Comedy In three parts and one hundred chapters that mirror Dante's classic poem *Nicoletto* takes the reader through present day American towns and cities, infernal, purgatorial and paradisaical aspects with nothing left off the table. In the third and final volume, structurally modeled on Dante's *Paradiso*, the national themes of interior and exterior decline reach a head before anything like peace is found for anyone. For that matter, the text takes on an Augustinian turn: the City of Man vs the City of God, with William Fellows coming to the end of the line of temporal pleasures and escapes and even disillusionment with San Francisco or the furthest end of western civilization. It is here that the character Octavia begins to take on the role of Beatrice, guiding William to safe passage but not before hallucinatory episodes in both the city and the town of San Francisco and Jerusalem.

[Saving Italy](#) Robert M. Edsel, 2013-05-06 From the author of the #1 New York Times bestseller *The Monuments Men*: An astonishing account of a little known American effort to save Italy's art during World War II. Tom Brokaw: When Hitler's armies occupied Italy in 1943, they also seized control of mankind's greatest cultural treasures. As they had done throughout Europe, the Nazis could now plunder the masterpieces of the Renaissance, the treasures of the Vatican and the antiquities of the Roman Empire. On the eve of the Allied invasion, General Dwight Eisenhower empowered a new kind of soldier to protect these historic riches. In May 1944, two unlikely American heroes, artist Deane Keller and scholar Fred Hartt, embarked from Naples on the treasure hunt of a lifetime, tracking billions of dollars of missing art, including works by Michelangelo, Donatello, Titian, Caravaggio, and Botticelli. With the German army retreating up the Italian peninsula, orders came from the highest levels of the Nazi government to transport truckloads of art north across the border into the Reich. Standing in the way was General Karl Wolff, a top level Nazi officer. As German forces blew up the magnificent bridges of Florence, General Wolff commandeered the great collections of the Uffizi Gallery and Pitti Palace, later risking his life to negotiate a secret Nazi surrender with American spy master Allen Dulles. Brilliantly researched and vividly written, the New York Times bestselling *Saving Italy* brings readers from Milan and the near destruction of *The Last Supper* to the inner sanctum of the Vatican and behind closed doors with the preeminent Allied and Axis leaders: Roosevelt, Eisenhower, and Churchill; Hitler, Goering, and Himmler. An unforgettable story of epic thievery and political intrigue, *Saving Italy* is a testament to heroism on behalf of art, culture, and history.
