STICKS & STONES
THREE CENTURIES OF NORTH CAROLINA GRAVEMARKERS

Sticks And Stones Three Centuries Of North Carolina Gravemarkers

Catherine W. Bishir

Sticks And Stones Three Centuries Of North Carolina Gravemarkers:

Sticks & Stones Margaret Ruth Little,1998 An old graveyard writes Ruth Little is a cultural encyclopedia an invaluable source of insight and information about the families traditions and cultural connections that shape a community But although graveyards and gravemarkers have long been recognized as vital elements of the material culture of New England they have not received the same attention in the South Sticks and Stones is the first book to consider the full spectrum of gravemarkers both plain and fancy in a southeastern state From gravehouses to cedar boards to seashell mounds to tomb tables to pierced soapstones to homemade concrete headstones an incredibly rich collection of gravemarker types populates North Carolina s graveyards Exploring the cultural economic and material differences that gave rise to such variation Little traces three major parallel developments a tradition of headstones crafted of native materials by country artisans a series of marble monuments created by metropolitan stonecutters and a largely twentieth century legacy of wood and concrete markers made within the African American community With more than 230 illustrations including 120 stunning photographs by Tim Buchman Sticks and Stones offers an illuminating look at an important facet of North Carolina s cultural heritage **Sticks and Stones**

Margaret Ruth Little,1984 **North Carolina Quakers** J. Timothy Allen,2011 In the 1750s Quakers from Pennsylvania and Virginia settled in the North Carolina Piedmont eventually organizing Spring Friends Meeting in 1763 The Friends still gather by the spring and wait for the light to descend upon them 250 years later Spring Meeting nursed the injured and dying in the American Revolution said goodbye to members migrating to farmlands in the Northwest stood against slavery in the antebellum years helped reconstruct the South in the late 1800s and held their pacifist beliefs throughout the 20th century A record setting World Series pitcher leading educators missionaries and major figures in North Carolina Quaker leadership fill its rolls Persevering through the ebb and flow of revivals and apathy Spring Meeting has left its mark in history Today the spring flows the front door remains unlocked and members still gather on First Sundays , **Mortuary**

Monuments and Burial Grounds of the Historic Period Harold Mytum,2012-12-06 Burial grounds strike an immediate chord with all who visit them They are land scapes full of pathos and cultural associations which many find attractive though a minority feel are too morbid to deserve detailed attention This book is designed to offer a framework for studying historic burial ground monuments and contains a certain amount of information regarding below ground archaeology as some projects will involve the study of both Moreover from a research perspective above and below ground archaeology together can throw considerable light on the process of dying body disposal and commemoration that formed a continuum for those involved However the more easily accessible graveyard memorials can be used to study many aspects of past culture beyond that directly associated with death and they are the focus of the book Most people who become interested in historic graveyard memorials come to the subject via the material itself Only rarely does a research question get posed and graveyard data seem like an appropriate arena for investigation This has the advantage that many researchers have some

ideas about the data available but the disadvantage that they may not have clear questions to ask of it nor how to set their discoveries in a wider intellectual context

The True Image Daniel W. Patterson, 2012-10-08 A thousand unique gravestones cluster around old Presbyterian churches in the piedmont of the two Carolinas and in central Pennsylvania Most are the vulnerable legacy of three generations of the Bigham family Scotch Irish stonecutters whose workshop near Charlotte created the earliest surviving art of British settlers in the region In *The True Image* Daniel Patterson documents the craftsmanship of this group and the current appearance of the stones In two hundred of his photographs he records these stones for future generations and compares their iconography and inscriptions with those of other early monuments in the United States Northern Ireland and Scotland Combining his reading of the stones with historical records previous scholarship and rich oral lore Patterson throws new light on the complex culture and experience of the Scotch Irish in America In so doing he explores the bright and the dark sides of how they coped with challenges such as backwoods conditions religious upheavals war political conflicts slavery and land speculation He shows that headstones resting quietly in old graveyards can reveal fresh insights into the character and history of an influential immigrant group

