Tholuck,1860 Parables and Rhetoric in the Sermon on the Mount Ernst Baasland,2015-07-27 Parable research has to a large degree ignored the Sermon on the Mount SM and for its part research into the SM has likewise left the parables by the wayside However the use of parabolic language in more than one third of the SM influences its interpretation and indeed opens up a new approach to it In the current volume Ernst Baasland focuses on this important factor whilst also taking the rhetoric of Jesus teaching into consideration The author maintains that rhetorical features have a great bearing on the interpretation of the text with the overall structure illuminating the entire composition of the sermon Fresh insights into its oration therefore serve to challenge the source problem in a new way The religious and philosophical settings of this most well known of Christ s preachings are clarified by its parables and rhetoric and the sermon s Jewish background has often been investigated While the author continues with that particular task he simultaneously affords more emphasis to the parallels in Greek Hellenistic literature The combining of all these factors leads to a clearer comprehension of the Sermon on the Mount s philosophy of life and provides a better understanding of this classical text Sermons, tr. by R. Robinson (H. Hunter) Jacques Saurin,1800 The Senses of Preaching ,1988-01-01 Written in conversational style The Senses of Preaching is a thought provoking book using anecdotes to take a careful look at the relationship between preachers and congregations Thomas Long provides insight into faith and life as well as preaching and homiletics He offers preachers a better understanding of the whole concept of their craft and complements it with sermon starter ideas This compact volume shows preachers how to develop and implement a preaching experience that encourages the hearing of the gospel The Homiletic Review ,1903 *Selected Sermons; Homilies* Peter Chrysologus,Valerian,2010-04 No description available **Commentary on the Sermon on the Mount** Friedrich August G. volume biography of Martin Luther German professor of theology and the Church reformer famous for his Ninety five Theses of 1517 and recognized as a seminal figure in the Protestant Reformation The aim of the work was to present accurate historical and psychological portrait of Luther s personality which is still a mystery from many points of view While presenting Luther s psychological picture the author chooses to do so in Luther s own words analyzing his writings and letters Analyzing Luther s writings he opts not to write about Luther s teachings and the history of dogma but reaches deeper in his endeavor to supply an exact portrayal of Luther as a whole which should emphasize various aspects of his mind and character
