**Wallace Stevens** Harold Bloom,2003 Wallace Stevens is often characterized as an aesthete as one withdrawn from the major artistic and social movements of the first half of the 20th century This edition examines his major works of poetry

Wallace Stevens and the Pennsylvania Keystone Thomas F. Lombardi,1996-03 Wallace Stevens and the Pennsylvania Keystone represents the definitive work on origins as they appear in Stevens s poetry Author Thomas Francis Lombardi a poet himself traces Stevens s originary influences place family tradition the feminine ethnic heritage and religious roots against the cosmopolitan influences of Cambridge and New York and demonstrates the extent to which Stevens s formative and early adult years shaped his entire life and influenced the grand sweep of his poetry That influence spread itself across Stevens s entire canon from the early verse through *Harmonium* *Ideas of Order* *Parts of a World* *Notes toward a Supreme Fiction* *Transport to Summer* *The Auroras of Autumn* *The Rock* and finally *Opus Posthumous* Though Lombardi acknowledges the importance of the global presence in Stevens s poetry he argues that the hallmark of the poet s vision is the presence of his Pennsylvania provincialism and the increasing significance he attached to his roots as he grew older Stevens s life epitomized a personal and irresistible rite of passage toward origins a universal odyssey that sensitive people undertake over the course of their lives the ethnocentric pull toward the native experience That attraction to his native soil would inform much of the content of his poetry To this end he wished to be one with his ancestors for the reason of experiencing a sense of identity with the provincial past not in spite of but because of it Without an adequate understanding of this relationship no in depth comprehension of Stevens s poetry seems possible BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved      *Rick Steves France* Rick Steves,Steve Smith,2024-06-11 Now more than ever you can count on Rick Steves to tell you what you really need to know when traveling through France Wander the lavender fields of Provence climb the steps of the Eiffel Tower and bite into a perfect croissant Inside *Rick Steves France* you ll find Fully updated comprehensive coverage for planning a multi week trip to France Rick s strategic advice on how to get the most out of your time and money with rankings of his must see favorites Top sights and hidden gems from the Louvre and the Palace

**Wallace Stevens** George S. Lensing, 1986-12 In Wallace Stevens A Poet's Growth George S. Lensing examines Stevens gradual emergence and development as a poet tracing his life from his formative years in Pennsylvania to his careers as a lawyer for the Hartford Accident and Indemnity Company and as one of the major poets of the twentieth century Lensing draws extensively upon previously unpublished material from the Stevens archive at the Huntington Library which contains letters early drafts of poems and notebooks Two notebooks Schemata and From Pieces of Paper are here reproduced in full The study is divided into three sections In the first Lensing examines the years before the publication of Stevens first volume of poetry paying special attention to the forces that hindered and enhanced his progress toward modernity In the second we see Stevens in the exercise of his craft Lensing discusses the influence of the Romantics on the verse Stevens wrote as an undergraduate at Harvard his interest in Oriental art Cubism and Fauvism his anticipation of Imagism and his imitation of certain French Symbolists Sources of the epigraphs to Stevens poems are identified fully for the first time suggesting the role of Stevens vast reading upon his poetry Also considered is Stevens voluminous correspondence with people from all over the world some of whom he never met personally These letters helped rescue Stevens from the insularity of his business life and aided in the making of his poems The final section treats the critical responses to Stevens poetry by such people as Harriet

Monroe editor and founder of Poetry who was the first important reader and publisher of his work Attention is also given to Stevens explications of his poems Wallace Stevens A Poet s Growth is a comprehensive examination of Stevens live and work This study provides abundant new material which will be of value to scholars and to those readers who are drawn to Stevens poetry Wallace Stevens and Pre-Socratic Philosophy Daniel Tompsett,2012 This book studies Wallace Stevens and pre Socratic philosophy showing how concepts that animate Stevens poetry parallel concepts and techniques found in the poetic works of Parmenides Empedocles and Xenophanes and in the fragments of Heraclitus Tompsett traces the transition of pre Socratic ideas into poetry and philosophy of the post Kantian period assessing the impact that the mythologies associated with pre Socratism have had on structures of metaphysical thought that are still found in poetry and philosophy today This transition is treated as becoming increasingly important as poetic and philosophic forms have progressively taken on the existential burden of our post theological age Tompsett argues that Stevens poetry attempts to play its audience into an ontological ground in an effort to show that his reduction of metaphysics is not dry philosophical imposition but is enacted by our encounter with the poems themselves Through an analysis of the language and form of Stevens poems Tompsett uncovers the mythology his poetry shares with certain pre Socratics and with Greek tragedy This shows how such mythic rhythms are apparent within the work of Friedrich Nietzsche Martin Heidegger and Hans Georg Gadamer and how these rhythms release a poetic understanding of the violence of a reduction of metaphysics The Dual City Blue Book ,1887

Narrative and Representation in the Poetry of Wallace Stevens D. Schwarz,1993-07-21 In this study Daniel R Schwarz argues that the narrative and representational aspects of Stevens s poetry have been neglected in favour of readings that stress his word play and rhetoricity Schwarz shows how Stevens s concept of representation is deeply influenced by modern painters such as Picasso and Duchamp He shows that Stevens s poetry needs to be understood in terms of a number of major contexts the American tradition of Emerson and Whitman the Romantic movement and the Modernist tradition *Blue Book of Brookline* ,1919 **Stevens Indicator ...** ,1897 *Ecological Poetics; or, Wallace Stevens's Birds* Cary

Wolfe,2020-04-17 The poems of Wallace Stevens teem with birds grackles warblers doves swans nightingales owls peacocks and one famous blackbird who summons thirteen ways of looking What do Stevens s evocations of birds and his poems more generally tell us about the relationship between human and nonhuman In this book the noted theorist of posthumanism Cary Wolfe argues for a philosophical and theoretical reinvention of ecological poetics using Stevens as a test case Stevens Wolfe argues is an ecological poet in the sense that his places worlds and environments are co created by the life forms that inhabit them Wolfe argues for a nonrepresentational conception of ecopoetics showing how Stevens s poems reward study alongside theories of system environment and observation derived from a multitude of sources from Ralph Waldo Emerson and Niklas Luhmann to Jacques Derrida and Stuart Kauffman Ecological Poetics is an ambitious interdisciplinary undertaking involving literary criticism contemporary philosophy and theoretical biology **Clark's Boston Blue Book** ,1917 *The Chicago*