Paradise Valley, Nevada Howard W. Marshall, 1995 Stonemasons from the Alpine valleys of northwestern Italy shaped the architectural face of Paradise Valley in northern Nevada in the 1860s and 1870s Drawing on their own distinctive skills they constructed the constellation of granite and sandstone buildings that are the region's most visible landmarks Marshall's analysis of this architectural legacy illustrated with 229 photographs and 70 line drawings is not only a valuable resource for scholars in vernacular architecture folklore and cultural geography but also a verbal and visual treat for all who love the American West

[History Lover's Guide to North Carolina](#), A Michael C. Hardy, 2022 Tour the Old North State's famous and not so famous historic sites First in Freedom First in Flight and First Farthest and Last are all honorifics that have been used to describe North Carolina's well known history Learn the truth behind each of these epithets and other tales from the sands of the Outer Banks to the bustling cities of the Piedmont and the western mountains Tour the state's famous historic homes gardens and cemeteries Dive deep into its military conflicts from the golden age of piracy to the Second World War Join North Carolina's veteran historian Michael C Hardy for an exploration of the many sites monuments museums and public spaces that tell story of North Carolina's history

North Carolina Architecture Catherine W. Bishir, 2014-03-19 This award winning lavishly illustrated history displays the wide range of North Carolina's architectural heritage from colonial times to the beginning of World War II North Carolina Architecture addresses the state's grand public and private buildings that have become familiar landmarks but it also focuses on the quieter beauty of more common structures farmhouses barns urban dwellings log houses mills factories and churches These buildings like the people who created them and who have used them are central to the character of North Carolina Now in a convenient new format this portable edition of North Carolina Architecture retains all of the text of the original edition as well as hundreds of halftones by master photographer

Tim Buchman Catherine Bishir's narrative analyzes construction and design techniques and locates the structures in their cultural political and historical contexts This extraordinary history of North Carolina's built world presents a unique and valuable portrait of the state **Tales and Tombstones of Sunset Cemetery** June Hadden Hobbs, Joe DePriest, Hal Bryant, 2021-12-02 This book relates the stories and describes the memorials of the people buried in Shelby North Carolina's historic Sunset Cemetery a microcosm of the Southeastern United States The authors an academic and a journalist detail the lives and memories of people who are buried here from Civil War soldiers to those who created the Jim Crow South and promoted the narrative of the Lost Cause Featured are authors W J Cash and Thomas Dixon whose racist novel was the basis for *The Birth of a Nation* Drawn from historical research and local memory it includes the tales of musicians Don Gibson and Bobby Pepper Head London as well as a paratrooper who died in the Battle of the Bulge and other ordinary folks who rest in the cemetery A bigger responsibility is to give a voice to the silenced enslaved people of color buried in unmarked graves Cemeteries are sacred places where artistry and memory meet to understand we need both the tales and the tombstones

The Georgia Library Quarterly ,1998 *A Coat of Many Colors* Walter Conser, 2006-09-04 While religious diversity is often considered a recent phenomenon in America the Cape Fear region of southeastern North Carolina has been a diverse community since the area was first settled Early on the region and the port city of Wilmington were more urban than the rest of the state and thus provided people with opportunities seldom found in other parts of North Carolina This area drew residents from many ethnic backgrounds and the men and women who settled there became an integral part of the region's culture Set against the backdrop of national and southern religious experience *A Coat of Many Colors* examines issues of religious diversity and regional identity in the Cape Fear area Author Walter H Conser Jr draws on a broad range of sources including congregational records sermon texts liturgy newspaper accounts family memoirs and technological developments to explore the evolution of religious life in this area Beginning with the story of prehistoric Native Americans and continuing through an examination of life at the end of twentieth century Conser tracks the development of the various religions denominations and ethnic groups that call the Cape Fear region home From early Native American traditions to the establishment of the first churches cathedrals synagogues mosques and temples *A Coat of Many Colors* offers a comprehensive view of the religious and ethnic diversity that have characterized Cape Fear throughout its history Through the lens of regional history Conser explores how this area's rich religious and racial diversity can be seen as a microcosm for the South and he examines the ways in which religion can affect such diverse aspects of life as architecture and race relations *A Graveyard Preservation Primer* Lynette Strangstad, 2013-08-28 *A Graveyard Preservation Primer* has proven itself to be a time tested resource for those who are seeking information regarding the protection and preservation of historic graveyards It was first written to help stewards of early burial grounds responsibly and effectively preserve their graveyards Much information found in the first edition of the book remains valid today Still much has changed in the twenty five years

