Tempest And Its Travels:

"The Tempest" and Its Travels Peter Hulme, William Howard Sherman, 2000 A casebook of the ways the Shakespeare play has been reinterpreted time and time again **Shakespeare Survey: Volume 55, King Lear and Its Afterlife** Peter Holland, 2002-10-24 Shakespeare Survey is a yearbook of Shakespeare studies and production Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of criticism and performance For the first time numbers 1 50 are being reissued in paperback **Travel and Translation in the Early Modern Period**, 2006-01-01 The

relationship between travel and translation might seem obvious at first but to study it in earnest is to discover that it is at once intriguing and elusive Of course travelers translate in order to make sense of their new surroundings sometimes they must translate in order to put food on the table The relationship between these two human compulsions however goes much deeper than this What gets translated it seems is not merely the written or the spoken word but the very identity of the traveler These seventeen essays which treat not only such well known figures as Martin Luther Erasmus Shakespeare and Milton but also such lesser known figures as Konrad Gr nemberg Leo Africanus and Garcilaso de la Vega constitute the first survey of how this relationship manifests itself in the early modern period As such it should be of interest both to scholars who are studying theories of translation and to those who are studying hodoeporics or travel and the literature of travel

Howard, 2008-04-15 This four volume Companion to Shakespeare s Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United Kingdom and the United States Examines each of Shakespeare s plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare s poems problem comedies and late plays contains original essays on Troilus and Cressida Measure for Measure All s Well That Ends Well Venus and Adonis The Rape of Lucrece and The Sonnets as well as Pericles The Winter s Tale Cymbeline The Tempest and The Two Noble Kinsmen **Travel and Drama in Early Modern England** Claire Jowitt, David McInnis, 2018-10-11 This agenda setting volume on travel and drama in early modern England provides new insights into Renaissance stage practice performance history and theatre s transnational exchanges It advances our understanding of theatre history drama s generic conventions and what constitutes plays about travel at a time when the professional theatre was rapidly developing and England was attempting to announce its presence within a global economy Recent critical studies

have shown that the reach of early modern travel was global in scope and its cultural consequences more important than narratives that are dominated by the Atlantic world suggest This collection of essays by world leading scholars redefines the field by expanding the canon of recognized plays concerned with travel Re assessing the parameters of the genre the chapters offer fresh perspectives on how these plays communicated with their audiences and readers *Sounding Otherness in Early Modern Drama and Travel* Jennifer Linhart Wood, 2019-04-23 Winner of the Medieval and Renaissance Drama Society's 2021 Bevington Award for Best New Book Sounds are a vital dimension of transcultural encounters in the early modern period Using the concept of the soundwave as a vibratory uncanny and transformative force Jennifer Linhart Wood examines how sounds of foreign otherness are experienced and interpreted in cross cultural interactions around the globe Many of these same sounds are staged in the sonic laboratory of the English theater rattles were shaken at Whitehall Palace and in Brazil bells jingled in an English masque and in the New World the Dallam organ resounded at Topkap Palace in Istanbul and at King's College Cambridge and the drum thundered across India and throughout London theaters This book offers a new way to conceptualize intercultural contact by arguing that sounds of otherness enmesh bodies and objects in assemblages formed by sonic events calibrating foreign otherness with the familiar self on the same frequency of vibration

The Other Virgil Craig Kallendorf, 2007-10-18 The story of how the Aeneid has been approached by various postclassical authors including Shakespeare and Milton not as an endorsement of the ideals of their societies but as a model for poems that probed and challenged dominant values just as Virgil himself had done centuries before **The Travels of Marco Polo** Marco Polo, 1912 *Shakespeare through Islamic Worlds* Ambereen Dadabhoy, 2024-02-29 Shakespeare through Islamic Worlds investigates the peculiar absence of Islam and Muslims from Shakespeare's canon While many of Shakespeare's plays were set in the Mediterranean a geography occupied by Muslim empires and cultures his work eschews direct engagement with the religion and its people This erasure is striking given the popularity of this topic in the plays of Shakespeare's contemporaries By exploring the limited ways in which Shakespeare uses Islamic and Muslim tropes and topoi Ambereen Dadabhoy argues that Islam and Muslim cultures function as an alternate or shadow text in his works ranging from his staged Mediterranean plays to his histories and comedies By consigning the diverse cultures of the Islamic regimes that occupied and populated the early modern Mediterranean Shakespeare constructs a Europe and Mediterranean freed from the presence of non white non European and non Christian Others which belied the reality of the world in which he lived Focusing on the Muslims at the margins of Shakespeare's works Dadabhoy reveals that Islam and its cultures informed the plots themes and intellectual investments of Shakespeare's plays She puts Islam and Muslims back into the geographies and stories from which Shakespeare had evacuated them This innovative book will be of interest to all those working on race religion global and cultural exchange within Shakespeare as well as people working on Islamic Mediterranean and Asian studies in literature and the early modern period **Shakespeare's Serial Returns in Complex TV** Christina

