Theodore Roosevelt,1900 **Wolf and Coyote Trapping: An Up-to-Date Wolf Hunter's Guide** A. R. Harding,2021-04-25 This book contains much value to those who expect to follow the business of catching wolves and coyotes For while there are certain wild animals which when hard pressed by severe cold and hunger will raid the farmers and ranchmen s yards killing fowls and stock none will destroy so much stock as wolves and coyotes as they largely live upon the property of farmers settlers and ranchmen to which they add game as they can get it While these animals are trapped shot poisoned hunted with dogs etc their numbers in some states seem to be on the increase rather than the decrease in face of the fact that heavy bounties are offered The fact that wolf and coyote scalps command a bounty in many states and in addition their pelts are valuable makes the hunting and trapping of these animals of no little importance One thing that has helped to keep the members of these howlers so numerous is the fact that they are among the shrewdest animals in America Water Rights Acquisition, Lahontan Valley Wetlands, Churchill County ,1996 Chamber of Commerce Journal of Maine ,1909 **The American hunting dog** W.H.