since its first publication and the new edition reflects these changes Attitudes and the understanding of historic graveyards as an important cultural resource have grown and developed over the years Likewise changes in treatments have also taken place Perhaps the most dramatic change in burial ground preservation is in the world of technology Changes in computers and the way we use them have also changed preservation practices in historic graveyards Discussion of technological changes in the new edition includes those in mapping surveying photography archaeology and other areas of evaluation and planning Consideration is given too to maintenance and conservation treatments including both traditional and newer treatments for stone concrete and metals Metals were not discussed in the earlier editions and protection and preservation of the landscape as it relates to graveyards is an expanded focus of this book The historic preservation of cemeteries and burial grounds is an aspect within the discipline of historic preservation that is unknown to many Those whose responsibility is the care of these historic sites may be unfamiliar with appropriate approaches to such areas as documentation planning maintenance and conservation Unwitting personnel can do irreparable harm to these important cultural resources The Primer is an effort to protect historic cultural resources by breaching the gap between maintenance staff cemetery boards friends groups and graveyard preservation professionals by offering readily available responsible information regarding graveyard protection and preservation It is also designed to assist those who would undertake a preservation project in the reclaiming of a neglected or abandoned historic cemetery The book is generously illustrated with diagrams and photos illustrating procedures and gravemarker and graveyard forms styles and materials The appendix section is completely updated and expanded offering a worthwhile resource in itself

Death and Rebirth in a Southern City Ryan K.

Smith, 2020-11-17 This exploration of Richmond's burial landscape over the past 300 years reveals in illuminating detail how racism and the color line have consistently shaped death burial and remembrance in this storied Southern capital Richmond Virginia the former capital of the Confederacy holds one of the most dramatic landscapes of death in the nation Its burial grounds show the sweep of Southern history on an epic scale from the earliest English encounters with the Powhatan at the falls of the James River through slavery the Civil War and the long reckoning that followed And while the region's deathways and burial practices have developed in surprising directions over these centuries one element has remained stubbornly the same the color line But something different is happening now The latest phase of this history points to a quiet revolution taking place in Virginia and beyond Where white leaders long bolstered their heritage and authority with a disregard for the graves of the disenfranchised today activist groups have stepped forward to reorganize and reclaim the commemorative landscape for the remains of people of color and religious minorities In *Death and Rebirth in a Southern City* Ryan K Smith explores more than a dozen of Richmond's most historically and culturally significant cemeteries He traces the disparities between those grounds which have been well maintained preserving the legacies of privileged whites and those that have been worn away dug up and built over erasing the memories of African Americans and indigenous tribes Drawing on

extensive oral histories and archival research Smith unearths the heritage of these marginalized communities and explains what the city must do to conserve these gravesites and bring racial equity to these arenas for public memory He also shows how the ongoing recovery efforts point to a redefinition of Confederate memory and the possibility of a rebirthed community in the symbolic center of the South The book encompasses among others St John s colonial churchyard African burial grounds in Shockoe Bottom and on Shockoe Hill Hebrew Cemetery Hollywood Cemetery with its 18 000 Confederate dead Richmond National Cemetery and Evergreen Cemetery home to tens of thousands of black burials from the Jim Crow era Smith s rich analysis of the surviving grounds documents many of these sites for the first time and is enhanced by an accompanying website www.richmondcemeteries.org A brilliant example of public history **Death and Rebirth in a Southern City** reveals how cemeteries can frame changes in politics and society across time