Wald,2020-11-13 This book examines how Shakespeare's plays resurface in current complex TV series Its four case studies bring together The Tempest and the science fiction Western Westworld King Lear and the satirical dynastic drama of Succession Hamlet and the legal thriller Black Earth Rising as well as Coriolanus and the political thriller Homeland The comparative readings ask what new insights the twenty first century remediations may grant us into Shakespeare's texts and vice versa how Shakespearean returns help us understand topical concerns negotiated in the series such as artificial intelligence the safeguarding of democracy terrorism and postcolonial justice This study also proposes that the dramaturgical seriality typical of complex TV allows insights into the seriality Shakespeare employed in structuring his plays Discussing a broad spectrum of adaptational constellations and establishing key characteristics of the new adaptational aggregate of serial Shakespeare it seeks to initiate a dialogue between Shakespeare studies adaptation studies and TV studies *The Oxford Companion to Shakespeare*, *forum for inter-american research Vol 5* Wilfried Raussert,2023-07-20 Volume 5 of 6 of the complete premium print version of journal forum for inter american research fiar which is the official electronic journal of the International Association of Inter American Studies IAS fiar was established by the American Studies Program at Bielefeld University in 2008 We foster a dialogic and interdisciplinary approach to the study of the Americas fiar is a peer reviewed online journal Articles in this journal undergo a double blind review process and are published in English French Portuguese and Spanish *Romance on the Early Modern Stage* Cyrus Mulready,2013-08-22 What is dramatic romance Scholars have long turned to Shakespeare's biography to answer this question marking his late plays as the beginning and end of the dramatic romance This book identifies an earlier history for this genre revealing how stage romances imaginatively expanded audience interest in England's emerging global economy **Teaching the Transatlantic Eighteenth Century** Jennifer Frangos,Cristobal Silva,2020-05-15 The central axiom of Teaching the Transatlantic Eighteenth Century is that the classroom functions as a site for research and collaboration not only as a space that reflects the research of individual teacher scholars but as a generative site to put ideas theories and methodologies into play Whereas transatlanticism has transformed research practices over the last decade the present collection is concerned with exploring what this transformation looks like in the classroom and how the classroom continues to shape research practices in the field Contributors address issues such as how the traffic in ideas people and commodities between Europe Africa and the New World are considered in classroom settings how inter and intra departmental collaborations reshape our approaches to teaching the eighteenth century how and why Transatlantic Studies can function as an introduction to college study and how it can help more advanced students to revise their notions of nation place and identity By now there are a number of anthologies available to help instructors determine what transatlantic material to teach but none that engage why and how to teach it or what teaching it can do for us our students and our profession Rather than simply providing reading lists or a collection of anecdotes about lesson plans Teaching the Transatlantic Eighteenth Century emphasizes theorizing critical

engagements with interdisciplinary focus on and the transformative potential of Transatlantic Studies The primary market for Teaching the Transatlantic Eighteenth Century is university college and community college professors researchers and students with three specific subgroups 1 Teachers new to Transatlantic Studies Teachers coming to Transatlantic Studies for the first time will find both suggestions for materials or topical units to be integrated into existing courses e g a unit on transatlantic exchange that could figure in an eighteenth century literature survey course and ideas for developing new courses altogether 2 Teachers already teaching and or researching in the field of Transatlantic Studies Such scholars will find material to broaden their approach to familiar courses and subjects inter or cross disciplinary focus new texts successful clusterings of texts or themes or approaches and ideas for team teaching or linking courses with other faculty 3 Teachers involved in Transatlantic Studies programs especially those that focus on contemporary Post WWII context e g at the University of Dundee the University of North Carolina Chapel Hill and the University of Birmingham Teaching the Transatlantic Eighteenth Century will provide historical context for current geopolitical studies perspective on the dynamics and historical and political forces occurring in the eighteenth century and contributing to 19th 20th and 21st century politics nations and paradigms **Shakespeare and Donne** Judith H. Anderson, Jennifer C. Vaught, 2013-03 For more than fifty years the proximity of Donne's work to Shakespeare's including the range of their writings has received scant attention Centering on cross fertilization between the writings of Shakespeare and Donne the essays in this volume examine relationships that are broadly cultural theoretical and imaginative **The Cambridge Companion to Travel Writing** Peter Hulme, Tim Youngs, 2002-11-21 Table of contents [At the Bottom of Shakespeare's Ocean](#) Steve Mentz, 2009-12-10 Fascinating study revealing Shakespeare's career long engagement with the sea and his frequent use of maritime imagery **The Dinner at Gonfarone's** Peter Hulme, 2019-05-20 The Dinner at Gonfarone's covers five years in the life of the Nicaraguan poet Salom n de la Selva but it also offers a picture of Hispanic New York in the years around the First World War De la Selva is the forerunner of Latino writers like Junot D az and Julia lvarez **Shakespeare and Renaissance Ethics** Patrick Gray, John D. Cox, 2014-07-24 Shakespeare and Renaissance Ethics examines representations of moral choice in Shakespeare's plays focusing on intellectual history Montaigne and Christian ethics **Staging Early Modern Romance** Mary Ellen Lamb, Valerie Wayne, 2009-01-13 This collection recovers the continuities between two modes of romance that have long been separated from one another in critical discourse the prose fictions that early moderns often referred to as romances and Shakespeare's late plays which have often been termed romances since Dowden
