Telling The Truth About History:

Telling the Truth about History Joyce Oldham Appleby, Lynn Hunt, Lynn Avery Hunt, Margaret C. Jacob, 1994 A fascinating historiographical essay An unusually lucid and inclusive explication of what it ultimately at stake in the culture wars over the nature goals and efficacy of history as a discipline Booklist Telling the Truth about History Joyce Appleby, Lynn Hunt, Margaret Jacob, 2011-02-14 A fascinating historiographical essay An unusually lucid and inclusive explication of what it ultimately at stake in the culture wars over the nature goals and efficacy of history as a discipline Booklist Deconstructing History Alun Munslow, 1997 In Deconstructing History Alan Munslow examines history in the postmodern age providing an introduction to the topics and debates inherent in a postmodern approach to history Detailing both empiricist and deconstruction issues and considering the arguments of both schools Munslow debates the position that not only is history defined as the textual product of historians but also that narrative may provide the textual model for the past itself An examination of the character of historical evidence and an exploration of the role of historians as well as a discussion of the failure of traditional historical models is included Munslow maps the controversies involved in and assesses the merits of the deconstructionist position arguing that instead of beginning with past events themselves history begins with representations of the past *Chronicles* Chris Given-Wilson, 2004-01-01 The priorities of medieval chroniclers and historians were not those of the modern historian nor was the way that they gathered arranged and presented evidence Yet if we understand how they approached their task and their assumption of God s immanence in the world much that they wrote becomes clear Many of them were men of high intelligence whose interpretation of events sheds clear light on what happened Christopher Given Wilson is one of the leading authorities on medieval English historical writing He examines how medieval writers such as Ranulf Higden and Adam Usk treated chronology and geography politics and warfare heroes and villains He looks at the ways in which chronicles were used during the middle ages and at how the writing of history changed between the twelfth and fifteenth centuries **History in a Post-Truth World** Marius Gudonis, Benjamin T. Jones, 2020-10-06 History in a Post Truth World Theory and Praxis explores one of the most significant paradigm shifts in public discourse A post truth environment that appeals primarily to emotion elevates personal belief and devalues expert opinion has important implications far beyond Brexit or the election of Donald Trump and has a profound impact on how history is produced and consumed Post truth history is not merely a synonym for lies This book argues that indifference to historicity by both the purveyor and the recipient contempt for expert opinion that contradicts it and ideological motivation are its key characteristics Taking a multidisciplinary approach this work explores some of the following questions What exactly is post truth history Does it represent a new phenomenon Does the historian have a special role to play in preserving public memory from alternative facts Do academics more generally have an obligation to combat fake news and fake history both in universities and on social media How has a post truth culture impacted professional and popular historical discourse
