the way all presidential candidates campaign There is Al Smith the first Catholic nominee for president and Adlai Stevenson the candidate of the eggheads who remains the beau ideal of a liberal statesman And Farris explores the potential legacies of recent runners up John Kerry and John McCain The book also includes compact and evocative portraits of such men as John C Fremont the first Republican Party presidential candidate and General Winfield Scott whose loss helped guarantee the Union victory in the Civil War This new edition of Almost President brings the work up to date with a section that explores the results and ramifications of the 2012 presidential election **American Presidents Year by Year** Julie Nelson,2015-03-10 This fascinating multi volume set illuminates the panorama of American history through the personal and professional stories of the nation s presidents Arranged chronologically and covering George Washington to George W Bush it juxtaposes the lives of each year s current former and future living presidents against each other and the historical backdrop of their times Each chapter opens with a summary of the year and describes the major issues and events the

incumbent president faced Separate sections within each chapter Former Presidents and Future Presidents detail important developments in the lives of past and future presidents month by month during that same year highlighting political social and personal decisions that helped shape the course of American history **Eisenhower and the Mass Media** Craig Allen,2000-11-09 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Dawn Clark Netsch Cynthia Grant Bowman,2010-01-20 Bowman s eminently readable account discovers a rara avis in Illinois state politics a woman of character who lost neither her genteel yet unpretentious demeanor nor her passion for the progressive politics she shared with her early mentor Governor Adlai E Stevenson from book jacket The Age of Eisenhower William I Hitchcock,2018-03-20 A New York Times bestseller this is the outstanding The Atlantic insightful and authoritative account of Dwight Eisenhower s presidency Drawing on newly declassified documents and thousands of pages of unpublished material The Age of Eisenhower tells the story of a masterful president guiding the nation through the great crises of the 1950s from McCarthyism and the Korean War through civil rights turmoil and Cold War conflicts This is a portrait of a skilled leader who despite his conservative inclinations found a middle path through the bitter partisanship of his era At home Eisenhower affirmed the central elements of the New Deal such as Social Security fought the demagoguery of Senator Joseph McCarthy and advanced the agenda of civil rights for African Americans Abroad he ended the Korean War and avoided a new quagmire in Vietnam Yet he also charted a significant expansion of America s missile technology and deployed a vast array of covert operations around the world to confront the challenge of communism As he left office he cautioned Americans to remain alert to the dangers of a powerful military industrial complex that could threaten their liberties Today presidential historians rank Eisenhower fifth on the list of great presidents and William Hitchcock s rich narrative The Wall Street Journal shows us why Ike s stock has risen so high He was a gifted leader a decent man of humble origins who used his powers to advance the welfare of all Americans Now more than ever with this complete and persuasive assessment Booklist starred review Americans have much to learn from Dwight Eisenhower
