George Orwell She was noted for her wit often maliciously directed at friends and occasional public tantrums Her use of real people in her writing angered many of her friends and brought the threat of libel Always feeling herself out of step with the world she was haunted by her father's absence during her childhood and her mother's early death she longed for love yet was sexually ambivalent In exploring the intimate relationship between Stevie Smith's life and work Frances Spalding gives a new insight into a writer who always saw death as a friend yet was also one of the great celebrators of life whether commonplace or extraordinary
