and Scientific Institute, Charles Oakes
Ermatinger, W. H. Murch**

Still Lives:

Still Lives Maria Hummel, 2019-06-04 Twelve shocking paintings Eleven famous murders One missing artist and one woman driven to find her this Reese's Book Club x Hello Sunshine Selection is a stunning achievement Los Angeles Times Kim Lord is an avant garde figure feminist icon and agent provocateur in the L A art scene Her groundbreaking new exhibition Still Lives is comprised of self portraits depicting herself as famous murdered women the Black Dahlia Chandra Levy Nicole Brown Simpson among many others and the works are as compelling as they are disturbing implicating a culture that is too accustomed to violence against women As the city's richest art patrons pour into the Rocque Museum's opening night all the staff including editor Maggie Richter hope the event will be enough to save the historic institution's flailing finances Except Kim Lord never shows up to her own gala Fear mounts as the hours and days drag on and Lord remains missing Suspicion falls on the up and coming gallerist Greg Shaw Ferguson who happens to be Maggie's ex A rogue's gallery of eccentric art world figures could also have motive for the act and as Maggie gets drawn into her own investigation of Lord's disappearance she'll come to suspect all of those closest to her Set against a culture that often fetishizes violence Still Lives is a page turning exodus into the art world's hall of mirrors and one woman's journey into the belly of an industry flooded with money and secrets It's a thrilling mystery that will leave you wondering which characters you can and can't trust There's a twist at the end that still keeps us up at night it's THAT good Reese Witherspoon A Reese's Book Club x Hello Sunshine Selection

Still Lives Jonathan Cole, 2006-02-17 An examination through personal narratives and reflective commentary of life without sensation or movement in the body In writing Still Lives Jonathan Cole wanted to find out about living in a wheelchair without having what he calls the doctor patient thing intervene He has done this by asking people with spinal cord injuries the simple question of what it is like to live without sensation and movement in the body If the body has absented itself where does the person reside He describes his method in the first chapter I have gone to people not with a white coat or a stethoscope but to listen to their lives as they express them and it is the candid and powerful narratives of twelve people with spinal cord injuries that form the heart of the book Asking his simple question Cole discovers that there is no single or simple answer The twelve people with tetraplegia known as quadriplegia in the US or paraplegia whose stories he tells testify to similar impairments but widely differing experiences Cole employs their individual responses to shape the book into six main sections Enduring Exploring Experimenting Observing Empowering and finally Continuing Each concludes with a commentary on the broader issues raised Still Lives moves from a view of impairment as tragedy to reveal the possibilities and richness of experience available to those living with spinal injuries More universally it offers new perspectives on our relation to our bodies In exploring the creative and imaginative adjustments required to construct a still life it makes a plea for the able bodied to adjust their view of this most profound of impairments

Still Lives Maria H. Loh, 2015-03-22 How portraits of artists during the Renaissance helped create the first art stars in modern history

Michelangelo was one of the biggest international art stars of his time but being Michelangelo was no easy thing he was stalked by fans lauded and lambasted by critics and depicted in unauthorized portraits *Still Lives* traces the process by which artists such as Michelangelo D rer and Titian became early modern celebrities Artists had been subjects of biographies since antiquity but Renaissance artists were the first whose faces were sometimes as recognizable as their art Maria Loh shows how this transformation was aided by the rapid expansion of portraiture and self portraiture as independent genres in painting and sculpture She examines the challenges confronting artists in this new image economy What did it mean to be an image maker haunted by one s own image How did these changes affect the everyday realities of artists and their workshops And how did images of artists contribute to the way they envisioned themselves as figures in a history that would outlive them Richly illustrated *Still Lives* is an original exploration of the invention of the artist portrait and a new form of secular stardom

Still Lives Reshma Ruia,2022-06-29 The glow of my cigarette picks out a dark shape lying on the ground I bend down to take a closer look It s a dead sparrow I wondered if I had become that bird disoriented and lost Young handsome and contemptuous of his father s traditional ways PK Malik leaves Bombay to start a new life in America Stopping in Manchester to visit an old friend he thinks he sees a business opportunity and decides to stay on Now fifty five PK has fallen out of love with life His business is struggling and his wife Geeta is lonely pining for the India she s left behind One day PK crosses the path of Esther the wife of his business competitor and they launch into an affair conducted in shabby hotel rooms with the fear of discovery forever hanging in the air *Still Lives* is a tightly woven haunting work that pulls apart the threads of a family and plays with notions of identity Shortlisted for the SI Leeds literary prize Winner of the Reader s Choice Award at the Diverse Book Awards 2023

