fairy-tale sexual politics Sharon Rose Wilson,1993 *National Dreams* Daniel Francis,2002-07-01 As Canadians we remember the stories told to us in high school history class as condensed images of the past the glorious Mountie the fearsome Native the Last Spike *National Dreams* is an incisive study of the most persistent icons and stories in Canadian history and how they inform our sense of national identity the fundamental beliefs that we Canadians hold about ourselves *National Dreams* is the story of our stories the myths and truths of our collective past that we first learned in school and which we carry throughout our adult lives as tangible evidence of what separates us from other nationalities Francis examines various aspects of this national mythology in which history is as much storytelling as fact Textbooks were an important resource for Francis For me these books are interesting not because they explain what actually happened to us but because they explain what we think happened to us For example Francis documents how the legend of the CPR as a country sustaining national affirming monolith was created by the company itself a group of capitalists celebrating the privately owned railway albeit one which was generously supported with public land and cash and reiterated by most historians ever since Similarly we learn how the Mounties were transformed from historical police force to mythic heroes by a vast army of autobiographers historians novelists and Hollywood filmmakers with little attention paid to the true role of the force in such incidents as the Bolshevik rebellion in which a secret conspiracy by the Government against its people was conducted through the RNWMP Also revealed in *National Dreams* are the stories surrounding the formation and celebration of Canadian heroes such as Louis Riel and Billy Bishop Native Universe Gerald McMaster,2008 This gorgeous volume draws from the vast archives of the National Museum of the American Indian and features the voices and perspectives of some of the most prominent Native American scholars writers and activists 350 color photographs **The Persistence of Craft** Paul Greenhalgh,2003 In *The Persistence of Craft* contributors discuss the development of not only six specific crafts glass ceramics jewelry wood textiles and metal but also the trends and movements that have helped shape their developments Includes 180 full color illustrations The Hanging of Angélique Afua Cooper,2007 New light is shed on the largely misunderstood or ignored history of slavery in Canada through this portrait of slave Marie Joseph Angélique who in 1734 was arrested tried convicted and executed for starting a fire that destroyed more than forty Montreal buildings Simultaneous

A Journey in Translation Lee Skallerup Bessette, 2016-08-03 This book traces the remarkable journey of Herbert's shifting authorial identity as versions of her work traveled through complex and contested linguistic and national terrain from the late 1950s until today At the center of this exploration of Herbert's work are the people who were inspired by her poetry to translate and more widely disseminate her poems to a wider audience Exactly how did this one woman's work travel so much farther than the vast majority of Quebecois authors Though the haunting quality of her art partly explains her wide appeal her work would have never traveled so far without the effort of scores of passionately committed translators editors and archivists Though the work of such middle men is seldom recognized much less scrutinized as a factor in shaping the meaning and reach of an artist in Herbert's case the process of translating Herbert's poetry has left in its wake a number of archival and other paratextual resources that chronicle the individual acts of translation and their reception Though the impact of translation editions and archival work has been largely ignored in studies of Canadian literary history the treasure trove of such paratextual records in Herbert's case allows us to better understand the reach of her work More importantly it provides insight into and raises critical questions about the textually mediated process of nation building and literary canon formation Published in English