Decoration Day in the Mountains Alan Jabbour, Karen Singer Jabbour, 2010 Decoration Day is a late spring or summer tradition that involves cleaning a community cemetery decorating it with flowers holding a religious service in the cemetery and having dinner on the grounds These commemorations seem to predate the post Civil **Crafting Lives** Catherine W. Bishir, 2013-11-01 From the colonial period onward black artisans in southern cities thousands of free and enslaved carpenters coopers dressmakers blacksmiths saddlers shoemakers bricklayers shipwrights cabinetmakers tailors and others played vital roles in their communities Yet only a very few black craftspeople have gained popular and scholarly attention Catherine W Bishir remedies this oversight by offering an in depth portrayal of urban African American artisans in the small but important port city of New Bern In so doing she highlights the community s often unrecognized importance in the history of nineteenth century black life Drawing upon myriad sources Bishir brings to life men and women who employed their trade skills sense of purpose and community relationships to work for liberty and self sufficiency to establish and protect their families and to assume leadership in churches and associations and in New Bern s dynamic political life during and after the Civil War Focusing on their words and actions **Crafting Lives** provides a new understanding of urban southern black artisans unique place in the larger picture of American artisan identity

The Material Culture of German Texans Kenneth Hafertepe, 2016-06-21 Winner 2019 San Antonio Conservation Society Foundation Book Award sponsored by the San Antonio Conservation Society Foundation German immigrants of the nineteenth century left a distinctive mark on the lifestyles and vernacular architecture of Texas In this first comprehensive survey of the art and artifacts of German Texans Kenneth Hafertepe explores how their material culture was influenced by their European roots how it was adapted to everyday life in Texas and how it changed over time at different rates in different communities **The Material Culture of German Texans** is about the struggle to become American while maintaining a distinctive cultural identity drawn from German heritage Including materials from rural small town and urban settings this masterful study covers pioneer generations in East Texas and the Hill Country but also follows the story into the Victorian era and the early twentieth century Houses and their furnishings churches and cemeteries breweries and

businesses and paintings and engravings fill the pages of this thorough informative and richly illustrated volume Recent decades have seen a sharp increase of the study of vernacular architecture which can range from traditional building to ethnic expressions to landscape ensembles and an intensified study of American furniture and other decorative arts Incorporating these vernacular and decorative arts methods and building on the works of cultural geographers curators and historians The Material Culture of German Texans offers a definitive contribution that will inform visitors to the region as well as those who study its history and culture

Rural Life and Culture in the Upper Cumberland Michael Birdwell, W. Calvin Dickinson, 2004-12-24 Seventeen original essays by prominent scholars uncover fascinating stories and personalities from the Upper Cumberland region of Kentucky and Tennessee often regarded as isolated and out of pace with the rest of the country but seen here as having a far richer history and culture than previously thought

Whitewashing America Bridget T. Heneghan, 2003-10 A study of how material goods and antebellum consumption defined whiteness

New Jersey Cemeteries and Tombstones Richard F. Veit, Mark Nonestied, 2008-09-17 From the earliest memorials used by Native Americans to the elaborate structures of the present day Richard Veit and Mark Nonestied use grave markers to take an off beat look at New Jersey s history that is both fascinating and unique New Jersey Cemeteries and Tombstones presents a culturally diverse account of New Jersey s historic burial places from High Point to Cape May and from the banks of the Delaware to the ocean washed Shore to explain what cemeteries tell us about people and the communities in which they lived The evidence ranges from somber seventeenth century decorations such as hourglasses and skulls that denoted the brevity of colonial life to modern times where memorials such as a life size granite Mercedes Benz reflect the materialism of the new millennium Also considered are contemporary novelties such as pet cemeteries and what they reveal about today s culture To tell their story the authors visited more than 1 000 burial grounds and interviewed numerous monument dealers and cemetarians This richly illustrated book is essential reading for history buffs and indeed anyone who has ever wandered inquisitively through their local cemeteries

Sticks And Stones Three Centuries Of North Carolina Gravemarkers Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the ability of words has are more evident than ever. They have the ability to inspire, provoke, and ignite change. Such may be the essence of the book **Sticks And Stones Three Centuries Of North Carolina Gravemarkers**, a literary masterpiece that delves deep into the significance of words and their impact on our lives.