Moving Pictures, Still Lives James Tweedie,2018-05-04 *Moving Pictures Still Lives* reframes and rediscovers the virtues and limitations of movies created during the late twentieth century between the fading modernity crystallized in cinema and the ascendant new digital media visible in the offing

Moody Still Lives Arthur Percy Fitt,1936-01-01 This book by Moody s son in law and former secretary is not strictly speaking a life story of the great evangelist It is rather a loving estimate of his work and Spirit filled life by one who was closely associated with him during his most fruitful years The author endeavors to explain how starting from nothing Mr Moody became the most influential spiritual figure America has yet produced He portrays Moody the man in his daily contact with family and friends as well as in his public appearances Says Mr Fitt in commenting on the failure of Mr Moody s popularity to exalt the man He so magnified the grace and power of God that he attracted no attention to himself You will get an unforgettable picture of Moody in action The book reveals something of the secret of Moody s power in order that as the author expresses it a multitude of other lives may be quickened

Distant Voices, Still Lives Paul Farley,2019-07-25 Set in a world before Elvis in a Liverpool before the Beatles Terence Davies film *Distant Voices Still Lives* is an elegiac and intensely autobiographical meditation on a post war working class childhood Paul Farley s study of the film is both a personal response as a Liverpudlian

and as a poet and an exploration of Davies unique visual style blending the spaces the short halls stairways coal cellars and meter cupboards of northern England and sounds the BBC shipping forecast a pub sing a long the strains of Vaughan Williams and Britten of memory

The Land Still Lives Jerry Apps,2019-09-06 Apps is a man of ideas who is sensitive to the touch the smells and the feel of doing things by hand today and a hundred years ago from the foreword by Senator Gaylord Nelson Originally published in 1970 The Land Still Lives is the first book by Wisconsin s greatest rural philosopher Jerry Apps Written when he was still a young agriculture professor at the University of Wisconsin The Land Still Lives was readers first introduction to Jerry s farm in central Wisconsin called Roshara and the surrounding community of Skunk s Hollow This special 50th anniversary edition features a new epilogue in which Jerry revisits his philosophy of caring for the land so it in turn will care for us This is vintage Apps essential reading for Jerry s legions of fans and for all who like Jerry wish to develop a relationship with nature and all its mystery and wonder

Ladies: How would you feel if your ex-boyfriend still lives with you and has a lot of woman companions at the home you share together? TJ Clemons,2019-07-29 In the modern era that we live in this is a situation that I have personally faced I have met several women over the internet that still live with their ex husbands and boyfriends According to them nothing is going on physically and sexually with their former lovers I am looking at the situation from a male perspective on the outside looking in and personally I believe that this is no way to start a new relationship but that s just my personal opinion Others may have a different outlook especially the parties living together as former lovers They may be raising their children together or just be roommates living together I am surely not the only person to experience this kind of odd living situations with an ex couple This can lead to feelings of mistrust and deception from the very beginning of a new relationship Now let s take a look at the topic at hand I believe that a woman who still lives with an ex lover still holds an emotional and physical connection to him especially if they have children together That in itself creates a bond that lasts for a lifetime They also have history and memories together that also lasts forever With this knowledge women are also naturally jealous of other women trespassing on their human male property especially if they are housing feeding and taking care of his basic needs of survival With this being said I do not believe that they are willing to share the love and affection that she has for a man that lives with her At the very least she will assert her female dominance and control over him using her sexuality to subdue him Even if he has moved on to another woman she can t allow this to happen knowing that she can have him intimately anytime that she wants That fact alone empowers her to exert her feline instincts and toy with him and his new lover Again others will disagree with my analysis and sugar coat this dysfunctional union between a man and a woman with a past sexual and relationship history who for some reason or another choose to live together as alleged platonic roommates The average person who has had sexual relations will find comfort in the arms of a past lover
