Steves Responsibility:

Not So Innocent Abroad Ulrike Brisson, Bernard Schweizer, 2009-10-02 With its specific focus on the connections between politics travel and travel writing Not So Innocent Abroad offers a fresh approach to the study of travel literature The authors make clear that travel and travel writing are never an innocent enterprise rather journeying always occurs within political systems and travel writing either reflects the traveler s political stance includes political aspects of foreign cultures or directly or indirectly influences political decisions In contrast to most scholarly publications that primarily focus on travel literature of former colonial nations this volume includes a broader range of travelogues depicting cultures worldwide spanning from the eighteenth to the twenty first century It thus offers with its comparative approach not only a geographically wide selection but also an historical dimension to the political aspects of travel writing Although most travel literature generally has followed the Horatian principle to instruct and delight the armchair traveler the authors of this volume clearly address the broader political implications of travel and travel writing within networks of naked politics such as international or interior conflicts emigration laws or national propaganda They also reveal how insidiously political messages are dissimulated through travel writing
