anyone who wants to seriously study the Bible deeply faithfully and effectively **God, Relationships, and Evil** Loren Meierding, 2000-11-02 As an undergraduate the author was influenced strongly by Bertrand Russell's rejection of Christianity due to the amount of evil in the world After years of reading and reflecting on this topic this book was written in the hope of providing better insight on this issue The book's first part offers an analysis of the two primary historical approaches to theodicy the free will theodicy originated by Augustine and the soul making or character development theodicy elaborated by John Hick But the great value of human free will and character development does not seem adequately to justify all the evil we perceive The second part shows why development of relationships among God and human beings requires considerable evil Important non relationship oriented explanations are taken into account Justifications for permitting horrific evils including holocausts and world wars are given The final part provides an analysis of the argument from evil including forms of the argument which have appeared in recent years in philosophical journals Although evidence restricted to some evils or evil alone may have some weight when good is included as well as evil theists are justified in claiming the evidence supports their position far better than atheism Ten Stupid Things Couples Do to Mess Up Their Relationships Dr. Laura Schlessinger, Laura Schlessinger, 2001-12-24 Have you ever withheld information from your spouse or partner for fear of rejection Do you feel that your own needs come before your relationship Do you continue to cling to past relationships even at the expense of your current one Do you put your work first even if it means you never see your family Are you in a destructive relationship If you answered yes to any of these questions then Dr Laura has some hard truths for you to face Dr Laura Schlessinger is an expert on the stupid things men and women do to sabotage themselves and their happiness In her earlier bestsellers *Ten Stupid Things Women Do to Mess Up Their Lives* and *Ten Stupid Things Men Do to Mess Up Their Lives* she urged her readers to take responsibility for their actions and to respect themselves and the people in their lives Now the popular radio talk show host tackles another difficult complicated issue the ways in which women and men hurt themselves and one another in their romantic relationships Using real life situations from her radio call in show and from listeners letters Dr Laura offers firm yet compassionate advice on how to find greater happiness in life and in love She urges couples to set their priorities straight learn the difference between privacy and secrecy stop making stupid excuses for their mistakes and face their responsibilities to each other and to their families Too often individuals in relationships ask only what the relationship can do for them not what they can do for the relationship Too many people are jumping into intimate relationships before taking the time to get to know each other In *Ten Stupid Things Couples Do to Mess Up Their Relationships* Dr Laura calls for a return to traditional courtship Courtship allows couples and their families to get acquainted with one another over a longer period of time and provides structure and guidelines for that important process She asks couples to take a long hard look at the recurring problems in their marriages both small and large and doesn't hesitate to tell them what they are doing wrong and how they can fix them This is an invaluable guide for all married couples
