Jacques Maritain and the Many Ways of Knowing Douglas A. Ollivant, 2002 Drawing on the writings of Jacques Maritain and by extension those of Thomas Aquinas the essays in this volume examine the effects of theories of knowledge on individuals culture and entire schools of philosophical thought The contributors challenge contemporary epistemologies which are largely based on writings of Descartes Locke and Kant They critique these theories internally and demonstrate their incompatibility with other goods such as liberty human dignity and access to the transcendent In stark contrast to modernity's dubious and fragmented opinions and belief systems Maritain in works like The Degrees of Knowledge and Creative Intuition in Art and Poetry proposed a theory of knowledge that permits real if limited knowledge of substances wholes Some contributors use these works as a springboard from which to examine aspects or applications of knowledge that Maritain left unexplored Others challenge or question aspects of Maritain's analysis seeking to improve upon his work Still others compare Maritain with other neo Thomistic philosophers most notably Etienne Gilson Alasdair MacIntyre and Pope John Paul II Maritain's works on human knowledge and the implicit critique of modernity contained within provide an alternative for those seeking to engage the various deficiencies of the culture of death These essays demonstrate the continuing relevance and timeliness of Maritain's thought Douglas A Ollivant is assistant professor of politics at the United States Military Academy Contributors George Anastaplo James Arraj Joseph M de Torre Robert Delfino Raymond Dennehy John M Dunaway Robert Fallon Desmond Fitzgerald William J Fossati W Matthews Grant Catherine Green James G Hanink Gregory J Kerr John F X Knasas John F Morris Ralph Nelson Douglas A Ollivant Matthew S Pugh Steven J Schloeder Christopher H Toner John G Trapani Jr Henk E S Woldring and Thomas F Woods This is a valuable collection of articles on an important individual who is still influencing contemporary political thought Lucien J Richard OMI Catholic Library World

The book introduces social economic concepts and challenges the reader to look beyond the confines of mainstream economic thinking to find a solution to these critical issues

Education for Tomorrow Michael Risku, Letitia Harding, 2013-02-11 Education for Tomorrow A Biocentric Student Focused Approach to Education Reform Michael Risku University of the Incarnate Word USA and Letitia Harding University of the Incarnate Word USA There are many books on the market which discuss indigenous ways of knowing and bemoan western society's seeming lack of interest in anything other than scientific fact based knowledge Equally plentiful are the writings of critical theorists who consider today's public education system to be divisive and manipulated by those in power to ensure that their children have the educational advantages needed to maintain the elite hierarchical status quo Education for Tomorrow is unique in that it brings both of these approaches together first by examining the ways that indigenous people and women of all cultures acquire and pass on knowledge and the deleterious effects that enforced Eurocentric systems have had on that process The authors then turn to public schools to explore the influences both good and bad that today's programs have on the distribution of opportunities afforded to all children in the United States Finally they offer suggestions for a revolutionary education system which highlights the need for all students to have the encouragement and freedom to look critically and rationally at their lives and at their relationship with the natural world This can be achieved by looking back to the pedagogical methods of our indigenous ancestors and forward to a time when all children regardless of ethnic or socio economic heritage are taught in such a way that every aspect of their lives is addressed nurtured valued and enhanced

Decisions George A. Goens, 2022-10-28 Decisions can have routine or serious consequences At times even small and seemingly inconsequential choices have major outcomes events unexpected reactions of others or unanticipated results happen All decisions have consequences not deciding is also a decision Leadership requires decision making that moves beyond personal issues to determining the operation and results of organizations and the lives of others

Putting God on Trial Robert Sutherland, 2004 Many scholars find the legal metaphor of an Oath of Innocence inappropriate though for different reasons Some liberal scholars opt for an aesthetic not a moral resolution of the question of evil in the world They find a sublime beauty in God's review of the animal and physical worlds Behemoth and Leviathan But that is all they find They find no suggestions of moral purpose in God's creation and control of evil Indeed they feel none could be forthcoming God is beyond good and evil so no moral resolution is possible Since no moral resolution is possible a legal metaphor such as a lawsuit dramatizing the moral question is inappropriate They interpret Job to understand that position And they interpret him to retract the lawsuit in its entirety This author feels such liberal scholars miss a moral resolution for five reasons a First they fail to give adequate weight to Satan's first speech in heaven setting out the moral solution b Second they misinterpret Job's struggle with God to be a request for a restoration of his former position rather than a request to know the reason behind evil in the world c Third they fail to appreciate the moral restrictions under which God has to operate God cannot reveal any

moral answers directly without defeating his very purpose in the creation and control of evil As a result they miss the suggestions of moral purpose in God s two speeches and the inferences God would have Job draw d Fourth they fail to fully appreciate the legal dynamics of the enforcement mechanism of Job s Oath of Innocence In particular they fail to appreciate the distinction between causal responsibility and moral blameworthiness Thus they do not understand God s comments concerning vindication and condemnation in his first speech to Job And they do not understand Job s hesitation to proceed beyond his own vindication to a condemnation of God in Job s first speech to God Ultimately they fail to see Job s adjournment and continuation of his Oath of Innocence implied by the allusion to the story of Abraham and Sodom and Gomorrah in Job s final speech e Finally they fail to give full expression to God s ultimate judgement on Job Job and only Job spoke rightly about God In the face of such a judgement there is no room to deny the ultimate propriety of the moral and legal question as a way of framing man s encounter with God Some conservative scholars opt for a moral resolution of the question of evil in the world but their resolution is equally unsatisfying They interpret Job s so called excessive words and his Oath of Innocence to be sins of presumption Thus they would have Job retract his lawsuit in its entirety and repent morally for either his so called excessive words his raising of the lawsuit or both This author feels such conservative scholars miss a satisfactory moral resolution for three reasons a First they fail to understand the depth of Satan s challenge to God It is not merely that Job will curse God It is that God is wrong in his judgement on Job s goodness God missed sin in Job s life Such scholars think their moral resolution is possible because although Job sins Job does not actually curse God Their resolution actually makes Satan right in his challenge of God so that God should step down from his throne and destroy mankind b Second they fail to give proper weight to Job s blamelessness and integrity The raising of the Oath of Innocence is an expression of that blamelessness and integrity It is what God expects of Job though he cannot tell him that directly c Finally they fail to give full expression of God s ultimate judgement on Job Job and only Job spoke rightly about God In the face of such a judgement there is no room to attribute sin or wrongdoing to Job for either his so called excessive words or for his Oath of Innocence My personal interpretation charts a new middle course between these two fold horrors

B. Alston,2005-12 A man shows up at the gate of heaven before his time While waiting to return to his earthly body he listens in on the conversations of others believing they should get into heaven and he learns things that change his life A Philosophy of the Human Being Julian A. Davies,2009-02-26 This book is an accessible text that explores what it means to be human It is designed for an introductory course in

Philosophy of the Human Being and contains an abundance of current examples with embedded quotations from philosophers and selections from contemporary writers following the chapters The author provides an introduction to philosophy then discusses the topics of human sociability intelligence freedom duality individuality and immortality He concludes by highlighting the contrast between realism and materialism This systematic approach focuses on issues with a minimum of metaphysical superstructure and jargon and provides connections between the readings

The Life and Work of Teachers Christopher Day, Alicia Fernandez, Trond E. Hauge, Jorunn Muller, 2005-06-23 Contributors from around the world tackle the factors that have the greatest impact on creating quality learning opportunities for students namely policy school leadership and teaching teachers lives Drawing on a range of critical conceptual and empirical perspectives the contributions illustrate the extent to which experience can be similar around the world The book sheds much needed light on the effects of mandated change upon school leaders and teachers both nationally and internationally It also demonstrates how teachers have coped or flourished both because and in spite of the changing circumstances they work under

The Nexus Jon H. Widener M.D., 2017-06-28 The Nexus so named because of the operational intersection or Nexus of faith and culture is an alphabetized manual of cultural artifacts of significance to Christians In The Nexus Jon Widener observes how Christianity has lost many battles over the years and how the evangelical community has been fraught with endemic anti intellectualism He sees an evangelical insularity taking the form of retreat and retrenchment from the comings and goings of the larger society Dr Widener proposes that modern Christian believers correct these deficits by exercising the exhortation of I Pet 3 15 KJV to always be prepared to give an answer to every man that asketh you a reason of the hope that is in you Believers should educate themselves on culturally relevant issues where there are questions of Christian morality This is the burden and purpose of the book Accordingly the standard for inclusion is straight forward If the topic is culturally encountered and has moral implications then it meets the threshold standard for inclusion in the work

Second Thoughts About the Second Coming Joe Reeves, 2011-10-21 In the book Second Thoughts About The Second Coming teacher author and systems engineer Joe Reeves deals with many aspects of the idea of Jesus second coming that are seldom considered by modern Christians but he does so from the standpoint of asking several critical questions The basic questions he asks and answers in this book are can a book of scripture at some later date come to mean what it never meant Can a scriptural text at a later date come to mean what the author obviously did not intend it to mean to those of his original envisioned recipients to whom he wrote and a meaning that the first recipients simply would not have understood Then based on those answers he asks and answers several questions about Jesus resurrection His resurrected nature and His ascension Then based on the biblical answers to those questions asks and answers the question about whether or not Jesus and the biblical writers predicted a second coming Using those questions and the question of specifically what would those first century Christians have understood about what modern interpreters call Jesus second coming as the basis for study Joe uses his training and

experience in systems thinking Bible history cultural anthropology and logic and philosophical realism to formulate a system of thinking that challenges many of the modern assumptions upon which the four most common doctrines about Jesus second coming are based For the person who wishes to learn more about how the first Christians would have used and understood the writings they received about Jesus and His life after His resurrection this book is a must read **Ready With An Answer** John Ankerberg, John Weldon, 2011-08-31 Know What You Believe Why You Believe It the resurrection why lawyers the reliability of the Bible how it is proven by the science of archaeology the miracle of origins why both creation reincarnation why biblical prophecy proves who the true God is atheists why the biblical evidence strongly argues for an inerrant Bible Find answers to the toughest questions from creation to salvation discover the uniqueness of Christianity man's universal need for the one true God The Great Ideas of Religion and Freedom, 2021-08-30 This volume tests a hypothesis philosophy and science are identical forms of behavioristic organizational psychology a psychological habit of wondering about causes of organizational existence formation and behaviour Focusing attention on two universal and culturally influential great ideas freedom and religion this volume's array of international scholars demonstrate that leading ancient and medieval philosophers did philosophy in this way Also well known philosophers scientists like Mortimer J Adler and John N Deely practiced philosophy this way Doing so is precisely what made these philosophers uniquely capable of generating great ideas as motivational principles that dramatically alter cultures In a nutshell this work offers significant support for its historically and philosophically ground breaking thesis **Rubber Legs and White Tail-Hairs** Patrick F.
